## EXPLANATION

This requested action will ensure the continued provision of home health care services to New Hampshire residents living with Human Immunodeficiency Virus (HIV) statewide, and who are enrolled in the New Hampshire Ryan White CARE Program. On October 29, 2014, the Governor and Executive Council originally approved the Department's request to establish a list of licensed Home Health Care providers with the ability to expand the list as other individuals and organizations became known. Federal law requires that the state have agreements in place for these services. This package includes one (1) of one (1) amendments to fulfill this need throughout the state. The licensed Home Health Care provider will provide necessary skilled nursing visits and homemaking services to enrolled clients, on an individual, case-by-case, as needed basis.

The New Hampshire Ryan White CARE Program receives funding from the Health Resources and Services Administration (HRSA), Ryan White HIV/AIDS Program, Part B for medical services, oral health, and home health care services. HRSA funding is in accordance with the Ryan White HIV/AIDS Treatment Extension Act of 2009. The intent of the legislation and federal funding is to assure access to care for financially eligible individuals living with HIV/AIDS. As a recipient of federal funding, the New Hampshire Ryan White CARE Program is subject to the federal mandate to implement contractual agreements with all service providers and to maintain nationally accepted fiscal, programmatic, and monitoring standards established by HRSA. Federal regulation also requires that Ryan White CARE Program funds be used as a "payer of last resort."

This vendor was originally selected for this project through a Request for Application process.

As referenced in the original letter approved by Governor and Executive Council and in the Exhibit C-1, this Agreement has the option to renew for two (2) additional years, contingent upon satisfactory delivery of services, available funding, agreement of the parties, and approval of the Governor and Executive Council. The Division is exercising this renewal option.

This vendor has been actively involved and provided satisfactory delivery of services to enrolled clients since the start date of their current agreement, and have agreed to continue to provide necessary skilled nursing visits and homemaking services to clients living with HIV/AIDS statewide. The performance results of this federally mandated program are measured by the number of New Hampshire Ryan White CARE Program clients that actually receive home health care services, and will be used to continue to measure the effectiveness of the agreements.

Should Governor and Executive Council not authorize this Request, the state would not be in compliance with federal regulations for this program. In addition, eligible New Hampshire residents living with HIV/AIDS with immediate skilled nursing visits and home health care needs may not receive prevention and treatment needed. The services in these amendments will promote the goals of the National HIV/AIDS Strategy and maintain a continuum of care in order to reduce HIV/AIDS related health disparities and the occurrence of negative health outcomes. The program currently provides services to approximately 450 to 500 clients statewide.

The geographic area to be served is statewide.

Source of Funds: 100% Other Funds from the Pharmaceutical Rebates.

In the event that the Other Funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

  
Marcella J. Bobinsky, MPH  
Acting Director

If at any time during the term of this Contract or after receipt of the Final Expenditure Report hereunder, the Department shall determine that the Contractor has used payments hereunder to reimburse items of expense other than such costs, or has received payment in excess of such costs or in excess of such rates charged by the Contractor to ineligible individuals or other third party funders, the Department may elect to:
  - 7.1. Renegotiate the rates for payment hereunder, in which event new rates shall be established;
  - 7.2. Deduct from any future payment to the Contractor the amount of any prior reimbursement in excess of costs;

Handwritten initials, possibly "PW", written in black ink.

- 8.2. **Statistical Records:** Statistical, enrollment, attendance or visit records for each recipient of services during the Contract Period, which records shall include all records of application and eligibility (including all forms required to determine eligibility for each such recipient), records regarding the provision of services and all invoices submitted to the Department to obtain payment for such services.
- 8.3. **Medical Records:** Where appropriate and as prescribed by the Department regulations, the Contractor shall retain medical records on each patient/recipient of services.
9. **Audit:** Contractor shall submit an annual audit to the Department within 60 days after the close of the agency fiscal year. It is recommended that the report be prepared in accordance with the provision of Office of Management and Budget Circular A-133, "Audits of States, Local Governments, and Non Profit Organizations" and the provisions of Standards for Audit of Governmental Organizations, Programs, Activities and Functions, issued by the US General Accounting Office (GAO standards) as they pertain to financial compliance audits.
- 9.1. **Audit and Review:** During the term of this Contract and the period for retention hereunder, the Department, the United States Department of Health and Human Services, and any of their designated representatives shall have access to all reports and records maintained pursuant to the Contract for purposes of audit, examination, excerpts and transcripts.

