REQUESTED ACTION

1) Authorize the Office of Energy and Planning (OEP) to enter into a **SOLE SOURCE** contract with the Community Action Partnership of Strafford County (VC #177200), Dover, NH in the amount of \$48,659.00 for the repair or replacement of malfunctioning heating systems in low-income households receiving weatherization services, effective August 1, 2015, through September 30, 2016, upon approval of Governor and Executive Council. 100% Federal Funds (US DHHS/LIHEAP).

Funding is available in the following account, with the authority to adjust encumbrances in each of the State fiscal years through the Budget Office, if needed and justified:

<u>Office of Energy & Planning, Fuel Assistance</u>	<u>FY 2016</u>	<u>FY 2017</u>
01-02-02-024010-77050000	\$36,494.00	\$12,165.00
074 500587 Grants for Pub Assist & Relief		

2) Further request authorization to advance the vendor \$8,759.00 of the above-referenced contract amount.

EXPLANATION

This contract is **SOLE SOURCE** because although the Heating Repair and Replacement Program (HRRP) is funded by the US Department of Health and Human Services, it is implemented in coordination with the U.S. Department of Energy's (US DOE) Weatherization Assistance Program. The Weatherization Program is delivered by the New Hampshire Community Action Agencies (CAAs), as they have preferred status under US DOE grant guidance due to their nonprofit status, their role providing a range of services to clients eligible for weatherization, and their historical performance in delivering the Weatherization Assistance Program.

OEP is responsible for administering both the Weatherization Assistance Program and the HRRP. The objective of Weatherization is to reduce energy consumption and the impact of energy costs in low-income households. Priority is given to the elderly, disabled, households with infant children, and households with high energy usage. The HRRP funds provide important repairs or heating system replacements to eligible families whose heating systems have failed or which require repair in order to operate safely. Each year dozens of heating systems are repaired or replaced, providing much needed heat to low income families, and often enabling weatherization improvements to their homes.

The advance of funds will allow the CAA to respond quickly when the need arises for a heating system repair or replacement, so that they can pay contractors and vendors in advance of receiving monthly reimbursements from the State. Smaller contractors often do not have the capital to carry expenses for extended periods of time, and the CAAs often do not have other funds sufficient to pay the contractors before monthly reimbursement is received.

In the event that the Federal Funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

Meredith A. Hatfield
Director

New Hampshire Office of Energy and Planning

EXHIBIT A

Scope of Services

1. The Heating Repair and Replacement Program (HRRP) provides funds for the repair or replacement of malfunctioning heating systems in low-income households receiving weatherization services from the Community Action Agencies. The HRRP is funded through the Federal Low Income Home Energy Assistance Program (LIHEAP) administered by the Office of Energy and Planning.
2. This Heating Repair and Replacement Program (HRRP) contract term is from August 1, 2015, through September 30, 2016, pending approval of the Governor and Executive Council.
3. The Community Action Partnership of Strafford County, hereinafter "the Contractor," agrees to perform HRRP and/or Building Weatherization Program (BWP) Weatherization Services, and all such Services and other work necessary to operate said Services for low income individuals in accordance with the regulations set forth by the U.S. Department of Energy in 10 CFR 440 dated February 1, 2002, and 10 CFR 600 as amended, when applicable in accordance with the Low Income Home Energy Assistance Program Federal regulations 45 CFR 96; and in accordance with the provisions and procedures contained in the most recent New Hampshire Weatherization Assistance Program (NHWAP) State Plan, NHWAP Policies and Procedures Manual (P&PM) and Field Guide; and as otherwise administered by the NH Office of Energy and Planning (OEP).

Periodically OEP may issue Subgrantee Guidance (SG) and Subgrantee Notices (SN) or other clarifications as necessary. All such changes shall be considered as incorporated into the NHWAP Policies and Procedures Manual. The Contractor agrees to alter the Program procedures in accordance with a SG, SN, or other instructions.

4. The Contractor agrees to perform HRRP and weatherization services, as identified in Exhibit "B," using HRRP and/or BWP funds, on the number of units proposed in the Contractor's Management Plan submitted to and approved by OEP. All such services shall be implemented according to the standards outlined in the most recent NHWAP Policies and Procedures Manual and NH Weatherization Field Guide.
 - a) No HRRP funds shall be reimbursed to the Contractor until a management plan and a budget for the Contractor's HRRP project period has been approved by OEP.
 - b) Unit production – the number of heating systems repaired or replaced and the amount of funds expended – shall conform to the Management Plan approved by OEP. Best efforts should be made to expend all funds within the allotted contract period. Shortfalls of more than 20% from expected production goals in any given quarter may result in a reduction of the contract amounts and a reallocation of funds to other contractors. Reallocations will occur at OEP's discretion.
 - c) HRRP funds shall only be used for the repair and/or replacement of heating and heating distribution systems, domestic hot water systems, and associated repairs necessary to perform said heating system or distribution system repairs and such systems shall be repaired or

replaced as described in the most recent NHWAP Policies and Procedures Manual and NH Weatherization Field Guide. Any completed units determined by OEP not to meet minimum program standards shall be improved by the Contractor to meet said standards within thirty days of notification or the costs associated with such unit will be disallowed by OEP and the unit will not count as a production completion.

- d) BWP funds, when available, are to be used for weatherization activities in accordance with all NHWAP standards as identified in Part 2, above.
5. This agreement consists of the following documents: Exhibits A, B, C, D, E, F, G, H, I, and J, which are all incorporated herein by reference as if fully set forth herein.

The Contractor identified in Section 1.3 of the General Provisions agrees to comply with the provisions of Executive Office of the President, Executive Order 12529 and 45 CFR Part 76 regarding Debarment, Suspension, and Other Responsibility Matters, and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

CERTIFICATION REGARDING DEBARMENT, SUSPENSION, AND OTHER RESPONSIBILITY MATTERS - PRIMARY COVERED TRANSACTIONS

Instructions for Certification

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
5. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549: 45 CFR Part 76. See the attached definitions.
6. The prospective primary participant agrees by submitting this proposal (contract) that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by DHHS.
7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).
9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, DHHS may terminate this transaction for cause or default.

 - (c) are not presently indicted for otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in paragraph (1)(b) of this certification; and
 - (d) have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State or local) terminated for cause or default.
- (2) Where the prospective primary participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal (contract).

*Certification Regarding Debarment, Suspension, Ineligibility and

In accordance with the above laws and regulations issued pursuant thereto, the Applicant agrees to assure that no person in the United States shall, on the ground of race, color, national origin, sex, age, or disability, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity in which the Applicant receives Federal assistance from the Department of Energy.

Applicability and Period of Obligation

In the case of any service, financial aid, covered employment, equipment, property, or structure provided, leased, or improved with Federal assistance extended to the Applicant by the Department of Health and Human Services, this assurance obligates the Applicant for the period during which Federal assistance is extended. In the case of any transfer of such service, financial aid, equipment, property, or structure, this assurance obligates the transferee for the period during which Federal assistance is extended. INDEPENDENT AUDITORS' REPORT

Report on the Financial Statements

We have audited the accompanying financial statements of Community Action Partnership of Strafford County (a New Hampshire nonprofit organization), which comprise the statement of financial position as of December 31, 2013, and the related statements of activities, cash flows, and functional expenses for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Community Action Partnership of Strafford County as of December 31, 2013, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards, as required by Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 24, 2014, on our consideration of Community Action Partnership of Strafford County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Community Action Partnership of Strafford County's internal control over financial reporting and compliance.
