His Excellency, Governor Christopher T. Sununu  
and the Honorable Executive Council  
State House  
Concord, New Hampshire 03301

**REQUESTED ACTION**

- 1) Pursuant to RSA 227-H:9, authorize the Department of Natural and Cultural Resources, Division of Forests and Lands (DNCR) to enter into a one-year lease agreement with Wireless Partners Networks, LLC of Portland, Maine for equipment and antenna space in designated areas at Milan Hill in Milan Hill State Park, with the option to extend the lease for four (4) additional one year periods, effective upon Governor and Council approval.
- 2) Further authorize the DNCR to accept annual rental payment revenue.

Revenue will be posted to 03-35-35-351010-86820000 - Communication Sites Ops as follows:

State FY	Class-Account	Class- Account Title	Annual Rent Amount
2020	008-403073	Agy Income - Mt Top Tower Fund	\$17,055.36
2021	008-403073	Agy Income - Mt Top Tower Fund	\$17,567.02

2024	008-403073	Agy Income - Mt Top Tower Fund	\$19,195.96
		Total:	\$90,549.22

**EXPLANATION**

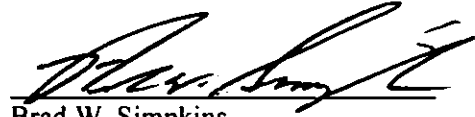

Wireless Partners Networks, LLC is a provider of carrier-grade wireless telecommunication services. The company has requested to co-locate at DNCR's Milan Hill communication site in order to improve cellular reception in this part of the state. An annual rent increase of 3% will be applied should the parties opt to extend the lease beyond the first year.

The Lease is subject to DNCR's "Policy on Use and Management of DNCR Communication Facilities" attached as Exhibit A and all installed communication equipment shall meet the guidelines set forth by DNCR's "Technical Requirements for the Use of Communication Sites" attached as Exhibit B.

The Attorney General's office has reviewed and approved the Lease as to form, substance, and execution.

Respectfully submitted,

Concurred,

Brad W. Simpkins  
Director

Sarah L. Stewart  
Commissioner

**LEASE AGREEMENT**  
**WIRELESS PARTNERS NETWORKS, LLC**  
**MILAN HILL**  
**MILAN HILL STATE PARK**  
**MILAN, NEW HAMPSHIRE**

<b><u>CRITICAL DATES / TERM / RENT</u></b> (for State use only)	
<b>DEFINITION</b>	<b>DATE</b>
<b>Term Effective Date:</b> Governor and Council approval date	
<b>Billing Commencement Date:</b> beginning invoice date for rent owed, set by Lease terms to be monthly, quarterly, or annual	
<b>Term &amp; Initial Annual Rent:</b> 1 year with four, one-year options to extend beginning at \$17,055.36, subject to an annual 3 % adjustment.	

THIS LEASE AGREEMENT ("the Lease"), is made and entered into by and between the State of New Hampshire acting through its Department of Natural and Cultural Resources, having a mailing address of 172 Pembroke Road, Concord, New Hampshire 03301 ("the State"), under authority of RSA 227-H:9, and Wireless Partners Networks, LLC, a limited liability company organized under the laws of the State of Maine and having its place of business at 5 Milk Street, Suite 420, Portland, ME 04101("the lessee"). The State and the lessee together shall be "the Parties".

NOW, THEREFORE the Parties agree as follows:

**PURPOSE:** Provide for the use by the lessee of certain areas and improvements within and upon the real property known as the top of Milan Hill, located in Milan Hill State Park, according to the terms and conditions set forth below.

-WITNESSETH THAT-

**I. LEASED PREMISES**

the State, for and in consideration of the covenants and Agreements hereinafter contained and made on the part of the lessee, does hereby Lease to the lessee:

- a) Designated space at the 100 foot level on the communication tower
- b) Designated floor space for one 19 inch cabinet rack in the equipment shelter
- c) Right to install and maintain non-overhead electric and telephone lines to the equipment shelter and antenna cables from the equipment shelter to the communication tower, and a communication tower/Equipment Building grounding system.
- d) Together with the right in common with the public and others entitled thereto to use the roadways and hiking trails on Milan Hill as a means of passing and repassing from the State Park maintained portion of Fire Tower Road to the summit for the transportation of equipment and personnel in connection with the installation, operation and maintenance of

the authorized facilities

The above described land and rights shall hereinafter be called the "leased Premises."

II. ENTRY AND USE OF LEASED PREMISES

The lessee shall be permitted to enter and use the leased Premises as a wireless communication site. The lessee shall not be permitted to use the leased Premises for any other purpose except by prior written approval of the State. The State shall have the right to request identification of any and all individuals representing the lessee who seek access to the Property under the terms of the Lease and to deny access to the Property by certain individuals identified, if necessary.