If any governmental license or permit shall be required for the operation of the said facility or the performance of the said services, the Contractor will procure said license or permit, and will at all times comply with the terms and conditions of each such license or permit. In connection with the foregoing requirements, the Contractor hereby covenants and agrees that, during the term of this Contract the facilities shall comply with all rules, orders, regulations, and requirements of the State Office of the Fire Marshal and the local fire protection agency, and shall be in conformance with local building and zoning codes, by-laws and regulations.

## **ORGANIZATIONAL PURPOSE & PHILOSOPHY**

The organizational purpose of Healthy at Home, Inc (HAH) is to provide professional and supportive services to clients in their place or residence or other location that is deemed medically necessary and safe. HAH provides the following services: skilled and routine nursing care, intravenous/infusion therapies, home health aides, personal care service providers, companions/homemakers, rehabilitation therapies, and social service/case management. We seek to promote physical, emotional, and psychosocial care to clients and their families and to prevent any unnecessary short or long term institutionalization.

The purpose and mission of HAH is based on two fundamental philosophical principles: the belief in the innate worth of the ailing disabled, and aged individuals and that each individual, regardless of age, sex, religion, position in life, or disability is presented with the opportunity to maximize his/her potential as valuable member of our society.

Our program is dedicated to providing medical and therapeutic care to individuals within the security and comfort of their homes where healing and recuperation have the greatest potential of success. If recovery and rehabilitation is not the intended outcome we shift our focus to maintenance of safety and independence.

We have audited the accompanying financial statements of Healthy At Home, Inc., which comprise the balance sheet as of June 30, 2015, and the related statements of operations and changes in net assets and cash flows for the year then ended, and the related notes to the financial statements.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with U.S. generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### ***Opinion***

## Notes to Financial Statements

June 30, 2015 and 2014

### 1. Summary of Significant Accounting Policies

#### Organization

Healthy At Home, Inc. (the Association) is a non-stock, non-profit corporation organized in New Hampshire. The Association's primary purpose is to provide home health care services to residents of Nashua and surrounding communities.

The Association strives to enhance the lives of people with illness or injury through a cooperative relationship with the community, professional medical service providers, and associations that serve people in need of healthcare. Homecare, rehabilitative, and private duty nursing are the healthcare and supportive services provided in the individual's home setting.

#### Income Taxes

The Association is a public charity under Section 501(c)(3) of the Internal Revenue Code. As a public charity, the Association is exempt from state and federal income taxes on income earned in accordance with its tax exempt purpose. Unrelated business income is subject to state and federal income tax. Management has evaluated the Association's tax positions and concluded that the Association has no unrelated business income or uncertain tax positions that require adjustment to the financial statements.

#### Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### Cash and Cash Equivalents

Cash and cash equivalents include highly liquid investments with an original maturity of three months or less, excluding assets limited as to use.

The Association has cash deposits in a major financial institution which may exceed federal depository insurance limits. The Association has not experienced any losses in such accounts. Management believes it is not exposed to any significant risk with respect to these accounts.

## Notes to Financial Statements

June 30, 2015 and 2014

### Allowance for Uncollectible Accounts

Accounts receivable are stated at the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts by analyzing its past history and identification of trends for all funding sources in the aggregate. In addition, balances in excess of 365 days are 100% reserved unless prior experience with the payer indicates collectibility is reasonably assured. Management regularly reviews data about revenue in evaluating the sufficiency of the allowance for doubtful accounts. Amounts not collected after all reasonable collection efforts have been exhausted are applied against the allowance for uncollectible accounts. The Association has not changed its methodology for estimating the allowance for doubtful accounts in 2015 and 2014.

A reconciliation of the allowance for uncollectible accounts follows:

	<u>2015</u>	<u>2014</u>
Balance, beginning of year	\$ 90,658	\$ 3,700
Provision	22,147	100,599
Write-offs	<u>(64,178)</u>	<u>(13,641)</u>
Balance, end of year	<u>\$ 48,627</u>	<u>\$ 90,658</u>

### Furniture and Equipment

Furniture and equipment are carried at cost less accumulated depreciation. Maintenance repairs and minor renewals are expensed as incurred and renewals and betterments are capitalized. Depreciation is computed using the straight-line method over the useful lives of the related assets.

