Due to the time required to fully execute and accept funding at the county and municipal level, combined with the timing of future Governor and Executive Council meetings, the Department of Safety, Division of State Police requests authorization to enter into the grant agreements noted above using the grant agreement form attached to this request. Governor and Executive

Council approval of this authorizing item will permit grant agreements to become effective after being fully executed and accepted at the county and municipal level, without requiring further action by the Governor and Executive Council. These agreements will remain subject to a review of form and execution by the Attorney General's Office prior to final execution by the Department of Safety.

These grant agreements are for the purpose of investigating and apprehending individuals or organizations that are involved in opioid related drug use and trafficking in the region. The grant award recipient is responsible for the overall direction and assignment of all 2017 Law Enforcement Opioid Abuse Reduction Initiative (OARI) grant funded activities. Some activities may be assigned to municipal law enforcement agencies when specifically identified within the grant agreement. The Department of Safety will directly reimburse the municipalities on behalf of the County in accordance with fully executed Memorandums of Agreement with each municipality and county as noted in Exhibit D of the grant agreement.

The ultimate goal of this initiative is to reduce opioid sale, abuse, and deaths throughout New Hampshire. Allowable costs under this grant include reimbursing grantees for law enforcement overtime (or straight time for part time law enforcement above normally scheduled hours) and employer share of benefits which are a direct result of participating in grant related activities. Allowable grant related activities include using statistics and information to place additional patrol and investigative presence at locations, times, and places where there has been a significant combination of motor vehicle crashes, crimes and drug use and at areas known to be used by drug dealers for shipment of illegal drugs into the state.

Respectfully submitted,

for: John J. Barthelmes