The State shall be notified forty eight (48) hours before the start of work, or planned maintenance, at the leased Premises during normal business hours, Monday thru Friday between 8 a.m. and 4 p.m., however; unexpected/emergency repairs may be made immediately, with notice of such actions being made to the State within twenty four (24) hours.

Access Notifications should be made via phone, text message, or email to:

Justin Bellen  
Communications Technician  
NH Division of Forests and Lands  
172 Pembroke Road  
Concord NH 03301  
Office: (O)603-271-2654  
Cell : (M)603-892-5620

III. AUTHORIZED FACILITIES

Please refer to Exhibit D of this lease for a list of authorized facilities.

No additional facilities shall be allowed without written permission of the State. The approval by the State of replacement of facilities in kind shall not be unreasonably withheld or delayed.

IV. ACCESS LIMITATION

Access to Milan Hill is by the existing road which is not maintained for vehicular traffic in the winter. Snowmobile access is permitted when adequate snow cover conditions exist. Adequate snow cover is defined as that quantity and quality of snow that will allow safe travel without damage to the road, hiking trail or the forest environment.

The lessee will be held responsible for damage to State land resulting from improper motorized access to Milan Hill State Park by the lessee, or their agents.

V. TERM

The Lease shall be effective as of the date of approval by the Governor and the Executive Council (Term Effective Date), The term shall be for one (1) year with four (4) one year options to extend. The extension options shall be exercised by written notice to the State sixty (60) days prior to expiration of the then applicable term. The State agrees that it will negotiate a new Lease with the lessee in good faith at the conclusion of the term.

VI. BENEFICIAL SERVICES

Not Applicable

VII. RENT – OR CONSIDERATION

<b>Description</b>	<b>Annual Dollars</b>	<b>monthly Dollars</b>
Calculated Initial Year Rent	\$17,055.36	\$1,421.28
Beneficial Service Credit		
Final Initial Year Rent	\$17,055.36	\$1,421.28

Payment shall be monthly pursuant to a State issued invoice and shall commence on the first of the month following full installation of all the Facilities pursuant to EXHIBIT D, verified by the State's Communications Technician, and approved to begin/resume operation according to the Lease ("Billing Commencement Date"). Payment should be made to the State or to such other person, firm or place as the State may, from time to time, designate in writing at least thirty (30) days in advance of any rental payment date by notice given in accordance with Section XXIII below.

Rent payment shall be by check made payable to "Treasurer, State of New Hampshire," delivered to Business Office, Department of Natural and Cultural Resources, 172 Pembroke Rd, Concord, NH 03301, beginning on the Billing Commencement Date (as described above), and monthly thereafter, throughout the term of the Lease.

The State agrees that the lessee shall be entitled to connect their Facilities to the emergency backup power generator. The State agrees that it shall be responsible for the maintenance, service, fueling and in all other respects for the generator. lessee's sole cost for its use of the generator shall be its share of the cost of fuel, determined based on the percentage of power drawn by lessee's Facilities, compared with the power drawn by all other components and devices powered by the generator. Lessee agrees to pay for the electricity use by their equipment at the prevailing rate and will be billed monthly/quarterly with payments made to the Treasurer – State of New Hampshire.

During the term of the Lease the lessee shall pay for all electricity and heat for the leased Premises when invoiced by the State. Payment shall be due to the State within thirty (30) days of the date of the State's invoice. The State will review annual rates after the first of the year and said rates will be set and effective by March 1<sup>st</sup> of each year of the Lease Term for the forthcoming year. Nonpayment within five (5) business days following notification by the State of lessee's failure to pay utilities when due shall constitute a material breach of contract.

VIII. ANNUAL ESCALATION

Each year on the anniversary of the Billing Commencement Date the current Lease amount will be adjusted by applying a Three (3) percent escalator.

IX. CONDITIONS TO ENTRY AND WORK ON THE LEASED PREMISES

The lessee shall take precautions to minimize the impact of any work on the Property. The lessee must coordinate any entry or activity on the Property in advance with the State's Communications Technician. The lessee agrees to comply with all local, state and federal laws, rules and ordinances applicable to the work, and further agrees to exercise due care in the performance of all work on the Property. The lessee shall be responsible for determining the location of all underground utilities prior to the commencement of any work. The lessee, its contractors, agents, employees or assigns shall not make or cause to be made any governmental filings regarding the Property without the prior written consent of the State. Notwithstanding any other provisions in the Lease, the provisions of this Section shall survive the expiration or termination of the Lease. The lessee shall restore the Property to its existing condition, reasonable wear and tear excepted, including removal of all its equipment, and shall indemnify and hold harmless the State from all loss, costs, injury or damage to persons including death, or property arising out of the lessee's employees, agents, assigns or contractor's actions with respect to entry upon the Property pursuant to this right of entry.

X. TAXES

Unless otherwise exempt from these obligations, the lessee shall pay, in addition to any other payments provided hereunder, all taxes and all fees, assessments and other costs or expenses now or hereafter imposed by any government authority, directly in connection with the lessee's equipment or use of the leased Premises. In addition, to the extent permitted by law, the lessee shall pay that portion, if any, of the personal property taxes or other taxes directly attributable to the lessee's equipment. Unless it is exempt from such taxation, the lessee shall pay any increase in real estate taxes levied against the leased Premises and the lessee's equipment directly attributable to the lessee's use and occupancy of the Lease Premises pursuant to the application of RSA 72:23 I, which provides for taxation of certain State properties used or occupied by persons or entities other than the State. If lessee contends that it is exempt from such taxation, lessee will provide the State with documentation substantiating the exemption upon the reasonable request of the State.

If required to by law, the lessee shall make payment of such taxes, fees, and assessments to the

State or such government authority as has invoiced taxes, fees, and assessments, within thirty (30) days of the date of invoice. Failure of the lessee to pay the duly and legally assessed real estate and/or personal property taxes, fees and assessments when due shall be cause to terminate the Lease by the State provided written notice has been given the lessee by the party assessing the tax and sixty (60) days have elapsed from the date of the receipt of notice by the lessee and no payment has been made.

XI. RIGHT TO LEASE - COMPLIANCE WITH LAW

The State represents that it has the full right, title, interest, power and authority to enter into the Lease and to let the leased Premises for the term herein granted. The lessee shall comply with all applicable federal and state laws, rules and regulations in connection with the operation of the Lease.

XII. QUIET ENJOYMENT-INSPECTION

The lessee, upon the payment of the rent herein provided, and upon the performance of all of the terms of the Lease, shall peaceably and quietly have, hold and enjoy the leased Premises without any hindrance, disturbance, interference or interruption from the State or from any persons claiming by, through and under the State.

Provided however, the lessee agrees that the State or any of its duly authorized agents may with reasonable notice to the lessee, inspect any and all the lessee Property located on the leased Premises during usual business hours; and

The lessee understands and hereby accepts that other leasehold tenants occupy the Property which may result in possible inconvenience when another lessee is doing work coincidentally onsite.

XIII. MUTUAL NON-INTERFERENCE - CONFLICTS WITH RECREATIONAL USERS

The lessee agrees to install radio equipment of the type and frequency which will not cause measurable interference to the State, other lessees of the premises or neighboring landowners. In the event the equipment of the lessee causes such interference, and after the State has notified the lessee of such interference, the lessee will take all steps necessary to correct and eliminate the interference. Continued interference problems caused by the equipment of the lessee shall be just cause for termination of the Lease subject to the provisions of Section XXX

The State agrees that the State and any other tenants of the Property who currently have or in the future take possession of the Property will be permitted to install only such radio equipment that is of the type and frequency which will not cause measurable interference to the lessee. In the event any such equipment of the State or of another tenant at the Property causes such interference, the State will see that the interfering party takes all steps necessary to correct and eliminate the interference.

The State covenants and agrees that it will not permit or allow the erection, installation or construction of any buildings, or structures, on any portion of its remaining land at the Property that will shield or obstruct or otherwise interfere with the reception or transmitting of radio signals over the paths established by the lessee; however, the lessee agrees to comply with all reasonable

requests in writing of the State or any of its agents as to particular situations which may arise to permit the erection, installation or construction of such structures. In no event however, shall the lessee's compliance with such requests relieve the State of its obligation to see that the State or any other interfering party take all steps necessary to correct and eliminate any interference caused thereby. In addition, all reasonable precautions will be taken by the lessee to ensure that there will be no conflict with the State's use, which can include the public's use of the Property including, but not limited to, obstructing access to the summit or viewpoints from the summit.

XIV. ASSIGNMENT/SUBLEASE

The Lessee may not assign or transfer its rights under the Lease or sublease any portion of the Leased Premises to any third party without the express written permission of the State.

However, the interest of the Lessee under the Lease may be freely assigned in the following cases: (1) in connection with the transfer of the FCC authorization to operate a wireless communication system, so that the name and identity of the holder of the interest of the Lessee hereunder can be consistent with the name and identity of the holder of said FCC authorization; and (2) to principals, affiliates, subsidiaries of its principals, in each case of the Lessee, or to any entity which acquires all or substantially all of the assets of the Lessee in the New Hampshire market by reason of a merger, acquisition or other business reorganization.

XV. COMMUNICATION SITE POLICY-TECHNICAL REQUIREMENTS

The Lease is granted subject to the State of New Hampshire Department of Natural and Cultural Resources "Policy on Use and Management of DNCR Communication Facilities" adopted November 7, 1989, and last revised in July 2017, a copy of which is attached herewith, made a part hereof, and is marked Exhibit "A".

All communications equipment and appurtenances shall be installed in compliance with the "State of New Hampshire Department of Natural and Cultural Resources Technical Requirements for Use of Communication Sites" adopted June 30, 1995, and last revised in July, 2017, a copy of which is attached herewith, made a part hereof, and is marked Exhibit "B".

XVI. INDEMNIFICATION-LIABILITY INSURANCE

The lessee shall indemnify and save the State harmless from any and all costs, claims, loss, damage, damages, liability, demands and suits of any kind, by whomever brought, that may in whole or in part arise from or be caused by:

- a) The operation, maintenance, use or occupation of the herein leased Premises by the lessee; or
- b) The acts, omissions or gross negligence of the lessee, its agents, officers, employees or
- c) The failure of the lessee to observe and abide by any of the terms or conditions of the Lease or any applicable law, ordinance, rule, or regulation. The obligation of the lessee to

so relieve the State shall continue during any period of occupancy or of holding over by the lessee, its agents, officers, or employees beyond the expiration or other termination of the Lease.

However, nothing in this paragraph shall require the lessee to indemnify the State against the willful or negligent actions by the State.

The lessee shall, during the full term of the Lease, at the expense of the lessee, carry commercial general liability insurance providing either combined single limit of not less than two Million Dollars (\$2,000,000) or not less than Five Hundred Thousand Dollars (\$500,000) per person and Two Million Dollars (\$2,000,000) per occurrence which shall protect both of the Parties against all claims for personal injury, death, and property damage and certificates thereof shall be delivered to the State within ten (10) days after the date of execution of the Lease, and thereafter at least thirty (30) days prior to expiration of the effective policy. The lessee shall name the State as an additional insured on said insurance policy.

XVII. WORKERS COMPENSATION INSURANCE

The lessee must demonstrate compliance with, or exemption from compliance with, applicable workers' compensation statutes, including RSA 281-A and any other applicable laws or rules.

XVIII. RISK OF LOSS - FIRE - CASUALTY

All property of every kind installed by the lessee on the leased Premises shall be at the sole risk of the lessee and the State shall not be liable to the lessee or any other person for any injury, loss, damage, or inconvenience occasioned by any cause whatsoever to lessee installed property. The lessee shall be responsible for maintaining appropriate property insurance for its interest in the leased Premises and property located thereon.

Should the existing Equipment Building on the Property be substantially damaged by fire, other casualty or act of God, then the State shall notify the lessee as soon as it is able as to whether or not the State intends to rebuild the Equipment Building and the likely time frame within which the rebuilding would be accomplished. During such rebuilding the lessee shall, at its option, have the right to erect suitable temporary structures to effectuate the broadcast of the signal of the lessee. If the State elects not to rebuild the Equipment Building then the lessee may, at its option, elect either to terminate the Lease or to rebuild on the same site, substitute structures of similar design and size as existed prior to the damage with the approval of the State, which shall not be unreasonably withheld.

The State shall not be obligated to rebuild or replace any building wholly or substantially destroyed by fire, flood, weather event, act of God, or other casualty. The State shall not be liable to lessee for any injury, loss, damage, or inconvenience occasioned by any cause whatsoever to the Property, including but not limited to any loss of income for any function, program or contract that may not take place for whatever reason due to an emergency or unforeseeable situation.

XIX. INSTALLATION AND MAINTENANCE - COST

All improvements installed by the lessee at the Property for its sole benefit shall be at the expense of the lessee, and subject to prior written approval by the State. During the term of the Lease, the lessee will maintain such improvements installed by the lessee on the Property in a safe and reasonable condition, and neat in appearance so as to minimize visual impact. The materials and design for the installation at the Property shall comply with all applicable federal, state and local laws, rules and approvals. The lessee shall have all construction plans relating to the project at the Property approved by applicable federal, state and local governmental authorities having jurisdiction over construction and installation of cell facilities on the Property ("Governmental Authorities") prior to the commencement of such construction and installation.

