REQUESTED ACTION

Authorize the Office of Strategic Initiatives (OSI) to amend the **SOLE SOURCE** Contract Agreement (Contract #1057163) with Southwestern Community Services, Inc. (VC #177511), Keene, NH, by increasing the contract amount by $76,266.00 from $76,266.00 to $152,532.00 for the repair or replacement of malfunctioning heating systems in low income households receiving weatherization services, effective upon approval of Governor and Executive Council, through June 30, 2018. This contract was originally approved by Governor and Executive Council on July 19, 2017, Item #46. 100% Federal Funds (US DHHS/LIHEAP).

Office of Strategic Initiatives, Fuel Assistance	FY 2018
01-02-02-024010-77050000	
074-500587 Grant for Pub. Assist & Relief	$76,266.00

EXPLANATION

This contract amendment is **SOLE SOURCE** based on the historical performance of the Community Action Agencies (CAAs) in implementing both the Fuel Assistance Program and the Weatherization Assistance Program, their outreach and client service capabilities, the synergies that result from the five statewide CAAs' implementation of several other federal assistance programs, and the infrastructure that is already in place to deliver these services.

The Heating Repair and Replacement Program (HRRP), funded through the US Department of Health and Human Services Low Income Home Energy Assistance Program (LIHEAP), provides resources to repair or replace malfunctioning and unsafe heating systems in eligible low income homes. Each year dozens of heating systems are repaired or replaced, providing heat to low income families and often enabling weatherization improvements to their homes. The HRRP program is implemented in coordination with the U.S. Department of Energy's (US DOE) Weatherization Assistance Program.

In the event Federal Funds are no longer available, General Funds will not be requested to support this contract.

Respectfully submitted,

CHRISTOPHER T. SUNUNU

Approval by the Governor
and Council on 7.19.17
Agenda Item 4e
P0 1057163

His Excellency, Governor Christopher T. Sununu
and the Honorable Council
State House
Concord, New Hampshire 03301

REQUESTED ACTION

1) Authorize the Office of Energy and Planning (OEP) to enter into a **SOLE SOURCE** contract with Southwestern Community Services, Inc. (VC #177511), Keene, NH in the amount of $76,266.00 for the repair or replacement of malfunctioning heating systems in low-income households receiving weatherization services, effective July 19, 2017 through June 30, 2018, upon approval of Governor and Executive Council. 100% Federal Funds (US DHHS/LIHEAP).

Funding is available in the following account, Fuel Assistance, contingent upon the availability and continued appropriation of funds in the FY2018 operating budget, as follows:

01-02-02-024010-77050000-500587	FY 2018
Grants for Pub Assist & Relief	$76,266.00

2) Further request authorization to advance the vendor $13,766.00 of the above-referenced contract amount.

EXPLANATION

This contract is **SOLE SOURCE** because although the Heating Repair and Replacement Program (HRRP) is funded by the US Department of Health and Human Services, it is implemented in coordination with the U.S. Department of Energy's (US DOE) Weatherization Assistance Program. The Weatherization Program is delivered by the New Hampshire Community Action Agencies (CAAs), as they have preferred status under US DOE grant guidance due to their nonprofit status, their role providing a range of services to clients eligible for weatherization, and their historical performance in delivering the Weatherization Assistance Program.

OEP is responsible for administering both the Weatherization Assistance Program and the HRRP. The objective of the Weatherization Assistance Program is to weatherize homes to reduce energy consumption and energy costs in low-income households. Priority is given to the elderly, disabled, households with infant children, and households with high energy usage. The HRRP funds provide important repairs or heating system replacements to eligible families whose heating systems have failed or which require repair in order to operate safely. Each year dozens of heating systems are repaired or replaced, providing much needed heat to low income families, and often enabling weatherization improvements to their homes.

The advance of funds will allow the CAA to respond quickly when the need arises for a heating system repair or replacement, so that they can pay contractors and vendors in advance of receiving monthly reimbursements from the State. Smaller contractors often do not have the capital to carry expenses for extended periods of time, and the CAAs often do not have other funds sufficient to pay the contractors before monthly reimbursement is received.

In the event Federal Funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

Myles Matteson
Director

EXHIBIT A

Scope of Services

1. The Heating Repair and Replacement Program (HRRP) provides funds for the repair or replacement of malfunctioning heating systems in low-income households receiving weatherization services from the Community Action Agencies. The HRRP is funded through the Federal Low Income Home Energy Assistance Program (LIHEAP) administered by the Office of Energy and Planning.

2. This Heating Repair and Replacement Program (HRRP) contract term is from July 19, 2017, through June 30, 2018, pending approval of the Governor and Executive Council.

3. Southwestern Community Services, Inc., hereinafter "the Contractor," agrees to perform HRRP Weatherization-related services, and all such services and other work necessary to implement said services for low income individuals in accordance with the regulations set forth by the U.S. Department of Energy in 10 CFR 440 dated February 1, 2002, and 2 CFR 200 as amended, when applicable in accordance with the Low Income Home Energy Assistance Program Federal regulations 45 CFR 96; and in accordance with the provisions and procedures contained in the most recent New Hampshire Weatherization Assistance Program (NHWAP) State Plan, NHWAP Policies and Procedures Manual (P&PM) and Field Guide; and as otherwise administered by the NH Office of Energy and Planning (OEP).

   Periodically OEP may issue Subgrantee Guidance (SG) and Subgrantee Notices (SN) or other clarifications as necessary. All such changes shall be considered as incorporated into the NHWAP Policies and Procedures Manual. The Contractor agrees to alter the Program procedures in accordance with a SG, SN, or other instructions.

4. The Contractor agrees to perform HRRP and weatherization services, as identified in Exhibit "B," using HRRP funds, on the number of units proposed in the Contractor's Management Plan submitted to and approved by OEP. All such services shall be implemented according to the standards outlined in the most recent NHWAP Policies and Procedures Manual and NH Weatherization Field Guide, as modified by the rules governing LIHEAP-funded weatherization practices.

   a) No HRRP funds shall be reimbursed to the Contractor until a management plan and a budget for the Contractor's HRRP project period have been approved by OEP.

   b) Unit production – the number of heating systems repaired or replaced and the amount of funds expended – shall conform to the Management Plan approved by OEP. Best efforts should be made to expend all funds within the allotted contract period. Shortfalls of more than 20% from expected production goals in any given quarter may result in a reduction of the contract amounts and a reallocation of funds to other contractors. Reallocations will occur at OEP's discretion.

   c) HRRP funds shall only be used for the repair and/or replacement of heating and heating distribution systems, domestic hot water systems, and associated repairs necessary to perform said heating system or distribution system repairs and such systems shall be repaired or replaced as described in the most recent NHWAP Policies and Procedures Manual and NH Weatherization Field Guide. Any completed units determined by OEP not to meet minimum program standards shall be improved by the Contractor to meet said standards within thirty days of notification or the costs associated with such unit will be disallowed by OEP and the unit will not count as a production completion.

5. This agreement consists of the following documents: Exhibits A, B, C, D, E, F, G, H, I, and J, which are all incorporated herein by reference as if fully set forth herein.

EXHIBIT B

Methods and Conditions of Payment

In consideration of the satisfactory performance of the Services set forth in Exhibit A, the State agrees to pay the Contractor, Southwestern Community Services, Inc., up to the total sum of:

\$ 76,266.00	(which hereinafter is referred to as the "Contracted Amount"), of which
\$ 3,813.00	is the maximum to be spent on HRRP related administrative costs,
\$ 13,766.00	will be issued as a cash advance for HRRP production.

The cash advance will be distributed after approval of this contract by the Governor and Executive Council but not before the funds are available federally, by and for the State.

Drawdowns from the total contracted amount will be paid to the Contractor only after written documentation of cash need is submitted to OEP. Disbursement of the contracted amount shall be made in accordance with the procedures established by the State and 2 CFR 200.305(b) on an advance basis; limited to minimum amounts needed; and be timed to be in accordance with the actual, immediate cash requirements of the Contractor in carrying out the purpose of the program. The Contractor must make timely payments to (sub)contractors in accordance with the contract provisions. Contractor shall submit a payment request to OEP for each month of the contract period. Payment requests from Contractor shall be received at OEP no later than the 15th day of each month, or the first business day following the 15th day.

Administrative costs are provided in exchange for a number of unit completions to be specified by the Contractor in its PY17 HRRP Management Plan, which must be approved by OEP prior to the reimbursement of any HRRP funds. Administrative funds may be pro-rated by OEP if unit production completions do not meet expected goals during the course of the program year.

OEP will also be allowed, as a function of its administrative oversight, to modify contracted budget amounts as necessary and identified in Exhibit "A" part 4(a) to ensure the efficient and effective operation of the Grant as long as these modified expenditures do not exceed the total "Contracted Amount" as specified above.

CERTIFICATION REGARDING DEBARMENT, SUSPENSION, AND OTHER RESPONSIBILITY MATTERS - PRIMARY COVERED TRANSACTIONS

Instructions for Certification

(1) By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.

(2) The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Office of Energy and Planning (OEP) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.

(3) The certification in this clause is a material representation of fact upon which reliance was placed when OEP determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, OEP may terminate this transaction for cause or default.

(4) The prospective primary participant shall provide immediate written notice to the OEP agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

(5) The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549: 45 CFR Part 76.

(6) The prospective primary participant agrees by submitting this proposal (contract) that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by OEP.

(7) The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," provided by OEP, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

(8) A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Non-procurement List (of excluded parties).

(9) Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

(9) Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, OEP may terminate this transaction for cause or default.

Certification Regarding Debarment, Suspension, and Other Responsibility Matters - Primary Covered Transactions

(1) The prospective primary participant certifies to the best of its knowledge and belief, that it and its principals:

(a) are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any Federal department or agency;

(b) have not within a three-year period preceding this proposal (contract) been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) transaction or a contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;

(c) are not presently indicted for otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in paragraph (l) (b) of this certification; and

(d) have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State or local) terminated for cause or default.

(2) Where the prospective primary participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal (contract).

Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions
(To Be Supplied to Lower Tier Participants)

By signing and submitting this lower tier proposal (contract), the prospective lower tier participant, as defined in 45 CFR Part 76, certifies to the best of its knowledge and belief that it and its principals:

(a) are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.

(b) where the prospective lower tier participant is unable to certify to any of the above, such prospective participant shall attach an explanation to this proposal (contract).

INDEPENDENT AUDITORS' REPORT

Report on the Financial Statements
We have audited the accompanying consolidated financial statements of Southwestern Community Services, Inc. (a New Hampshire nonprofit corporation) and related companies, which comprise the consolidated statements of financial position as of May 31, 2016 and 2015, and the related consolidated statements of cash flows, and notes to the financial statements for the years then ended, and the related statements of activities and functional expenses for the year ended May 31, 2016.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility
Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion
In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Southwestern Community Services, Inc. and related companies as of May 31, 2016 and 2015, and the changes in their net assets and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Summarized Comparative Information
We have previously audited Southwestern Community Services, Inc. and related companies' 2015 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated December 23, 2015. In our opinion, the summarized comparative information presented herein as of and for the year ended May 31, 2015, is consistent, in all material respects, with the audited financial statements from which it has been derived.

Other Information
Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and the Schedule of Functional Revenues and Expenses are presented for purposes of additional analysis and are not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the consolidated financial statements as a whole.

Other Reporting Required by Government Auditing Standards
In accordance with *Government Auditing Standards*, we have also issued our report dated November 11, 2016, on our consideration of Southwestern Community Services, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Southwestern Community Services, Inc.'s internal control over financial reporting and compliance.

The primary source of revenues is derived from governmental contracts.

Basis of Accounting

The consolidated financial statements of Southwestern Community Services, Inc. and related companies have been prepared utilizing the accrual basis of accounting in accordance with generally accepted accounting principles. The consolidated financial statements include the accounts of Southwestern Community Services, Inc., SCS Management Corp., and SCS Housing, Inc. The three corporations are combined because Southwestern Community Services, Inc. controls more than 50% of the voting power. All significant intercompany items and transactions have been eliminated from the basic consolidated financial statements.

