EXPLANATION

These contracts are retroactive due to a series of internal delays which required additional processing. These delays resulted in the expiration of the liability insurance and worker's compensation documents, and required new documents to be obtained from municipalities. In order to prevent similar delays a new checklist has been created to help review each contract before the grant-package is assembled.

Improper disposal of household hazardous waste may leach toxic chemicals into water supplies, rivers, ponds and farmland, thereby endangering public health and the environment. Of particular concern is the danger of contaminating groundwater used for drinking water supplies. The Legislature, under RSA 147-B:6, established a program to grant monies to municipalities or their authorized representatives to partially fund household hazardous waste collection projects. Funding is determined on a per capita basis. A grantee is required to match the funds received from the state.

The grant agreement specifies that collection projects will be conducted by a New Hampshire registered hazardous waste transporter and that all waste collected at the project site be transported, at the end of the day, to an authorized hazardous waste facility for proper disposal. DES will make payment to a grantee upon successful completion of the project as defined in the agreement. In October of 2013, communities were notified that grant funds were available and that applications would be accepted for assisting with household hazardous waste disposal projects in FY 2015. Applications were submitted to the household hazardous waste program for consideration. Although this is a competitive grant program, the FY 2015 budget is sufficient to allow funding for all applicants this fiscal year. A list of household hazardous waste grant fund applicants for FY 2015 is provided as Attachment 1.

The grant agreements have been approved by the Office of the Attorney General as to form, substance and execution.

We respectfully request your approval.

Commissioner

11.2.3 set off against any other obligation the State may owe to the Grantee any damages the State suffers by reason of any Event of Default; and

17.1 The Grantee shall, at its sole expense, obtain and maintain in force, or shall require any subcontractor, subgrantee or assignee performing Project work to obtain and maintain in force, both for the benefit of the State, the following insurance:

No express waiver of any Event of Default shall be deemed a waiver of any provisions hereof. No such failure or waiver shall be deemed a waiver of the right of the State to enforce each and all of the provisions hereof upon any further or other default on the part of the Grantee.