It is understood and agreed that the ability of the lessee to use the Property is contingent upon its obtaining, after the execution date of the Lease, all of the certificates, permits and other approvals that may be required by any Governmental Authority as well as a satisfactory building structural analysis, so as to permit the use by the lessee of the Property as contemplated by the Lease. The State shall cooperate with the lessee in its effort to obtain all required Governmental Authority approvals, and shall take no action which would adversely affect the status of the Property with respect to the proposed use thereof by the lessee. In the event that any of such applications should be finally rejected or any certificate, permit, license or approval issued to the lessee is canceled, expires, lapses, or is otherwise withdrawn or terminated by the relevant Governmental Authority, or, in the event that the lessee determines that the Property site is no longer technically compatible for the use contemplated by the Lease, or that the lessee, in its sole discretion, will be unable to use the Property for its intended purposes, the lessee shall have the right to terminate the Lease subject to 90-day written notice to the State. Notice of the exercise by the lessee of its right to terminate shall be given to the State in writing by certified mail, return receipt requested, and shall be effective upon the mailing of such notice by the lessee. All rentals paid to said termination date shall be retained by the State. Upon such termination, the Lease shall become null and void and, except as expressly provided in the Lease, the parties shall have no further obligations including the payment of money, to each other. The lessee shall remove any and all of its property from the Property prior to termination of the Lease under this paragraph.

## XX. CONDITIONS - RENT ABATEMENT

The obligations of the lessee hereunder, including the obligations to pay rent, are expressly conditioned upon and subject to the following:

- a) The continued authorization of the lessee to use the Facilities for the purposes intended by the lessee pursuant to all necessary approvals from Governmental Authorities relating to such use; and
- b) The continued retention by the State of good, clear, and marketable title to the Property underlying the leased Premises, and such title remaining free from encumbrances and restrictions which would interfere with the use of the leased Premises intended by the lessee or would impair the ability of the lessee to pledge the leasehold estate as collateral to secure debt financing.

If any of the foregoing conditions should fail to remain satisfied, the lessee shall have no obligation to pay rent until such condition is once again satisfied or waived, and rent which would otherwise be due during the intervening time pending satisfaction of such condition is hereby excused and forgiven.

XXI. LEASE RUNNING WITH THE LAND

The covenants, terms, conditions, provisions and understandings in the Lease shall be construed as covenants running with the land and are binding upon and inure to the benefits of the respective successors and assigns of the parties herein.

XXII. ENTIRE AGREEMENT

The Lease expresses the entire agreement between the parties, and supersedes all prior understandings.

XXIII. NOTICES

All notices, demands, requests and other communications required by the Lease shall be in writing and shall be considered properly given if sent by United States registered or certified mail, postage prepaid, to:

- a) The State:  
The State of New Hampshire  
Department of Natural and Cultural Resources  
172 Pembroke Road  
Concord, NH - 03301  
Attn: Administrator, Land Management Bureau

or at such other address of the State from time to time may have designated by written notice to the lessee. Such notice shall be deemed properly given upon the posting in the United States mail.

- b) The lessee:  
Wireless Partners Networks, LLC  
5 Milk Street  
Suite 420  
Portland, ME, 04101  
Attn: Todd Rich (or designee)

or at such other address as the lessee from time to time may have designated by written notice to the State. Such notice shall be deemed properly given upon the posting in the United States mail.

XXIV. AMENDMENT - EXTENT OF INSTRUMENT - CHOICE OF LAWS - ETC.

The terms of the Lease may be modified or amended by written agreement between the lessee and the State. The Lease is to be construed according to the laws of New Hampshire, is to take effect as a sealed instrument, is binding upon, inures to the benefits of, and shall be enforceable by the parties hereto and their respective successors and assigns.

XXV. SOVEREIGN IMMUNITY

The Lease does not abridge or limit, nor shall it be interpreted as abridging or limiting the

sovereign or official immunity to which the State and its representatives and agents are lawfully entitled.

XXVI. SEVERABILITY

If any term of the Lease or any application thereof shall be invalid or unenforceable, the remainder of the Lease and any application of such term shall not be affected thereby.

XXVII. NO WAIVER OR BREACH

No assent, by either party, whether express or implied to a breach of a covenant, condition or obligation by the other party, shall act as a waiver of a right of action for damages as a result of such breach, or shall be construed as a waiver of any subsequent breach of the covenant, condition or obligation.

XXVIII. NOTICE OF LEASE

The State agrees to execute a Notice of the Lease Agreement, substantially in the form of that attached hereto as Exhibit "C", which the lessee shall record with the appropriate recording officer. The date set forth in the Notice of Lease is for recording purposes only and bears no reference to commencement of either term or rent payments.

XXIX. STATE PARK STAFF SITE SUPPORT

The lessee agrees to reimburse the State in no less than half (1/2) hour increments for State Park staff time, requested or previously arranged by the lessee, spent inspecting, managing, maintaining or repairing the leased Premises or Facilities at the rate of **Fifty One Dollars and Thirty Five Cents (\$51.35) per hour**. Each call-out shall be no less than a two (2) hour minimum. Use of State Park staff shall be at the sole discretion of the appropriate State Park Manager.