### Temporarily and Permanently Restricted Net Assets

Temporarily restricted net assets are those whose use by the Association has been limited by donors to a specific time period or purpose. Permanently restricted net assets have been restricted by donors to be maintained by the Association in perpetuity. The Association had no temporarily or permanently restricted net assets in 2015 and 2014.

### Patient Service Revenue

Providers of home health services to clients eligible for Medicare home health benefits are paid on a prospective basis, with no retrospective settlement. The prospective payment is based on the scoring attributed to the acuity level of the client at a rate determined by federal guidelines.

Providers of hospice services to clients eligible for Medicare hospice benefits are paid on a fee-for-service basis, with no retrospective settlement, provided the Association's aggregate annual Medicare reimbursement is below a predetermined aggregate capitated rate. Revenue is recognized as the services are performed based on the fixed rate amount.

HEALTHY AT HOME, INC.

Notes to Financial Statements

June 30, 2015 and 2014

Standard charges for services to all patients are recorded as revenue when services are rendered at the net realizable amounts from patients, third-party payers and others, including estimated retroactive adjustments under reimbursement agreements with third-party payers. Retroactive adjustments are accrued on an estimated basis in the period the related services are rendered and in future periods as final settlements are determined. Patients unable to pay full charge, who do not have other third party resources, are charged a reduced amount based on the Association's published sliding fee scale. Reductions in full charge are recognized when the service is rendered.

2. Line of Credit

The Association has borrowing capacity in the maximum amount of \$250,000 under a revolving line of credit arrangement with a local bank payable on demand, collateralized by all business assets. The interest rate is a minimum of 4% (4.25% at 2015) and the line matures on February 28, 2016. The outstanding balance on the line of credit was \$224,229 and \$135,000 in 2015 and 2014, respectively.

3. Patient Service Revenue

Patient service revenue was as follows:

	<u>2015</u>	<u>2014</u>
Medicare	\$ 539,452	\$ 543,789
Medicaid	1,682,103	1,758,295
Other third-party payers and private pay	<u>312,500</u>	<u>287,830</u>
Total	<u>\$ 2,534,055</u>	<u>\$ 2,589,914</u>

Laws and regulations governing the Medicare and Medicaid programs are complex and subject to interpretation. Compliance with such laws and regulations can be subject to future government review and interpretation as well as significant regulatory action including fines, penalties and exclusion from the Medicare and Medicaid programs. The Association believes that it is in substantial compliance with all applicable laws and regulations. However, there is at least a reasonable possibility that recorded estimates could change by a material amount in the near term. Differences between amounts previously estimated and amounts subsequently determined to be recoverable or payable are included in net patient service revenue in the year that such amounts become known.

HEALTHY AT HOME, INC.

Notes to Financial Statements

June 30, 2015 and 2014

4. **Functional Expenses**

Program services	\$ 2,187,614	\$ 2,365,072
Administrative and general	<u>303,203</u>	<u>325,237</u>
Total	<u>\$ 2,490,817</u>	<u>\$ 2,690,309</u>

5. **Concentration of Risk**

The Association grants credit without collateral to its patients, most of who are local residents and are insured under third-party payer agreements. Following is a summary of accounts receivable, by funding source:

	<u>2015</u>	<u>2014</u>
Medicare	26 %	34 %

Due from Harbor Homes, Inc.	99,125	116,304
Due to Welcoming Light, Inc.	-	(82)
Due from from Task Force	<u>1,345</u>	<u>-</u>
Total	<u>\$ 196,750</u>	<u>\$ 211,662</u>

## HEALTHY AT HOME, INC.

### Notes to Financial Statements

June 30, 2015 and 2014

The Association is considered a commonly controlled organization with several related entities by way of its common board of directors. However, management feels that the principal prerequisites for preparing combined financial statements are not met, and therefore more meaningful separate statements have been prepared.

#### 7. Malpractice Insurance

The Association insures its malpractice risks on an occurrence basis, through the insurance policy of Harbor Homes, Inc. Under this type of policy, claims based on occurrences during its term but reported subsequently will be insured should the policy not be renewed or replaced with other coverage. The Association intends to renew coverage on an occurrence basis and anticipates that such coverage will be available. There were no known malpractice claims outstanding in 2015 or 2014, nor are there any unasserted claims or incidents which require loss accrual.

