EXPLANATION

The Department requests authorization to accept and expend the grant of \$50,000.00 from the New Hampshire Department of Safety, Office of Highway Safety for the purpose of providing signage as a fixed reminder of the statutory requirements for all motorists to engage in driving without hand held electronic devices. The New Hampshire Department of Transportation (NHDOT) proposes installing 28 fixed post signs, mainly on limited access highways and major conventional roadways at entryways to the state. The roadways included will likely be I-93, I-95, the Everett Turnpike, I-89 and NH Route 9. The sign design/layout is used in a number of states. It is important to utilize a standard message so that the motoring public will associate this message with a specific course of action.

The Department therefore requests authority to accept and expend the above grant funds in the amount of \$50,000.00, in order to purchase the needed sign materials.

Your approval of this resolution is respectfully requested.

Sincerely,

Victoria F. Sheehan
Commissioner

- No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.
- If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.
- The undersigned shall require that the language of this certification be included in the award documents for all sub-award at all tiers (including subcontracts, sub grants, and contracts under grant, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

RESTRICTION ON STATE LOBBYING
(Applies to subrecipients as well as States)

None of the funds under this program will be used for any activity specifically designed to urge or influence a State or local legislator to favor or oppose the adoption of any specific legislative proposal pending before any State or local legislative body. Such activities include both direct and indirect (e.g., "grassroots") lobbying activities, with one exception. This does not preclude a State official whose salary is supported with NHTSA funds from engaging in direct communications with State or local legislative officials, in accordance with customary State practice, even if such communications urge legislative officials to favor or oppose the adoption of a specific pending legislative proposal.

CERTIFICATION REGARDING DEBARMENT AND SUSPENSION
(Applies to subrecipients as well as States)

Instructions for Primary Tier Participant Certification (States)

1. By signing and submitting this proposal, the prospective primary participant is providing the certification set out below and agrees to comply with the requirements of 2CFR parts 180 and 1200.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. The prospective participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when the department or agency determined to enter into this transaction. If it is later determined that the prospective primary tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default or may pursue suspension or debarment.
4. The prospective primary tier participant shall provide immediate written notice to the department or agency to which this proposal is submitted if at any time the prospective primary tier participant learns its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
5. The terms *covered transaction*, *civil judgement*, *debarment*, *suspension*, *ineligible*, *participant*, *person*, *principal*, and *voluntarily excluded*, as used in this clause, are defined in 2 CFR parts 180 and 1200. 10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, the department or agency may terminate the transaction for cause or default.

BUY AMERICA ACT (Applies to subrecipients as well as States)

The State and each subrecipient will comply with the Buy America requirement (23 U.S.C. 313) when purchasing items using Federal funds. Buy America requires a State, or subrecipient, to purchase with Federal funds only steel, iron and manufactured products produced in the United States, unless the Secretary of Transportation determines that such domestically produced items would be inconsistent with the public interest, that such materials are not reasonably available and of a satisfactory quality, or that inclusion of domestic materials will increase the cost of the overall project contract by more than 25 percent. In order to use Federal funds to purchase foreign produced items, the State must submit a waiver request that provides an adequate basis and justification for approval by the Secretary of Transportation.

PROHIBITION ON USING GRANT FUNDS TO CHECK FOR HELMET USAGE

(Applies to subrecipients as well as States)

The State and each subrecipient will not use 23 U.S.C. Chapter 4 grant funds for programs to check helmet usage or to create checkpoints that specifically target motorcyclists.

POLICY ON SEAT BELT USE

In accordance with the Executive Order 13043, Increasing Seat Belt Use in the United States, dated April 16, 1997, the Grantee is encouraged to adopt and enforce on-the-job seat belt use policies and programs for its employees when operating company-owned, rented, or personally-owned vehicles. The National Highway Traffic Safety Administration (NHTSA) is responsible for providing leadership and guidance in support of this Presidential initiative. For information and resources on traffic safety programs and policies for employees, please contact the Network of Employers for Traffic Safety (NETS), a public-private partnership dedicated to improving the traffic safety practices of employers, and other traffic safety initiatives at www.trafficsafety.org. The NHTSA website (www.nhtsa.gov) also provides information on statistics, campaigns, and program evaluations and references.

POLICY ON BANNING TEXT MESSAGING WHILE DRIVING

In accordance with Executive Order 13513, Federal Leadership On Reducing Text Messaging While Driving, and DOT Order 3902.10, Text Messaging While Driving, States are encouraged to adopt and enforce workplace safety policies to decrease crashes caused by distracted driving, including policies to ban text messaging while driving company-owned or rented vehicles, Government-owned, leased or rented vehicles, or privately-owned vehicles when on official Government business or when performing any work on behalf of the Government. States are also encouraged to conduct workplace safety initiatives in a manner commensurate with the size of the business, such as establishment of new rules and programs or re-evaluation of existing programs to prohibit text messaging while driving, and education, awareness, and other outreach to employees about the safety risks associated with texting while driving.

CASH MANAGEMENT

Cash draw-downs will be initiated only when actually needed for disbursement (i.e., as close as possible to the time of making disbursements). Cash disbursements and balances will be reported in a timely manner as required by NHTSA. 2 CFR Part 200.305.

For subrecipients, recipients must establish reasonable procedures to ensure the receipt of reports on subrecipients' cash balances and cash disbursements in sufficient time to enable them to prepare complete and accurate cash transactions reports to the awarding agency. Recipients must monitor cash draw-downs by their subrecipients to assure that they conform substantially to the same standards of timing and amount as apply to advances to the recipients. 2 CFR 200.305. Failure to adhere to these provisions may result in the termination of draw-down privileges.

OFFICE OF MANAGEMENT AND BUDGET GRANT CONDITIONS

The following documents issued by the Office of Management and Budget (OMB) apply to all Federal grants regardless of the Federal Department making them available:

- **Audit Requirement of Federal Funds:** 2 CFR part 200, subpart F (formerly known as OMB Circular A-133) – These requirements apply to each non-profit organization, each institution of higher education, and local governments as a whole when they or one of their departments receives federal funds. Any non-profit organization, institution of higher education, or local government spending more than \$750,000 in federal funds *from all sources* within a 12-month period must have an audit performed on the use of the funds. OGR defines the 12-month period as July 1 to June 30. The following link provides the full text of this basic federal grant requirement: <https://www.nhtsa.gov/highway-safety-grants-program/resources-guide>.

- **Cost Principles for Federal Grants to State and Local Governments**
 - 2 CFR 200 subpart E – These requirements apply only to state and local government subrecipients. These regulations list and define general categories of costs that are both allowable and unallowable. Examples include the following:
 - The cost of alcoholic beverages is unallowable.
 - Costs incurred by advisory councils are allowable.
 - Audit costs are allowable.
 - Compensation costs are allowable so long as they are consistent with that paid for similar work in other activities of the local government.
 - Entertainment costs are unallowable.
 - Equipment costs are allowable with the prior approval of the HSO. Equipment having a useful life of more than one year or a current per-unit fair market value of \$5,000 or more must be tracked. When replacing equipment purchased with federal funds, the equipment to be replaced may be used as a trade-in or can be sold with the proceeds used to offset the cost of the replacement equipment. In addition, during the period of the contract with HSO, insurance on the equipment is allowable.
 - Travel costs are allowable if pre-approved by the HSO and so long as they are consistent with those normally allowed in like circumstances for non-federally funded activities.

- **Cost Principles for Federal Grants to Non-Profit Organizations and Institutions of Higher Education** - These requirements apply to only the non-profit and higher education sub recipients. These document list and define general categories of costs that are allowable and unallowable. The links below provide the full text of these two basic federal grant requirements.
 - 2 CFR 200 subpart E

CONTRACT PROVISIONS FOR NON-FEDERAL ENTITY CONTRACTS UNDER FEDERAL AWARDS

In addition to other provisions required by the Federal agency or non-Federal entity, all contracts made by the non-Federal entity under the Federal award must contain provisions covering the following, as applicable.

(A) Contracts for more than the simplified acquisition threshold currently set at \$150,000, which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) as authorized by 41 U.S.C. 1908, must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as appropriate.

(B) All contracts in excess of \$10,000 must address termination for cause and for convenience by the non-Federal entity including the manner by which it will be effected and the basis for settlement.

(C) Equal Employment Opportunity. Except as otherwise provided under 41 CFR Part 60, all contracts that meet the definition of "federally assisted construction contract" in 41 CFR Part 60-1.3 must include the equal opportunity clause provided under 41 CFR 60-1.4(b), in accordance with Executive Order 11246, "Equal Employment Opportunity" (30 FR 12319, 12935, 3 CFR Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," and implementing regulations at 41 CFR part 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor."

