**EXPLANATION**

The purpose of this request is to develop and implement a statewide, consumer-focused, multi-media public awareness campaign to promote general behavioral health and positive help-seeking behavior, and to facilitate access to a coordinated, high quality array of localized services and supports, through centralized access points. This primary prevention campaign will focus on providing the general public with health education information including upstream messaging on positive mental health, substance misuse prevention, and suicide prevention. The Contractor will work with the Department to ensure the campaign complements and links to other behavioral health public awareness campaigns and resources including NH 988, NH Rapid Response, 211 NH, and The Doorways, where applicable.

Since publication of the 10-Year Mental Health Plan (referenced as 10-Year Plan hereafter), New Hampshire has dedicated efforts to establish a behavioral health system of care that meets the needs of all New Hampshire citizens, including development of new programs and initiatives such as the Rapid Response and the Doorway systems, and the implementation of NH 988. Furthermore, the 10-Year Plan's Community Education goal is designed to ensure that as programs and initiatives develop, residents are informed and know how to access those services. The Community Education goal also includes launching a multi-media statewide campaign to promote wellness, social connection, and how to access services, recognize the signs of mental distress and suicide, and understand intervention strategies. The public awareness campaign also aligns with the goals established as part of the 988 implementation efforts to promote the use of 988 and increase early engagement to prevent the need for hospital level of care.

The Contractor will develop and deliver a comprehensive multimodal public awareness campaign to raise awareness among New Hampshire residents and visitors about:

- Connectedness, hope and help-seeking behavior
- Behavioral health promotion
- Clarity regarding centralized access points for help, including NH 988, NH Rapid Response Access Point (833-710-6477), 211 NH, The Doorways, and 911

The Department selected the Contractor through a competitive bid process using a Request for Proposals (RFP) that was posted on the Department's website from April 4, 2022 through April 29, 2022. The Department received two (2) responses that were reviewed and scored by a team of qualified individuals. The Scoring Sheet is attached.

As referenced in Exhibit A, Revisions to Standard Agreement Provisions, Subsection 1.1., of the attached agreement, the parties have the option to extend the agreement for up to two (2) additional years, contingent upon satisfactory delivery of services, available funding, agreement of the parties, and Governor and Council approval.

Should the Governor and Council not authorize this request, New Hampshire residents will not be adequately informed about the centralized access point for help, which may lead to the continued use of hospital care that might otherwise be prevented.

Area served: Statewide

Source of Federal Funds: Assistance Listing Number #93.958, FAIN #1B09SM085371; and Assistance Listing Number #93.959, FAIN # B08TI083955.

Respectfully submitted,

**CERTIFICATION REGARDING DEBARMENT, SUSPENSION  
AND OTHER RESPONSIBILITY MATTERS**

The Contractor identified in Section 1.3 of the General Provisions agrees to comply with the provisions of Executive Office of the President, Executive Order 12549 and 45 CFR Part 76 regarding Debarment, Suspension, and Other Responsibility Matters, and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

**INSTRUCTIONS FOR CERTIFICATION**

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
5. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549: 45 CFR Part 76. See the attached definitions.
6. The prospective primary participant agrees by submitting this proposal (contract) that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by DHHS.
7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).
9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and

New Hampshire Department of Health and Human Services  
Exhibit F

information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

- 10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, DHHS may terminate this transaction for cause or default.

PRIMARY COVERED TRANSACTIONS

- 11. The prospective primary participant certifies to the best of its knowledge and belief, that it and its principals:
11.1. are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any Federal department or agency;
11.2. have not within a three-year period preceding this proposal (contract) been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) transaction or a contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;

11.4. have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State or local) terminated for cause or default.
12. Where the prospective primary participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal (contract).

LOWER TIER COVERED TRANSACTIONS

- 13. By signing and submitting this lower tier proposal (contract), the prospective lower tier participant, as defined in 45 CFR Part 76, certifies to the best of its knowledge and belief that it and its principals:
