Exhibit A

The grantee shall utilize awarded Specialty Crop Block Grant (SCBG) funds to implement a program in New Hampshire to encourage the purchase and planting of materials from New Hampshire growers. Plant Something NH utilizes a recognized logo and imaging to promote the benefits of planting with a local connection thereby encouraging consumers to purchase plants from local greenhouses and garden centers.

Outcomes expected via detailed work plan provided:

- A 10% increase in annual revenue is expected among Plant Something NH campaign participants.
- Through consumer education and a more targeted market reach, the campaign is expected to increase specialty crop consumption by inspiring non-gardeners to plant something, thereby creating new customers. For every 100,000 total adults reached, a minimum of 25,000 or 25 percent will gain knowledge about eating more specialty crops.
- A survey will be conducted to measure the effectiveness of the campaign.

All project work shall be managed by the grantee who shall be responsible for all project development and oversight, per the terms of the grant application approved by USDA. This includes adhering to applicable federal grant uniform administrative requirements as specified in the Code of Federal Regulations as follows:
