REQUESTED ACTION

Authorize the Department of Health and Human Services, Division for Behavioral Health, to enter into a **Sole Source** contract with Maxim Healthcare Staffing Services Inc., (VC#175787), Manchester, N.H., in the amount of \$2,223,977 for pediatric psychiatric inpatient care strike teams, with the option to renew for up to two (2) additional six (6) month periods, effective January 26, 2022, or upon Governor and Council approval, whichever is later, through July 31, 2022. 100% Federal Funds.

Funds are available in the following accounts for State Fiscal Years 2022 and 2023, with the authority to adjust budget line items within the price limitation and encumbrances between state fiscal years through the Budget Office, if needed and justified.

EXPLANATION

This request is **Sole Source** because there is currently a significant demand for youth inpatient psychiatric beds. During the first two (2) weeks of December 2021, there were sixteen (16) youth on the average daily inpatient psychiatric care waitlist in New Hampshire.

In 2019, 605 individual youth collectively waited 1,036 days for a psychiatric bed in New Hampshire. In 2021, 1,038 individual youth collectively waited 5,014 days for a psychiatric bed in New Hampshire. Consequently, there were 75% more youth waiting for beds in 2021 than in 2019 and the number of days waited was five (5) times greater. Many of these youth are waiting in hospital emergency departments that desperately need the space and staff to address acute physical needs such as heart attacks, severe trauma, and strokes, as well as COVID patients. This Contractor has the unique ability to quickly expand the staffing capacity at Hampstead Hospital in order to increase pediatric psychiatric inpatient care capacity.

The Contractor previously demonstrated the ability to effectively and quickly meet the State's need for strike teams to respond to the increased demand in health care settings throughout the pandemic. Further, the Contractor has also been able to recruit large amounts of Psychiatric Registered Nurses and Mental Health Councilors (both positions are included in this contract) in very short timeframes for New Hampshire Hospital and Glenclyff Home.

The purpose of this request is for the Contractor to hire and provide properly licensed temporary relief staff to form a strike team at Hampstead Hospital, which provides the State's only acute psychiatric inpatient care for children and adolescents. The Contractor has experience in emergency response and establishing strike teams for New Hampshire Hospital and other health organizations within the State.

Up to 250 children and adolescent individuals will be served during State Fiscal Years 2022 and 2023. The exact number will be determined by staffing levels and the acuity of the individuals at the facility.

The Contractor will immediately hire, recruit and deploy staff to Hampstead Hospital to provide pediatric psychiatric care for youth in New Hampshire. Payments to the Contractor will be made on a periodic basis, after staffing is provided, and costs are incurred. Increased staffing capacity will expedite discharges of pediatric patients from other hospitals and emergency departments, and allow the youth in need to be served in the right setting. The resulting open beds at other hospitals will then become available for acute care needs.

The Department will monitor services by:

- Reviewing the total hours worked by the temporary staff.
- Monitoring the number of temporary staff placed each month.
- Analyzing the turnover rate of the temporary staff.

As referenced in Exhibit A of the attached agreement, the parties have the option to extend the agreement for up two (2) additional six (6) month periods, contingent upon satisfactory delivery of services, available funding, agreement of the parties and Governor and Council approval.

Should the Governor and Council not authorize this request the State of New Hampshire will continue to struggle to meet the demands for acute psychiatric services for children. Hospitals that are unable to discharge patients to an appropriate facility may not have sufficient human and physical resources to care for pediatric psychiatric patients as well as patients with acute medical needs.

Area served: Statewide

Source of Funds: 100% Federal Funds, Assistance Listing Number #TBD, FAIN #TBD

In the event that the Federal Funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

Lori A. Shibinette
Commissioner

AND OTHER RESPONSIBILITY MATTERS**

The Contractor identified in Section 1.3 of the General Provisions agrees to comply with the provisions of Executive Office of the President, Executive Order 12549 and 45 CFR Part 76 regarding Debarment, Suspension, and Other Responsibility Matters, and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

INSTRUCTIONS FOR CERTIFICATION

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
5. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549: 45 CFR Part 76. See the attached definitions.
6. The prospective primary participant agrees by submitting this proposal (contract) that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by DHHS.
7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).
9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and

New Hampshire Department of Health and Human Services

information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

- 10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, DHHS may terminate this transaction for cause or default.

PRIMARY COVERED TRANSACTIONS

- 11. The prospective primary participant certifies to the best of its knowledge and belief, that it and its principals:
 - 11.1. are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any Federal department or agency;
 - 11.2. have not within a three-year period preceding this proposal (contract) been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) transaction or a contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;
 - 11.3. are not presently indicted for otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in paragraph (I)(b) of this certification; and
 - 11.4. have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State or local) terminated for cause or default.
- 12. Where the prospective primary participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal (contract).

LOWER TIER COVERED TRANSACTIONS

- 13. By signing and submitting this lower tier proposal (contract), the prospective lower tier participant, as defined in 45 CFR Part 76, certifies to the best of its knowledge and belief that it and its principals:
