REQUESTED ACTION

Authorize the Office of Strategic Initiatives (OSI) to amend the **SOLE SOURCE** Contract Agreement (Contract #1058294) with Southern New Hampshire Services, Inc. (VC#177198), Manchester, NH, by increasing the contract amount by \$1,539,278.00 from \$10,549,896.00 to \$12,089,174.00 for the Fuel Assistance Program (FAP), effective upon approval of Governor and Executive Council, through September 30, 2018. This contract was originally approved by Governor and Executive Council on September 13, 2017, Item #34. 100% Federal Funds.

EXPLANATION

This contract amendment is **SOLE SOURCE** based on the historical performance of the Community Action Agencies (CAAs) with the New Hampshire Fuel Assistance Program.

The additional amount requested in this contract amendment represents (the CAAs) share of Federal LIHEAP funding for PY 2018 received under the current Continuing Resolution on October 20, 2017. This OSI contract amendment will provide the Community Action Agency with program funds to support eligible New Hampshire residents, especially the working poor, elderly and disabled citizens who are in need of assistance to help pay for heating costs this winter season.

The Fuel Assistance Program (FAP) is a federally funded statewide program that makes home energy more affordable for income-qualified families, disabled and elderly residents of New Hampshire. Program funds are targeted to low income households with high energy burdens. Federal law establishes maximum income guidelines. OSI subcontracts to the five CAAs who are responsible for providing FAP services at the local level.

In the event Federal Funds are no longer available, General Funds will not be requested to support this program.

REQUESTED ACTION

1) Authorize the Office of Strategic Initiatives (OSI) to enter into a **SOLE SOURCE** contract with Southern New Hampshire Services, Inc., (VC #177198), Manchester, NH, in the amount of \$10,549,896.00 for the Fuel Assistance Program effective October 1, 2017 through September 30, 2018, upon approval of Governor and Executive Council. 100% Federal Funds.

Funding is available in the following account:

<u>Office of Strategic Initiatives, Fuel Assistance</u>	<u>FY 2018</u>
01-02-02-024010-77050000	
074-500587 Grants for Pub Assist & Relief	\$10,549,896.00

2) Further request authorization to advance Southern New Hampshire Services, Inc. \$1,038,746.00 from the above-referenced contract amount.

EXPLANATION

This contract is **SOLE SOURCE** based on the historical performance of the Community Action Agencies (CAA) in the New Hampshire Fuel Assistance Program (FAP), their outreach and client service capabilities, the synergies that benefit the FAP as a result of the five statewide CAAs' implementation of several other federal assistance programs, and the infrastructure that is already in place to deliver FAP services. OSI proposes to continue to subcontract with the five CAAs who have successfully provided FAP services at the local level for more than three decades. The CAAs work closely with the OSI FAP Administrator in the implementation of the program.

FAP is a statewide program, funded by a Federal Low Income Home Energy Assistance Program (LIHEAP) Block Grant, and works to make home energy more affordable for income-qualified New Hampshire families, including those who are elderly or disabled. Program funds are targeted to low income households with high energy burdens. The current maximum income level is 60% of the State Median Income (SMI), which is \$61,425.00 for a family of four. The average FAP benefit during the last program year was \$622.22.

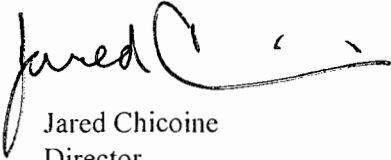

The LIHEAP program operates on an October 1, 2017 to September 30, 2018 program year, but at this time Congress has not finalized appropriations for the Federal fiscal year 2018. Therefore, the contract amount for

His Excellency, Governor Christopher T. Sununu
and the Honorable Council

each of the Community Action Agencies is based on OSI's best estimate of anticipated Federal funding, including carryover funds from the prior program year. No funds will be obligated under this contract unless federal monies are available to be expended. The proposed advance of funds will enable the CAA to operate the program between monthly reimbursements from the State.

In the event that the Federal Funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

CERTIFICATION REGARDING DEBARMENT, SUSPENSION, AND OTHER RESPONSIBILITY MATTERS - PRIMARY COVERED TRANSACTIONS

Instructions for Certification

- (1) By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.
- (2) The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Office of Strategic Initiatives determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
- (3) The certification in this clause is a material representation of fact upon which reliance was placed when OSI determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, OSI may terminate this transaction for cause or default.
- (4) The prospective primary participant shall provide immediate written notice to the OSI agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
- (5) The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549: 45 CFR Part 76. - (6) The prospective primary participant agrees by submitting this proposal (contract) that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by OSI.
- (7) The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," provided by OSI, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
- (8) A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Non-procurement List (of excluded parties).
- (9) Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
- (9) Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, OSI may terminate this transaction for cause or default.

Independent Auditor's Report

To the Board of Directors
Southern New Hampshire Services, Inc.
Manchester, New Hampshire

Report on the Financial Statements

We have audited the accompanying combined financial statements of Southern New Hampshire Services, Inc. (a nonprofit organization) and affiliate, which comprise the combined statements of financial position as of July 31, 2016 and 2015, and the related combined statements of activities, functional expenses and cash flows for the years then ended, and the related notes to the combined financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these combined financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the combined financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these combined financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the combined financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the combined financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the combined financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Organization's preparation and fair presentation of the combined financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the combined financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the combined financial statements referred to above present fairly, in all material respects, the financial position of Southern New Hampshire Services, Inc. and affiliate, as of July 31, 2016 and 2015, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Change in the Reporting Entity

As discussed in Note 1 to the financial statements, the 2015 combined financial statements included certain low-income housing corporations as part of the overall reporting entity that were not included in the 2016 combined financial statements. The 2015 combined financial statements have been retrospectively adjusted to reflect the new reporting entity. Our opinion is not modified with respect to that matter.

Other Matters

Other Information

Our audit was conducted for the purpose of forming an opinion on the combined financial statements as a whole. The combining schedule of financial position and the combining schedule of activities are presented for purposes of additional analysis and are not a required part of the combined financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the combined financial statements. The information has been subjected to the auditing procedures applied in the audit of the combined financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the combined financial statements or to the combined financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the combined financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued a report dated April 28, 2017 on our consideration of Southern New Hampshire Services, Inc. and affiliate's internal control over financial reporting and on our tests on its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of this report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. The report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Southern New Hampshire Services, Inc. and affiliate's internal control over financial reporting and compliance.

NOTES TO COMBINED FINANCIAL STATEMENTS

JULY 31, 2016 AND 2015

NOTE 1: ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of the Organization

Southern New Hampshire Services, Inc. (SNHS) is an umbrella corporation that offers an array of services to the elderly, disabled, and low-income households in New Hampshire's Hillsborough County and Rockingham County. The Organization's programs provide assistance in the areas of education, child development, employment, energy and its conservation, housing and homelessness prevention. The Organization is committed to providing respectful support services and assisting individuals and families in achieving self-sufficiency by helping them overcome the causes of poverty. The primary source of revenues is derived from governmental contracts. Services are provided through Southern New Hampshire Services, Inc. and SNHS Management Corporation.

Basis of Accounting and Presentation

The Organization prepares its combined financial statements in accordance with accounting principles generally accepted in the United States of America, which involves the application of accrual accounting; and accordingly reflect all significant receivables, payables, and other liabilities. Net assets, revenues, expenses, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets of the Organization and changes therein are classified and reported as follows:

Unrestricted net assets - Unrestricted net assets of the Organization are net assets that are neither permanently restricted nor temporarily restricted by donor-imposed restrictions.

Temporarily restricted net assets - Temporarily restricted net assets are net assets resulting from contributions and other inflows of assets whose use by the Organization is limited by donor-imposed stipulations that either expire by passage of time or can be fulfilled and removed by actions of the Organization pursuant to those stipulations.

Permanently restricted net assets - Permanently restricted net assets are net assets resulting from contributions and other inflows of assets whose use by the Organization is limited by donor-imposed stipulations that neither expire by passage of time nor can be fulfilled or otherwise removed by actions of the Organization.

The Organization has no temporarily restricted or permanently restricted net assets at July 31, 2016 and 2015.

Combined Financial Statements – Change in Reporting Entity

All significant intercompany items and transactions have been eliminated from the basic combined financial statements. The combined financial statements include the accounts of SNHS Management Corporation because Southern New Hampshire Services, Inc. controls more than 50% of the voting power. The previously issued 2015 combined financial statements included certain low-income housing corporations. Management has elected not to combine these entities in the 2016 combined financial statements and retrospectively adjusted the 2015 combined financial statements to reflect the new reporting entity for comparative purposes. The adjustment increased the 2015 change in net assets by \$1,330,881.

Use of Estimates

The preparation of combined financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reported period. Actual results may differ from these amounts.

NOTES TO COMBINED FINANCIAL STATEMENTS
(Continued)

JULY 31, 2016 AND 2015

NOTE 1: ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Cash and Cash Equivalents

For the purpose of the combined statements of cash flows, the Organization considers all unrestricted highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents.

Current Vulnerabilities Due to Certain Concentrations

The Organization maintains its cash balances at several financial institutions located in New Hampshire and Maine. The balances are insured by the Federal Deposit Insurance Organization (FDIC) up to \$250,000 per financial institution. In addition, on October 2, 2008, the Organization entered into an agreement with its principal banking partner to collateralize deposits in excess of the FDIC insurance limitation on some accounts. The balances, at times, may exceed amounts covered by the FDIC and collateralization agreements. It is the opinion of management that there is no significant risk with respect to these deposits at this time.

Accounts and Contracts Receivable

All accounts and contracts receivable are stated at the amount management expects to collect from balances outstanding at year-end. Receivables are recorded on the accrual basis of accounting primarily based on reimbursable contracts, grants and agreements. Balances outstanding after management has used reasonable collection efforts are written off through a charge to bad debt expense and a credit to the applicable accounts receivable. Management does not believe an allowance for uncollectible accounts receivable is necessary at July 31, 2016 and 2015.

Revenue Recognition

The Organization's revenue is recognized primarily from federal and state grants and contracts generally structured as reimbursed contracts for services and therefore revenue is recognized based on when their individual allowable budgeted expenditures occur. Federal and state grant revenue comprised approximately 90% of total revenue in the fiscal years ended July 31, 2016 and 2015, respectively.

Contributions and In-Kind Donations

Support that is restricted by the donor is reported as an increase in unrestricted net assets if the restriction expires in the reporting period in which the support is recognized. All other donor-restricted support is reported as an increase in temporarily or permanently restricted net assets, depending on the nature of the restriction. When a restriction expires, (that is, when a stipulated time restriction ends or purpose restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted net assets and reported in the combined statements of activities as net assets released from restrictions. In-kind revenues and expenses represent fair market value of volunteer services and non-paid goods which were donated to the Organization during the current fiscal year. All in-kind revenues in the fiscal year 2016 and 2015 were generated through the Head Start and Economic Workforce Development programs.

Investments

The Organization carries investments in marketable securities with readily determinable fair values and all investments in debt securities at their fair values in the combined statements of financial position. Unrealized gains and losses are included in the change in net assets in the accompanying combined statements of activities.

SOUTHERN NEW HAMPSHIRE SERVICES, INC. AND AFFILIATE

NOTES TO COMBINED FINANCIAL STATEMENTS

(Continued)

JULY 31, 2016 AND 2015

NOTE 1: ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fixed Assets

Fixed assets acquired by the Organization are capitalized at cost if purchased or fair value if donated. It is the Organization's policy to capitalize expenditures for these items in excess of \$5,000. Major additions and renewals are capitalized, while repairs and maintenance are expensed as incurred. Depreciation is calculated using the straight-line basis over the estimated useful lives of the assets, which range from three to forty years. Depreciation expense for July 31, 2016 and 2015 was \$338,948 and \$329,982, respectively.

Fixed assets purchased with grant funds are owned by the Organization while used in the program for which they were purchased or in other future authorized programs. However, the various funding sources have a reversionary interest in the fixed assets purchased with grant funds. The disposition of fixed assets, as well as the ownership of any proceeds is subject to funding source regulations.

Advertising

The Organization uses advertising to promote programs among the people it serves. The production costs of advertising are expensed as incurred.

Functional Allocation of Expenses

The costs associated with providing program services and management and general support services are presented by natural classification on the combined statement of functional expenses and have been summarized on a functional basis on the combined statements of activities.

Subsequent Events

Management has made an evaluation of subsequent events through April 28, 2017, which represents the date on which the combined financial statements were available to be issued and determined that any subsequent events that would require recognition or disclosure have been considered in the preparation of these combined financial statements.