For the years ended May 31, 2016 and 2015, Drewsville, North Walpole, Troy, Peterborough, Hinsdale, Jaffrey, Troy Senior, and Keene Eastside have been consolidated with the Organization because the Organization owns 100% of the voting power. Troy Senior and Keene Eastside were acquired by the Organization during the year ended May 31, 2016, and Peterborough, Hinsdale, and Jaffrey were acquired during the year ended May 31, 2015. During the year ended May 31, 2016, the Organization sold North Walpole, Troy, Peterborough, and Hinsdale. All significant intercompany items and transactions have been eliminated from the basic consolidated financial statements.

Basis of Presentation
Financial statement presentation follows the recommendations of the Accounting Standard Codification No. 958-210, Financial Statements of Not-for-Profit Organizations. Under FASB ASC 958-210, the Organization is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets based upon the existence or absence of donor-imposed restrictions.

Unrestricted: Net assets that are not subject to donor-imposed stipulations. Unrestricted net assets may be designated for specific purposes by action of the Board of Directors.

Temporarily Restricted: Net assets whose use is limited by donor imposed stipulations that will either expire with the passage of time or be fulfilled or removed by actions of the Organization.

Permanently Restricted: Net assets reflecting the historical cost of gifts (and in certain circumstances, the earnings from those gifts), subject to donor - imposed stipulations, which require the corpus to be invested in perpetuity to produce income for general or specific purposes.

As of May 31, 2016 and 2015, the Organization had unrestricted and temporarily restricted net assets.

The financial statements include certain prior-year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with generally accepted accounting principles. Accordingly, such information should be read in conjunction with the Organization's financial statements for the year ended May 31, 2015 from which the summarized information was derived.

Refundable Advances
The Organization records grant and contract revenue as refundable advances until it is expended for the purpose of the grant or contract, at which time it is recognized as revenue.

In-Kind Support
The Organization records various types of in-kind support including professional services and materials. Contributed professional services are recognized if the service received creates or enhances long-lived assets or requires specialized skill, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation. Contributions of tangible assets are recognized at fair value when received.

Estimates
The presentation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the

reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

For purposes of the statement of cash flows, the Organization considers all liquid investments purchased with original maturities of three months or less to be cash equivalents.

Accounts Receivable

Accounts receivable are stated at the amount management expects to collect from balances outstanding at year end. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to accounts receivable. The allowance for uncollectible accounts was estimated to be zero at May 31, 2016 and 2015. The Organization has no policy for charging interest on overdue accounts.

Notes Receivable

The Organization has two notes receivable from an unrelated third party. The notes receivable are stated at the amount that is expected to be collected at year end. Interest is accrued at a rate of 4% annually. The balance of the notes receivable and related interest receivable is $112,000 and $36,587, respectively at May 31, 2016 and $112,000 and $32,107, respectively at May 31, 2015.

Inventory

Inventory is recorded at cost or at fair value if contributed. Inventory consists of property developments, which when complete, will be held for sale. There are no property developments in process at May 31, 2016.

Current Vulnerability Due to Certain Concentrations

The Organization is operated in a heavily regulated environment. The operations of the Organization are subject to the administrative directives, rules and regulations of federal, state and local regulatory agencies. Such administrative directives, rules and regulations are subject to change by an act of Congress or Legislature. Such changes may occur with little notice or inadequate funding to pay for the related cost, including the additional administrative burden, to comply with a change. For the years ended May 31, 2016 and 2015, approximately 66% and 68%, respectively, of the Organization's total revenue was received from government agencies. The future nature of the organization is dependent upon continued support from the government.

Concentration of Credit Risk

The Organization maintains its cash accounts in several financial institutions, which at times may exceed federally insured limits. The Organization has not experienced any losses in such accounts and believes it is not exposed to any significant risk with respect to these accounts. At May 31, 2016, cash balances in excess of federally insured limits aggregated approximately $960,000. At May 31, 2015, no balance exceeded the federally insured limits.

