EXPLANATION

The IBTTA is a non-profit association created in 1933 to serve the collective and individual needs of toll-supported roads, tunnels and bridges. With headquarters in Washington DC, the IBTTA is a worldwide organization with over 250 member agencies in 26 countries. The IBTTA serves its members through continuing activities and functioning committees in the areas of administration, engineering, design, finance, law, maintenance, operations, public relations, risk management and government. Probably its most important contribution is the resource it provides to all members regarding toll operations and maintenance.

The Department of Transportation, Bureau of Turnpikes has been a member of the organization since 1985 and is represented on several of the committees. All turnpike agencies and affiliated companies throughout the world are represented by membership in the Association. The Turnpike Administrator presently serves on the Board of Directors for IBTTA.

The Department of Transportation has benefited greatly from its membership and our participation will continue to be an invaluable source of information relative to turnpike operations. The IBTTA is also

at the forefront in researching new and innovative methods of toll collection and operation, including electronic toll collection.

Membership dues are based on an agency's most recently completed fiscal year toll revenue and the computation invoice is attached for reference.

Membership in the IBTTA is on a calendar year basis, January 1 through December 31, and fees are invoiced during the month of November. In response to the Governor's Executive Order 2008-11, directing Executive Branch spending reductions, the Department has evaluated all organizational memberships to determine whether each is essential to the core mission of the Department. Membership in the IBTTA is considered essential for the reasons cited above.

Listed below are answers to standard questions required for Governor and Council organization dues and membership approval submissions:

1. How long has this organization been in existence and how long has this agency been a member of this organization?

The IBTTA was created in 1933. The Department has been a member of IBTTA for 28 years, since 1985.

2. Is there any other organization, which provides the same or similar benefits that your agency belongs to?

There are no other organizations that provide these benefits to the Department for the toll industry in New Hampshire.

3. How many other states belong to this organization and is your agency the sole New Hampshire state agency that is a member?

IBTTA is a worldwide organization with over 250 member agencies in 26 countries. Over 50 U.S. state agencies or toll and bridge authorities are members. The Department is the only NH state agency that is a member.

4. How is the dues structure established? (Standard fee for all states, based on population, based on other criteria, etc)

Membership dues are based on an agency's most recently completed fiscal year toll revenue and the computation invoice is attached for reference.

5. What benefit does the state receive from participating in this membership?

The IBTTA serves its members through continuing activities and functioning committees in the areas of administration, engineering, design, finance, law, maintenance, operations, public relations, risk management and government. Probably its most important contribution is the resource it provides to all members regarding toll operations and maintenance.

6. Are training or educational/research materials included in the membership? If so, is the cost included? Explain in detail.

The IBTTA is at the forefront in researching new and innovative methods of toll collection and operation, including electronic toll collection. Materials are available through IBTTA publications, conferences and its website.

7. Is the membership required to receive any federal grants or required in order to receive or participate in licensing or certification exams? Explain.

This membership is not required to receive federal grants, participate in licensing or certification of exams.

8. Is there any travel included with this membership fee? Explain in detail any travel including the number of employees involved, the number of trips, destination of known and purposes of membership-supported trips.

Travel costs are not included in this membership.

9. Which state agency employees are directly involved with this organization? (Indicate if they are members, voting members, committee members, and /or officers of the organization.)

The Administrator of Turnpikes currently serves on the Board of Directors.

10. Explain in detail any negative impact to the state if the Agency did not belong to this organization.

Should the Department no longer be a member with IBTTA, the Department will no longer receive timely information regarding the Toll Industry. Additionally, the recent advancements regarding the successful implementation of Open Road Tolling in Hampton and Hooksett and improvements in the violation enforcement system would not have been possible without involvement in IBTTA.

It is respectfully requested that this resolution be approved.

Sincerely,

Christopher D. Clement, Sr.
Commissioner
