REQUESTED ACTION

Authorize the Department of Environmental Services to award an Asset Management grant to the Town of Belmont, (Vendor Code #177361), Belmont, NH in the amount of \$15,000 to improve public water system management, effective upon Governor and Council approval through May 31, 2015. 100% Federal Funds.

Dept Environmental Services, DWSRF Loan Management, Grants Non-Federal	

EXPLANATION

The Department of Environmental Services issued a request for proposals for 2013/2014 Asset Management and Financial Planning Grants. These grants are funded by set-asides under the Drinking Water State Revolving Loan Fund. They can be used to develop and implement asset management plans for public water systems. Twenty one proposals were received, then evaluated and ranked based on criteria included in the request for proposals, such as whether the project completes a condition assessment on all assets, that a financial plan is developed and addresses investment priorities, and that the plan is communicated to customers and decision-makers. Based on the available federal funding, the Department determined that it could offer grants to thirteen of the twenty one applicants. See attachment A for the project rankings and list of reviewers.

The Town of Belmont will use the grant funds for asset management planning for the Town's drinking water system.

In the event that federal funds no longer become available, general funds will not be requested to support this program. This agreement has been approved by the Attorney General's Office as to form, substance and execution.

We respectfully request your approval.

Thomas S. Burack  
Commissioner
