ASSISTANT COMMISSIONER

Bureau of Construction

Her Excellency, Governor Margaret Wood Hassan
and the Honorable Council
State House
Concord, New Hampshire 03301

REQUESTED ACTION

1. Authorize the Department of Transportation to enter into a contract with Nicom Coatings, Corp. of Barre, VT, NH (Vendor 160434) on the basis of a low bid of \$97,410.00 for repairing plug joints on six bridge decks located within Districts IV, V and VI, from the date of Governor and Council approval through June 2, 2017 unless extended by the Department in accordance with the Standard Specifications. 100% Betterment Funds.

Funding is available as follows:	<u>FY 2017</u>
04-96-96-963015-3039	
Highway Betterment Aid	
400-500870 Highway Contract Payments	\$97,410.00

EXPLANATION

This project is part of the State's Ten Year Transportation Improvement Plan, under the Betterment, Stand Alone, and Headquarters Program. This project involves repairing plug joints on six bridge decks located within Districts 4, 5, & 6. The bridges associated with this Proposal are being paved under the District Resurfacing program. The bridges are as follows:

- Hillsborough, Center Rd, Bridge # 137/051 over US 202
- Acworth, NH 123A, Bridge # 070/042 over Cold River
- Acworth, NH 123A, Bridge # 124/057 over Cold River
- Hopkinton, Jewett Rd, Bridge # 148/070 over I-89
- Epsom, Short Falls Rd, Bridge # 063/093 over Suncook River
- Dover, NH 9, Bridge 121/106 over Spaulding Turnpike

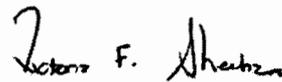

These bridges are located within Districts 4, 5, and 6. The plug joint work was inadvertently left out of the CY 2016 District Resurfacing Projects. All of the proposed work will remain within the right-of-way.

The Contractor has been prequalified by this Department. The Contract has been approved by the Attorney General as to form and execution, and the Department has certified that the necessary funds are available. The bid result was significantly under the engineer's estimate (51%). The major difference between the low bid and the engineer's estimate is related to mobilization (77%). The plug joint item costs (main items of work) reasonably conform to the Department's weighted unit average prices for both bids submitted. The engineer's estimate overestimated the costs associated with the scope of completing work on six bridges in five different towns and three highway districts. For these reasons, we believe it is reasonable to award the contract to the low bidder.

Copies of the fully executed contract are on file at the Secretary of State's Office and the Department of Administrative Service's Office, and subsequent to Governor and Council approval will be on file at the Department of Transportation.

A copy of the Tabulation of Bids received for this project is attached along with the Contract Supplemental Sheet and a map indicating the location of the project.

Sincerely,

Victoria F. Sheehan
Commissioner