#### 8. Subsequent Events

For financial reporting purposes, subsequent events have been evaluated by management through September 22, 2015, which is the date the financial statements were available to be issued.

### EXPLANATION

This Requested Action seeks approval of one (1) agreement that will ensure the provision of home health care services to New Hampshire residents living with Human Immunodeficiency Virus (HIV), statewide. Funds in this agreement will be used to pay for skilled nursing visits and homemaker services. The Home Health Care Agency will provide home health care services to enrolled NH Ryan White CARE Program clients on an individual, case-by-case, as needed basis.

The NH Ryan White CARE Program receives funding from the Health Resources and Services Administration (HRSA), Ryan White HIV/AIDS Program, Part B for medical services, oral health, and home health care services. HRSA funding is in accordance with the Ryan White HIV/AIDS Treatment Extension Act of 2009. The intent of the legislation and federal funding is to assure access to care for financially eligible individuals living with HIV/AIDS. A recipient of federal funding, the NH Ryan White CARE Program is subject to the federal mandate to implement contractual agreements with all service providers and to maintain nationally accepted fiscal, programmatic, and monitoring standards established by HRSA. Federal regulation also requires that NH Ryan White CARE Program funds be used as a "payer of last resort."

Should Governor and Executive Council not authorize this Request, federal regulations and monitoring standards will not be met and eligible NH residents living with HIV with immediate home health care needs and without access to these services will not receive skilled nursing visits and homemaker services. The services in this Contract will promote the goals of the National HIV/AIDS Strategy and maintain a continuum of care in order to reduce HIV related health disparities and the occurrence of negative health outcomes. The program currently provides services to approximately 450 to 500 clients statewide.

A Request for Application was posted on the Department of Health and Human Services' web site on April 8, 2014. In addition, an email was sent to five (5) known Home Health Care Providers on April 4, 2014, notifying them that a Request for Application was posted. One application was received from Healthy at Home, Inc.

As referenced in the Request for Application, this Agreement has the option to extend for two (2) additional years, contingent upon satisfactory delivery of services, available funding, agreement of the parties, and approval of the Governor and Executive Council.

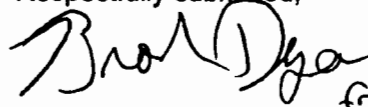

Her Excellency, Governor Margaret Wood Hassan  
and the Honorable Council  
September 12, 2014

**INSTRUCTIONS FOR CERTIFICATION**

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.

8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).
9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, DHHS may terminate this transaction for cause or default.

- f. Within five (5) business days of receipt of a written request from Covered Entity, Business Associate shall make available during normal business hours at its offices all records, books, agreements, policies and procedures relating to the use and disclosure of PHI to the Covered Entity, for purposes of enabling Covered Entity to determine Business Associate's compliance with the terms of the Agreement.

Within ten (10) business days of receiving a written request from Covered Entity for an amendment of PHI or a record about an individual contained in a Designated Record Set, the Business Associate shall make such PHI available to Covered Entity for amendment and incorporate any such amendment to enable Covered Entity to fulfill its obligations under 45 CFR Section 164.526.

In the event any individual requests access to, amendment of, or accounting of PHI directly from the Business Associate, the Business Associate shall within two (2) business days forward such request to Covered Entity. Covered Entity shall have the responsibility of responding to forwarded requests. However, if forwarding the individual's request to Covered Entity would cause Covered Entity or the Business Associate to violate HIPAA and the Privacy and Security Rule, the Business Associate shall instead respond to the individual's request as required by such law and notify Covered Entity of such response as soon as practicable.
- l. Within ten (10) business days of termination of the Agreement, for any reason, the Business Associate shall return or destroy, as specified by Covered Entity, all PHI received from, or created or received by the Business Associate in connection with the Agreement, and shall not retain any copies or back-up tapes of such PHI. If return or destruction is not feasible, or the disposition of the PHI has been otherwise agreed to in the Agreement, Business Associate shall continue to extend the protections of the Agreement, to such PHI and limit further uses and disclosures of such PHI to those purposes that make the return or destruction infeasible, for so long as Business

In addition to Paragraph 10 of the standard terms and conditions (P-37) of this Agreement the Covered Entity may immediately terminate the Agreement upon Covered Entity's knowledge of a breach by Business Associate of the Business Associate Agreement set forth herein as Exhibit I.