Property and Depreciation

Purchased property and equipment are stated at cost at the date of acquisition or at fair value at the date of receipt in the case of donated property. The Organization generally capitalizes and depreciates all assets with a cost greater than $5,000 and an expected life greater than one year. Depreciation is provided for using the straight-line method in amounts designed to amortize the cost of the assets over their estimated useful lives as follows:

Buildings and improvements	10 - 40 Years
Vehicles and equipment	5 - 10 Years
Furniture and fixtures	7 Years

The use of certain assets is specified under the terms of grants received from agencies of the federal government. These grants also place liens on certain assets and impose restrictions on the use of funds received from the disposition of the property.

Advertising

The Organization expenses advertising costs as incurred.

Revenue Recognition

Amounts received from conditional grants and contracts received for specific purposes are generally recognized as income to the extent that related expenses and conditions are incurred or met. Conditional grants received prior to the conditions being met are reported as refundable advances. Contributions of cash and other assets are reported as restricted if they are received with donor imposed stipulations that limit the use of the donated assets. However, if a restriction is fulfilled in the same period in which the contribution is received, the Organization reports the support as unrestricted.

Income Taxes

Southwestern Community Services, Inc. and SCS Management Corporation are exempt from Federal income taxes under Section 501(c)(3) of the Internal Revenue Code and are not a private foundation. As such, they are exempt from income tax on its exempt function income.

SCS Housing, Inc. is taxed as a corporation and has federal net operating loss carryforwards totaling $808,894 and $800,793 at May 31, 2016 and 2015, respectively. These loss carryforwards may be offset against future taxable income and, if not used, will begin to expire in 2027.

The tax effects of the carryforwards as related to deferred tax assets is as follows as of May 31, 2016 and 2015:

	2016	2015
Tax benefit from loss carryforwards	$121,334	$120,119
Valuation allowance	(121,334)	(120,119)
Deferred tax asset	$ -	$ -

Drewsville, North Walpole, Troy, Peterborough, Hinsdale, Jaffrey, Troy, Senior and Keene Eastside are taxed as partnerships. Federal income taxes are not payable by, or provided for these entities. Earnings and losses are included in the partners' federal income tax returns based on their share of partnership earnings. Partnerships are required to file income tax returns with the State of New Hampshire and pay an income tax at the state's statutory rate.

Accounting Standard Codification No. 740, "Accounting for Income Taxes," established the minimum threshold for recognizing, and a system for measuring, the benefits of tax return positions in financial statements. Management has analyzed the Organization's tax position taken on its income tax returns for all open years (tax years ending May 31, 2013 – 2016), and has concluded that no additional provision for income taxes is necessary in the Organization's financial statements.

<u>Fair Value of Financial Instruments</u>

FASB ASC Topic No. 820-10, Financial Instruments, provides a definition of fair value which focuses on an exit price rather than an entry price, establishes a framework in generally accepted accounting principles for measuring fair value which emphasizes that fair value is a market-based measurement, not an entity-specific measurement, and requires expanded disclosures about fair value measurements. In accordance with ASC 820-10, the Organization may use valuation techniques consistent with market, income and cost approaches to measure fair value. As a basis for considering market participant assumptions in fair value measurements, Topic 820-10 establishes a fair value hierarchy, which prioritizes the inputs used in measuring fair values. The hierarchy gives the highest priority to Level 1 measurements and the lowest priority to Level 3 measurements. The three levels of the fair value hierarchy under ASC Topic 820-10 are described as follows:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date.

Level 2 - Inputs to the valuation methodology are other than quoted market prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies.

Level 3 - Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

The carrying amount of cash, accounts receivables, prepaid expenses, inventory, accounts payable, accrued expenses, and refundable advances approximates fair value because of the short maturity of those instruments.

Functional Allocation of Expenses

The costs of providing the various programs and other activities have been summarized on a functional basis. Accordingly, costs have been allocated among the program services and supporting activities benefited.

NOTE 2 BANK LINE OF CREDIT
