13. PUBLIC DISCLOSURE

A. Introduction

The State of New Hampshire has made it a priority through the Right-to-Know law (RSA 91-A), the TransparentNH initiative, and other statutes and practices to ensure that government activity is open and transparent. In general, these requirements allow for public review, disclosure and posting of government and public records. As such, the State is obligated to make public the information submitted in response to this RFP, any resulting contract, and information provided during the contractual relationship. The Right-to-Know law obligates the State to conduct an independent analysis of the confidentiality of the information submitted, regardless of whether it is marked confidential.

In addition, the Governor and Council (G&C) contract approval process more specifically requires that pricing be made public and that any contract reaching the G&C agenda for approval be posted online.

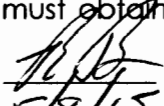

B. Disclosure of Information Submitted in Response to RFP

Information submitted in response to this request for proposal (RFP) is subject to public disclosure under the Right-to-Know law after a contract is actually awarded by G&C. Notwithstanding the Right-to-Know law, no information concerning the contracting process, including but not limited to information related to proposals, communications between the parties or contract negotiations, shall be available until a contract is actually awarded by G&C.

Confidential, commercial or financial information may be exempt from public disclosure under RSA 91-A:5, IV. If you believe any information submitted in response to this request for proposal should be kept confidential, you must specifically identify that information where it appears in your submission in a manner that draws attention to the designation. You must also provide a letter to the person listed as the point of contact for this RFP, identifying the specific page number and section of the information you consider to be confidential, commercial or financial and providing your rationale for each designation. Marking or designating an entire proposal, attachment or section as confidential shall neither be accepted nor honored by the State.

Pricing and other information that relates to your contractual obligations in your proposal or any subsequently awarded contract shall be subject to public disclosure regardless of whether it is marked as confidential.

Notwithstanding a bidder's designations, the State is obligated by the Right-to-Know law to conduct an independent analysis of the confidentiality of the information submitted in a proposal. If a request is made to the State by any person or entity to view or receive copies of any portion of your proposal, the State shall first assess what information it is obligated to release. It will then notify you that a request has been made, indicate what, if any, information the State has assessed is confidential and will not be released, and specify the planned release date of the remaining portions of the proposal. To halt the release of information by the State, a bidder must obtain and

Initials:   
Date: 5/8/15

provide to the State, prior to the date specified in the notice, a court order valid and enforceable in the State of New Hampshire, at its sole expense, enjoining the release of the requested information.

By submitting a proposal, you acknowledge and agree that:

- The State may disclose any and all portions of the proposal or related materials which are not marked as confidential and/or which have not been specifically explained in the letter to the person identified as the point of contact for this RFP;
- The State is not obligated to comply with your designations regarding confidentiality and must conduct an independent analysis to assess the confidentiality of the information submitted in your proposal; and
- The State may, unless otherwise prohibited by court order, release the information on the date specified in the notice described above without any liability to you.

### C. Electronic Posting of Resulting Contract

RSA 91-A obligates disclosure of contracts resulting from responses to RFPs. As such, the Secretary of State provides to the public any document submitted to G&C for approval, and posts those documents, including the contract, on its website. Further, RSA 9-F:1 requires that contracts stemming from RFPs be posted online. By submitting a proposal you acknowledge and agree that, in accordance with the above mentioned statutes and policies, (and regardless of whether any specific request is made to view any document relating to this RFP), any contract resulting from this RFP will be made accessible to the public online via the State's website without any redaction whatsoever.

14. The Contractor shall be required to supply the State with the name and telephone number of the Contractor's representatives.
