The Honorable Neal M. Kurk, Chairman
Fiscal Committee of the General Court
State House
Concord, New Hampshire 03301

Her Excellency, Governor Margaret Wood Hassan
and the Honorable Council
State House
Concord, New Hampshire 03301

Requested Action

1. Pursuant to RSA 14:30-a, VI, authorize the Department of Safety (DOS), Division of State Police, to amend Fiscal Item #FIS15-032 approved on April 3, 2015, and Item #59 approved by Governor and Council on April 8, 2015, by changing the end date **only**, with no increase in funding, **retroactive** from June 30, 2015, to a new end date of September 30, 2015, to align with the Federal grant end date. Effective upon Fiscal Committee and Governor and Council approval for the period July 1, 2015 through September 30, 2015. Funding Source: 100% Agency Income.
2. Pursuant to RSA 124:15, authorize the Department of Safety, Division of State Police, to amend Fiscal Item #FIS15-032 approved on April 3, 2015, and Item #59 approved by Governor and Council on April 8, 2015, by changing the end date **only**, with no increase in funding, **retroactive** from June 30, 2015 to a new end date of September 30, 2015 to align with the Federal grant end date to continue consultant positions for the purpose of enhancing the previously developed crash records management system to add to the existing J-One system. Effective upon Fiscal Committee and Governor and Council approval for the period July 1, 2015 through September 30, 2015. Funding Source: 100% Agency Income.

Funds are to be budgeted in the account titled:

02-23-23-234010-22110000 Dept. of Safety – Division of State Police – Highway Safety Equipment and Training Grants
RSRC: 405921

Explanation

This request to amend the end date only for a Highway Safety grant that ends on September 30, 2015, and as such is not budgeted in the 2016/2017 biennium budget, is **retroactive** as the first scheduled Fiscal Committee meeting for the new biennium occurs after the original requested end date for this grant.

The State Police Crash Records Management System grant is being used to fund the continued development of a web-enabled Crash Records Management System to capture the data from the new accident reporting form in electronic form. In this phase the Division enhancements will be made, as proposed by users in the field, to improve usability and to improve the capturing of the data. The existing CRMS program has been successful for the NH State Police in increasing the amount of data that has been collected as well as the timeliness of capturing that data.

The following information is provided in accordance with the Comptroller's instructional memorandum dated September 21, 1981.

- 1) List of personnel involved: *Temporary consultants*

- 2) Nature, Need, and Duration: *The temporary consultants will provide for the increased need for subject matter experts beyond the limited resources of in-house personnel in the development of the web-enabled Crash Records Management System within the Statewide J-One system.*
- 3) Relationship to existing agency programs: *It expands the capacity to achieve missions within the Division of State Police and other projects directly related to the particular project.*
- 4) Has a similar program been requested of the legislature and denied? *No.*
- 5) Why wasn't funding included in the agency's budget request? *It was unclear at that time that there would be a potential need for consultants to complete these tasks.*
- 6) Can portions of the grant funds be utilized? *This request is 100% federally funded.*
- 7) Estimate the funds required to continue this position(s): *The temporary consulting positions are estimated at \$136,000.00.*

In the event that Agency Income becomes no longer available General and/or Highway funds will not be requested to support this program.

Respectfully submitted,

John J. Barthelmes
Commissioner of Safety

Explanation

The State Police Crash Records Management System grant will be used to fund the continued development of a web-enabled Crash Records Management System to capture the data from the new accident reporting form in electronic form. In this phase the Division enhancements will be made, as proposed by users in the field, to improve the usability and to improve the capturing of the data. The existing CRMS program has been successful for the NH State Police in increasing the amount of data that has been collected, as well as the timeliness of capturing that data.

The funds are to be budgeted as follows:

Funds in class 040 are needed to pay indirect costs to Administrative Services on all eligible expenses.

Funds in class 041 are not appropriated because the department that receives the Federal grant from the federal granting agency is responsible for paying the audit fund set aside.

Funds in class 046 are needed for the enhancements to the web-enabled Crash Records Management System.

The following information is provided in accordance with the Comptroller's instructional memorandum dated September 21, 1981.

- 1) List of personnel involved: *Temporary consultants*
- 2) Nature, Need, and Duration: *The temporary consultants will provide for the increased need for subject matter experts beyond the limited resources of in-house personnel in the development of the web-enabled Crash Records Management System within the Statewide J-One system.*
