072-500574 Grants to Local Gov't. - Federal			\$13,500.00
Activity Code: 23PDM13 4393			

Explanation

The grant listed above is funded from the FFY 2013 Pre-Disaster Mitigation Competitive (PDMC) Grant Program, which was awarded to the Department of Safety, Division of Homeland Security and Emergency Management (HSEM) from the Federal Emergency Management Agency (FEMA). The PDMC Grant Program provides funding to sub-grantees for cost-effective hazard mitigation activities that complement a comprehensive mitigation program. FEMA provides PDMC funds to states that, in turn, provide sub-grants or contracts for a variety of mitigation activities, such as planning and the implementation of projects identified through the evaluation of natural hazards. Notification of this program is made to every community by email and by letter sent to the chief elected official of each community. All community applications for this grant are reviewed for eligibility by the State Hazard Mitigation Officer prior to being submitted to FEMA.

The PDMC Grant Program is 75% federally funded by the Federal Emergency Management Agency with a 25% match requirement supplied by the sub-grantee. The sub-grantee acknowledges its match obligation as part of Exhibit A to the grant agreement.

In the event that Federal Funds are no longer available, General Funds and/or Highway Funds will not be requested to support this program.

Respectfully submitted,

John J. Barthelmes
John J. Barthelmes
