Requested Action

Pursuant to RSA 21-P:43, the Department of Safety, Division of Homeland Security and Emergency Management requests authorization to enter into a grant agreement with the City of Manchester (VC#177433-B004) for the purchase of special needs cots and linen sets for emergency sheltering purposes for a total amount of \$29,475.00. Effective upon Governor and Council approval through September 30, 2015. Funding source: 100% Federal Funds.

Funding is available in the SFY 2015 operating budget as follows:

02-23-23-236010-80920000	Dept. of Safety	Homeland Sec-Emer Mgmt	100% EMPG Local Match
072-500574	Grants to Local Gov't - Federal		
Activity Code: 23EM138092			\$29,475.00

Explanation

The purpose of this project is to assist the City of Manchester in meeting the needs of the community during an emergency which would require opening their shelters. During the past few years, the city has been performing site assessments on their designated shelters focusing on equipment needs. The cots and linens sets are needed to facilitate sheltering evacuees. It would also assist residents from the seacoast region should there be an incident at Seabrook Station Nuclear Power Plant that would require an evacuation as the City of Manchester is a designated Host Community for the facility. The grant listed above is funded from the FFY 2013 Emergency Management Performance Grant (EMPG), which was awarded to the Department of Safety, Division of Homeland Security and Emergency Management (HSEM) from the Federal Emergency Management Agency (FEMA). The grant funds are to be used to measurably improve all-hazard planning and preparedness capabilities/activities, to include mitigation, preparedness, response, and recovery initiatives at the state and local level. Grant guidance and applications are available to all Emergency Management Directors and other qualified organizations in the State. Grantees submit applications to this office, which are reviewed by the HSEM Planning Chief, Assistant Planning Chief and Field Representatives and approved by the HSEM Director. The criteria for approval are based on grant eligibility in accordance with the grant's current guidance and the documented needs of the local jurisdictions.

The Emergency Management Performance Grants are 50% federally funded by FEMA with a 50% match requirement supplied by the grantee. The grantee acknowledges their match obligation as part of Exhibit B to their grant agreement.

In the event that Federal Funds are no longer available, General Funds and/or Highway Funds will not be requested to support this program.

Respectfully submitted,

John J. Barthelmes
John J. Barthelmes
Commissioner of Safety
