MEMORANDUM FOR RECORD

SUBJECT: Electronic Surveillance and Security (ESS) Sole Source Galaxy Door Access System Installer

1. National Guard Bureau (NGB) has acknowledged that the individual states face a complex, intelligent, adaptable enemy which takes many forms from international terrorist groups to local criminal gang activity. In light of these threats and the need to protect our buildings and soldiers, NGB has implemented a robust ESS program. To help minimize costs to individual states and achieve adequate security in accordance with federal military regulations, NGB has developed a standardized equipment and vendor list.
2. LoCurrent is the only vendor that has been both vetted by NGB as an approved ESS vendor and is in good standing with the State of New Hampshire. Additionally, they have been granted local access to install Galaxy door access systems within NHARNG's security framework. In order to comply with federal regulation and the Master Cooperative Agreement between the United States Property and Fiscal Officer and the Adjutant General for federal reimbursement of state expenditures, LoCurrent must be utilized for this contract.
