PROJECT INITIATED: The Pavement Management Section has reviewed the road segments included in this project and identified ten (10) sections for Light Capital Paving totaling 29.5 miles. This project will improve the roadway ride quality and increase safety.

PROJECT EXPLANATION: This project is part of the CY 2020 District Resurfacing Program. The sections will be resurfaced via paver shim, and full width high strength inlay. Fifteen (15) existing sidewalk curb ramps throughout three (3) sections will be improved to comply with the Americans with Disabilities Act. All impacted towns and utilities will be notified.

TRAFFIC IMPLICATION: This project is expected to have minimal impacts to traffic with short term work zones at individual locations. Daytime lane closures as well as one lane, alternating two-way traffic will be implemented in all sections. No night work is required for this project. Work zone significance was determined to be non-significant at the Traffic Control Committee meeting on December 19, 2019.

FINAL COMPLETION DATE: September 18, 2020.