(D) Davis-Bacon Act, as amended (40 U.S.C. 3141-3148). When required by Federal program legislation, all prime construction contracts in excess of \$2,000 awarded by non-Federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 CFR Part 5, "Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction"). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The non-Federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency. The contracts must also include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States"). The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency.

(E) Contract Work Hours and Safety Standards Act (40 U.S.C. 3701-3708). Where applicable, all contracts awarded by the non-Federal entity in excess of \$100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5). Under 40 U.S.C. 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

(F) Rights to Inventions Made Under a Contract or Agreement. If the Federal award meets the definition of "funding agreement" under 37 CFR §401.2 (a) and the recipient or subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that "funding agreement," the recipient or subrecipient must comply with the requirements of 37 CFR Part 401, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," and any implementing regulations issued by the awarding agency.

(G) Clean Air Act (42 U.S.C. 7401-7671q.) and the Federal Water Pollution Control Act (33 U.S.C. 1251-1387), as amended—Contracts and sub grants of amounts in excess of \$150,000 must contain a provision that requires the non-Federal award to agree to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401-7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251-1387). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA).

(H) Debarment and Suspension (Executive Orders 12549 and 12689)—A contract award (see 2 CFR 180.220) must not be made to parties listed on the government wide exclusions in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 CFR 180 that implement Executive Orders 12549 (3 CFR part 1986 Comp., p. 189) and 12689 (3 CFR part 1989 Comp., p. 235), "Debarment and Suspension." SAM Exclusions contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549.

(I) Byrd Anti-Lobbying Amendment (31 U.S.C. 1352)—Contractors that apply or bid for an award exceeding \$100,000 must file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. 1352. Each tier must also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the non-Federal award.

(J) See §200.322 Procurement of recovered materials.

SPECIAL PROVISION-NH OFFICE OF HIGHWAY SAFETY

- (A) In the event of any conflict or ambiguity between the provisions of the Subrecipient's application and the provisions of the Office of Highway Safety Grant Agreement, including applicable EXHIBITS A and B, the provisions of the Grant Agreement shall govern.
- (B) The New Hampshire Office of Highway Safety (OHS) will review all reports and certifications received to ensure compliance. If findings specific to Highway Safety Programs are detected within an agency's Single Audit, appropriate action shall be taken to ensure that identified sub recipient risks are being timely and appropriately corrected.

I understand that failure to comply with applicable Federal statutes and regulations may subject State officials to civil or criminal penalties and/or place the State in a high risk grantee status in accordance with 2 CFR 200.

I sign these Certifications and Assurances based on personal knowledge, after appropriate inquiry, and I understand that the Government will rely on these representations in awarding grant funds.

In order to provide a fixed reminder of the statutory requirements for all motorists to engage in driving without hand held electronic devices, the Department of Transportation proposes installing 28 fixed post signs mainly on limited access highways and major conventional roadways at entryways to the state. The roadways included will likely be: I-93, I-95, the Everett Turnpike, I-89, and NH Route 9. The sign design/layout is used in a number of states. It is important to utilize a standard message so that the motoring public will associate this message with a specific course of action.

Scope of Work
DOT – Distracted Driving Signs

In July of 2014 New Hampshire RSA 265:79-C was passed prohibiting the, "Use of Mobile Electronic Devices While Driving". A year-long public education program was undertaken by the Department of Safety, the Department of Transportation, and various public and private partners before enforcement efforts began on July 1, 2015. Since that time the NH State Police alone have stopped more than 6,100 drivers for violating this law. Yet with the statewide electronic message boards (EMB's) only able to be scheduled for public service announcements a few days a month public education of the law has lagged. More consistent messaging needs to be undertaken to ensure that the motoring public is fully aware of the law and that they continue to transition to hands free driving.

In an effort to minimize crashes and the resulting injuries and deaths due to Distracted Driving on roads traversing New Hampshire, the New Hampshire Department of Transportation will purchase the components of Distracted Driving safety message signs, posts and hardware, for installation by Department of Transportation (NH DOT) forces or others. In order to provide a fixed reminder of the statutory requirements for all motorists to engage in driving without hand held electronic devices, the Department of Transportation proposes installing 28 fixed post signs mainly on limited access highways and major conventional roadways at entryways to the state. It is important to utilize a standard message so that the motoring public will associate this message with a specific course of action.

Performance Measures

With the installation of these distracted driving signs it is anticipated that there will be a reduction in motor vehicle crashes by 3% in FFY 2021 from FFY 2019 on I-93, I-95, the Everett Turnpike, I-89, and NH Route 9.