Any work performed by State Park staff at the request of the lessee shall be invoiced by the State and paid by the lessee within thirty (30) days of receipt. If payment is not made within 30 days, all future requests for assistance may not be acted upon until such time as payment is made. All work performed by State Park staff pursuant to this Section shall be upon the request of the lessee, and the State assumes no liability.

XXX. DEFAULT - THE LESSEE'S RIGHT TO CURE - TERMINATION - RESTORATION

In the event there is a default by the lessee with respect to any of the provisions of the Lease or its obligations under it, including the payment of rent, the State shall give the lessee written notice of such default. After receipt of such written notice, the lessee shall have fifteen (15) days in which to cure any monetary default and thirty (30) days in which to cure any non-monetary default, provided the lessee shall have such extended period as may be required beyond the thirty (30) days if the nature of the cure is such that it reasonably requires more than thirty (30) days whose length of time shall be agreed upon by the parties, and the lessee commences the cure within the thirty (30) day period and thereafter continuously and diligently pursues the cure to completion. The State may not maintain any action or effect any remedies for default against the lessee unless and

until the lessee has failed to cure the same within the time periods provided in this paragraph. The failure of the lessee to act to cure the default within the specified time periods shall be just cause for termination of the Lease.

The lessee shall have the unilateral right to terminate the Lease at any time by giving ninety (90) day written notice to the State of the exercise by the lessee of this option.

The State shall have a unilateral right of termination only in an instance where the continued presence of the facilities represents a health, safety or operational risk which cannot be reasonably addressed by alternative measures. The State shall provide ninety (90) days notice to lessee that a termination is necessary due to that risk, unless some shorter time period is deemed reasonably necessary by the State to avoid damage to people, property or equipment. The State shall have an affirmative duty to relocate the facilities in a suitable alternative area, if available. The lessee shall not be entitled to any damages as a result of any such termination.

The lessee, upon termination of the Lease, shall, within sixty (60) days of termination, remove all of its equipment, personal property and all fixtures from the Property and repair any damage caused by its use of the Leased Premises or the removal of its equipment, reasonable wear and tear excepted. If such time for removal causes the lessee to remain on the leased Premises after termination of the Lease, the lessee shall pay rent at then-existing monthly rate or on the existing monthly pro rata basis if based upon a longer payment term, until such time as the removal of the equipment, personal property and all fixtures are completed.

XXXI. HOLDOVER

At the sole discretion of the State, the lessee's facilities may remain in holdover at the conclusion of the term of this Lease. The State will set rental rates for any such holdover period consistent with its' then existing policies and procedures. The State may terminate this holdover period at any time and for any reason upon ten (10) days written notice to the lessee.

## **I. DEFINITIONS:**

"Commissioner" shall mean the Commissioner of the Department of Natural and Cultural Resources (DNCR).

"Permit" shall mean any form of agreement, including licenses, special use permits, or leases issued by the Commissioner for use of a DNCR communication site.

"Private user" shall mean any person or business entity, including a non-profit organization, which is not a "public user" or "quasi-public user."

"Public user" shall mean a federal, state, county, or municipal agency or some governmental association thereof.

## **II. GOAL:**

The ultimate goal for state-owned locations used for communications facilities, including mountaintops, is to have such areas cleared of all appurtenances and machinery, with the possible exception of observation platforms. This goal cannot be realized until the technology of electronic communications has advanced to where antennas and other electrical paraphernalia are outmoded. Until that time, the overall management objective for communications sites will be to give priority to transmission sites for communications critical to the public health, safety and welfare, while minimizing the aesthetic and environmental impacts of these communications facilities.

## **III. POLICY:**

It is the policy of the Department of Natural and Cultural Resources to permit, when no other feasible alternative is available, controlled development of state-owned land under its jurisdiction for electronic communications necessary to public health, safety and welfare; and to facilitate, wherever possible, in the consolidation of commercial electronic communication networks across the state.

## **IV. GUIDELINES AND CONSIDERATIONS:**

- A. Values to Be Protected: Management of the communications sites on DNCR lands is intended to protect three distinct values deemed essential to the public interest:
  1. *Aesthetics/natural condition and public use:* To maintain the natural and scenic character of an area. Communication facilities shall be installed so as to have the least physical disturbance or modification of the natural environment and minimal impact to the public enjoyment of these environments.