Reclassifications

Certain reclassifications have been made to the 2015 combined financial statement presentation to correspond to the current year's format. Net assets and changes in net assets are unchanged due to these reclassifications.

NOTE 2: RESTRICTED CASH

The Organization, as stipulated in many of the loan agreements associated with the housing projects included in SNHS Management Corporation, is required to maintain separate accounts and make monthly deposits into certain restricted reserves for the replacement of property and other expenditures. In addition, the Organization is required to maintain separate accounts for tenant security deposits and any surplus cash that may result from annual operations. These accounts are also not available for operating purposes and generally need additional approval from oversight agencies before withdrawal and use of these funds can occur.

JULY 31, 2016 AND 2015

NOTE 3: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820, *Fair Value Measurements*, are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access at the measurement date.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs that are unobservable for the asset or liability.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at July 31, 2016 and 2015.

Mutual Funds: Valued at the closing price reported on the active market on which the individual securities are traded.

The following table sets forth by level, within the fair value hierarchy, the Organization's assets at fair value as of July 31, 2016 and 2015:

NOTE 9: CONTINGENCIES AND CONTINGENT LIABILITIES

The Organization receives contract funding from various sources. Under the terms of these agreements, the Organization is required to use the funds within a certain period and for purposes specified by the governing laws and regulations. If expenditures were found not to have been made in compliance with the laws and regulations, the Organization might be required to repay the funds. No provisions have been made for this contingency because specific amounts, if any, have not yet been determined.

Cotton Mill Square

In 2015, SNHS Management Corporation entered into a contract as part of the Community Development Investment Tax Credit Program with the Community Development Finance Authority (CDFA) and was awarded \$1,000,000 to provide funding for the development and adaptive reuse of an abandoned historic cotton mill in downtown Nashua, NH. Under this program, the Project (Cotton Mill Square) created 109 units of housing and was required to reserve 55 of these units for low to moderate income households.

As stipulated by the contract and after a 20% program fee retained by the CDFa, SNHS Management Corporation entered into a subrecipient agreement with the owners of the Project (Cotton Mill Square LLC) to provide a promissory note and mortgage of the remaining award amount of \$800,000. The 20 year note to Cotton Mill Square LLC is non-interest bearing and the principle is forgivable at a rate of 5% each year the Project maintains the required minimum of 55 low to moderate income household units.

The Cotton Mill Square Project was awarded the certificate of occupancy on August 22, 2014 and remains in full compliance with the required regulations as of July 31, 2016 and 2015. SNHS Management Corporation feels that it is extremely unlikely that the Project will fall into noncompliance in future periods. Therefore, SNHS Management Corporation has not recorded any contingent receivable or liability related to this transaction. The current unforgiven principle amount at July 31, 2016 and 2015 is \$720,000 and \$760,000, respectively. The note repayment is accelerated if the units fall out of compliance.

J. Brown Homestead Property

On July 1, 2011, Rockingham Community Acton (RCA) was acquired by SNHS. As part of this merger, SNHS assumed all the assets, liabilities and obligations of RCA which included the J. Brown Homestead Property.

The J. Brown Homestead Property was conveyed to RCA in 1999 by the Town of Raymond for \$1 and a mortgage lien of \$604,418. The property contains four apartments limited to low-income seniors, office space for the Outreach operations, space for the Food Pantry operation, and a common meeting room for use by Town of Raymond organizations. The Town of Raymond included a requirement that the property be used for a social service center for a period of 20 years, called the benefit period, after which this requirement terminates.

NOTE 9: CONTINGENCIES AND CONTINGENT LIABILITIES (Continued)

J. Brown Homestead Property (Continued)

In the event that SNHS sells or otherwise conveys the property within the benefit period, the remaining lien will be either paid from the proceeds of the sale or remain with the land to any subsequent purchaser for the remaining benefit period.

This mortgage lien has no scheduled principle or interest payments and is forgivable at a rate of 5% each year of the benefit period until it is completely forgiven in year 2019. The value of this lien at July 31, 2016 and 2015 is \$120,884 and \$151,105, respectively. SNHS has no plans to sell or transfer this property. Therefore, the contingent mortgage lien liability has not been included in the financial statements.
