EXPLANATION

This request is submitted as a **sole source** amendment because it was determined to be a more cost effective way to secure the necessary office space than relocation to a temporary location, prior to completion of the ongoing lease RFP process. The Department of Education has solicited a competitive Request for Proposal process which closed on April 14, 2017. The additional twelve months will provide the time needed to finalized the RFP process and submit any subsequent proposed replacement lease to all required parties for final authorization.

The Department of Education, Bureau of Vocational Rehabilitation is seeking approval to enter into a second amendment of up to twelve (12) months, with the right of early termination upon serving ninety (90) days prior written notice to the Landlord commencing May 1, 2018 and ending no later than April 30, 2019, providing continued rental of the current Nashua Vocational Rehabilitation office space, consisting of approximately 3,000 square feet, located at 5 Pine Street Ext, 1st Floor, Nashua, NH. Extending the lease term will allow the Department to continue lawful payment of rent while continuing occupancy.

The Bureau of Vocational Rehabilitation has occupied this Nashua Vocational Rehabilitation Office location at 5 Pine Street Extension since 2012, it currently houses ten counselors and support staff.

His Excellency, Governor Christopher T. Sununu
and the Honorable Council
March 27, 2018

The amendment extends the current monthly rent of \$4,750.00 which is approximately \$19.00 per square foot for up to twelve (12) months, and also provides the Tenant with an option for early termination. Provision of all site and building maintenance is included in the annual rent. A copy of the original lease and the first holdover amendment are attached.

Approval of this lease amendment will allow the Department of Education to continue to provide services to the public in the Nashua area while finalizing the RFP process.

In the event that the Federal Funds become no longer available, General Funds will not be requested to support this agreement.

Respectfully submitted,

Frank Edelblut

EXPLANATION

This request is submitted as a sole source amendment because it was determined to be a more cost effective way to secure the necessary office space than relocation to a temporary location, prior to completion of the ongoing lease RFP process. The Department of Education has solicited a competitive Request for Proposal process which closes on April 14, 2017. The additional twelve months will provide the time needed to complete an expanded search for leased property, which may yield multiple office space options, which will be the basis for any future proposed long term lease for this catchment area.

The Department of Education, Bureau of Vocational Rehabilitation is seeking approval to enter into an amendment of up to twelve (12) months, commencing May 1, 2017 and ending no later than April 30, 2018, providing continued rental of the current Nashua Vocational Rehabilitation office space, consisting of approximately 3,000 square feet, located at 5 Pine Street Ext, 1st Floor, Nashua, NH. Extending the lease term will allow the Department to continue lawful payment of rent while continuing occupancy.

The Bureau of Vocational Rehabilitation has occupied this Nashua Vocational Rehabilitation Office location at 5 Pine Street Extension since 2012, it currently houses ten counselors and support staff.

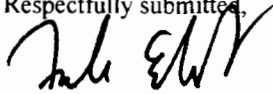

His Excellency, Governor Christopher T. Sununu
and the Honorable Council
March 23, 2017

The amendment extends the current monthly rent of \$4,750.00 which is approximately \$19.00 per square foot for up to twelve (12) months, and also provides the Tenant with an option for early termination. Provision of all site and building maintenance is included in the annual rent. A copy of the original lease is attached.

Approval of this lease amendment will allow the Department of Education to continue to provide services to the public in the Nashua area while finalizing the RFP process and submitting any subsequent proposed replacement lease to all required parties for final authorization.

In the event that the Federal Funds become no longer available, General Funds will not be requested to support this agreement.

Respectfully submitted,

Upon such termination the Landlord may immediately or any time thereafter, without demand or notice, enter into or upon the Premises (or any part thereon) and repossess the same.

If any such default of the Landlord does not materially impair the habitability and use of the Premises by the Tenant, the Landlord shall cure such default within thirty (30) days of written notice or within a reasonable alternative amount of time agreed upon in writing by Tenant, failing which, Tenant may terminate this Lease upon ten (10) days written notice to Landlord.

This recommendation is based upon the site-survey completed by Administrative Services and on the assurances of that agency's ADA Coordinator. The AB Committee staff cannot survey all state leased properties. However, as a safeguard for the state against ADA litigation, and to assure access for the state's people with disabilities, random surveys are performed.

Should future inspection by Administrative Services or the Architectural Barrier-Free Design Committee prove that areas of non-compliance exists, the agency should withhold rent until the landlord brings it into compliance, or should negotiate to remedy the non-complying areas.

Respectfully submitted and approved by the Architectural Barrier-Free Design Committee,

DAVID GLEASON