Blue Job Mountain, Blue Job State Forest (MU)  
Cannon Mountain, Franconia Notch State Park (MU)  
Cardigan Mountain, (RU)  
Federal Hill, Federal Hill Fire Tower (LU)  
Hampton Beach State Park, (RU)  
Holden Hill, Coleman State Park (MU)  
Hyland Hill, Hyland Hill State Forest (MU)  
Jordan Hill, Walker State Forest (RU)  
Kearsarge Mountain, Kearsarge Mountain State Forest (MU)  
Magalloway Mountain (RU)  
Milan Hill, Milan Hill State Park (MU)  
Oak Hill, Oak Hill Fire Tower (MU)  
Pack Monadnock Mountain, Miller State Park (MU)  
Pitcher Mountain, Pitcher Mountain Fire Tower (MU)  
Prospect Mountain, Weeks State Park (LU)  
Mt. Sunapee, Mt. Sunapee State Park (MU)  
Wantastiquet Mountain, Wantastiquet Mountain State Forest (MU)  
Warner Hill, Warner Hill Fire Tower (MU)

Development of communications facilities at these sites shall be restricted to specific areas, as determined by the Commissioner.

#### **V. APPLICATION FOR COMMUNICATIONS SITE USE:**

- A. Application for a communication site use will be filed with the Commissioner, Department of Natural and Cultural Resources and shall include the following information:
1. Demonstrated need for public health and safety, or for the public welfare interests served by commercial-service communications.
  2. Complete plans and specifications of the proposed installation including, but not limited to, buildings, towers, power lines, accessory structures, fuel tanks, generators, method(s) of access to the site and access improvements.
  3. Detailed specifications including type, frequency, size and proposed location of

4. DNCR shall respond in writing to any written comments made by the municipality relative to the application and received within 30 days after the hearing. Responses shall identify any modifications made in response to comments from the municipality or a written explanation as to why the implementation of the comments would be contrary to the proposed public project.
5. Upon completion of the processes described in this section, applications for a new communication site shall be submitted to Governor and Executive Council for final approval.
6. Applications from public and private users shall be submitted to the local governing body by the applicant for approval under the municipality's Site Plan Review Regulation.
7. Application(s) for use permits or leases for new communication sites shall follow the same procedures as existing designated sites.
8. Application(s) for a new site, or modification or expansion of an existing site may be reviewed by the Communication Site Advisory Committee, as deemed necessary by the Commissioner.
9. Once a site has been officially designated, new users on the site can be processed by the DNCR communications office without review by the Advisory Committee, providing the new user doesn't significantly modify or alter the site, such as but not limited to adding buildings, extending the tower height or other buildings or structures, in which case it shall be reviewed by the Advisory Committee.

## **VI. CONSOLIDATION:**

- A. Towers and buildings: on each communication site will be consolidated and shared by site users in a manner striving for the following goals:
  1. A single, expandable, low profile transmitter building serviced by a single, non-overhead utility line.
  2. As few multiple-use, broadband antennae as are technically feasible, affixed to a single tower. Such consolidation will be planned on a site-by-site basis according to building design, cable and power layout, and vegetation distribution; and accomplished through cooperative funding among users, contributions, or bonding.
  3. Additions to, and modifications or relocation of, existing structures and equipment shall be compatible with the designated site plan for consolidation of facilities through shared use.

## **VII. ADVISORY COMMITTEE:**

## **IX. INTERFERENCE:**

- A. New Installations: New installations/users shall not interfere with existing installations, users and functions. Where irreconcilable conflicts arise between "public user," and "private user" installations over electronic interference, space, power supply, or location, the "public" or "quasi-public" user shall take precedence and displace the "private user." Order of displacement is: 1) private users; 2) quasi-public users engaged in low power broadcasting; 3) other quasi-public users. Within each category, newest installations shall be displaced first.
- B. Electronic Interference: In the case of a complaint of electronic interference or other conflicts created by a new installation, it shall be the responsibility of the proponent of the new installation to submit plans for resolving the complaint or potential problem. The plans shall be consistent with the site consolidation effort. The complainant and new installation proponent shall attempt to resolve the matter. Unresolved issues and the proponent's plans shall be submitted to the Communication Office within 10 working days of the complaint for review and recommendation for action by the Commissioner.

## **X. OTHER INSTALLATION REQUIREMENTS:**

- A. Additional considerations shall include:
1. Communication tower(s) on DNCR communication sites shall be the minimum height necessary to meet technical requirements of the equipment installed and the service area, but under no circumstances shall tower structure exceed 180 feet in height.
  2. All DNCR communication sites shall meet the current American National Standards Institute (ANSI) requirements for controlled and uncontrolled human exposure to radio frequency electromagnetic fields.
  3. Permits/leases for site use are not transferable and facilities (buildings, tower and equipment) may not be sub-leased.
  4. Requests for changes or modification of a permitted installation shall be submitted in writing for approval by the Commissioner.
  5. Site users shall comply with all applicable federal, state and local laws, ordinances and rules.
  6. All equipment installations shall be accomplished in compliance with the latest edition of the "State of New Hampshire Department of Natural and Cultural Resources Technical Requirements For use of Communication Sites," and all grounding of equipment will meet Motorola's R-56 requirements.
  7. Intermod Study is required of all new prospective users or a change of frequency by a current user.

**XIII. AMENDMENTS:**

The Policy may be amended from time to time to serve the public interest upon recommendation of the Communication Site Advisory Committee and approval by the Commissioner.

- G. The use of RG\8, RG\58, braided shield, single shield coax cable or aluminum shielded cable is not permitted. This includes cables located within cabinets or racks. PTP, Microwave, or GPS systems whose manufacturer requires the use of LMR-400 or similar cable will be exempt providing the manufacturer's documentation is submitted to the DNCR site manager prior to installation. Double shielded RG\58 (Belden 8268, etc.) may be used in external frequency reference and 1 PPS launch timing applications.
- H. Ethernet cable (CAT5e, CAT6, etc.) shall be routed to not interfere or receive interference from RF equipment.
- I. Ethernet cable (CAT5e, CAT6, etc.) shall be plenum rated for in shelter use and shielded/ outdoor rated when used outside of the shelter or on the tower.
- J. Ethernet cable (CAT5e, CAT6, etc.), and telephone lines shall be grounded upon entry into the shelter from an outside source (tower mounted equipment, or telco lines) using a UL listed surge suppressor and shall be installed in accordance with current Standards and Guidelines for Communication Sites (R56), NFPA 780: Standard for the Installation of Lightning Protection Systems, and NFPA 70: National Electrical Code® when applicable.
- K. Microwave or PTP transceivers shall be secured to an open rack or mounted within an enclosed cabinet. Unsecured devices will not be permitted.
- L. At no time will any equipment be mounted to an ice bridge or its support structure.
- M. Microwave or PTP ODU (Outdoor Units) should be mounted as close to the antenna as possible.

**Antenna System Requirements**

- A. Antenna systems must be approved by the DNCR Site Manager prior to the commencement of installation work. The cost of any changes to the existing tower including structural work, tower painting, tower lighting, etc. will be paid for by the site user. Rearrangements of existing antennas will not be considered except under unusual circumstances.
- B. The design of each proposed antenna systems shall take into account the following:
  - \*Antenna location will be assigned by the DNCR Site Manager based on available space, required radiation pattern, transmitter power and frequency, antenna type, mounting restrictions and interference considerations.
  - \*Only antennas which provide a direct dc path to ground may be utilized.
  - \*Antennas shall be equipped with coaxial lightning protectors meeting ANSI standard 62.1. Lightning protectors shall be connected to site ground system in accordance with current Standards and Guidelines for Communication Sites (R56) and NFPA 780: Standard for the Installation of Lightning Protection Systems.
  - \*R.F. link antennas, control antennas, and Microwave Antennas will be assigned mounting positions as low on the tower as possible.

- F. All electrical installation work shall be in full compliance with current Standards and Guidelines for Communication Sites (R56), NFPA 70: National Electrical Code®, and State Electrical codes.

**Administrative Items**

- A. A frequency compatibility study must be performed prior to installation; it shall be done by an independent consulting firm, which has been approved by DNCR. The cost of this study is the responsibility of the site user. A subsequent study may be required each time the site user proposes an additional frequency at the site.
- B. The site user shall immediately cease operation if notified by the DNCR that they are causing harmful interference.
- C. The DNCR Site Manager shall be provided with copies of all FCC license applications, current FCC licenses and equipment specifications.
- D. The site user shall make no changes after the initial installation without prior written approval from the DNCR Site Manager.
- E. Equipment shall be maintained in such a manner as to prevent it from becoming a source of interference or a safety hazard.
- F. Equipment shall have an ID tag attached, which shows licensee's name, address, call sign, frequency, tone squelch frequency and telephone number of person or organization responsible for maintenance work. Radio station licenses shall be posted for each transmitting station as required by FCC rules.
- G. Speakers will be turned off except during periods of maintenance work.
- H. Areas in and around the site user's equipment shall be kept clean and neat at all times. In addition, exterior areas including access roads, trails, and parking area shall be kept clean. Trash and unused materials shall be immediately removed from the site and not stored on the premises in any manner.
- I. Smoking, open flame, or welding will not be permitted inside buildings.
- J. Should the site user cause discharge of any Fire Protection System, they will be responsible for all costs associated with recharging the system, cleaning the building and repairing damaged equipment.
- K. If the building has an alarm system installed, the site user will notify designated Alarm Center when entering or leaving building in accordance with posted instructions.
- L. Site access shall be as designated in and subject to restrictions as described in the lease/use agreement. The DNCR will not be responsible for plowing of access roads or trail entrances to the site unless specified in lease/use agreement.
- M. Prior to the signing of any lease, a joint visit of the site will be made by the proposed site user and the DNCR Site Manager. Any additional special technical requirements not covered in this document will be determined at this meeting.
