#### **EXPLANATION**

The Department of Business and Economic Affairs (BEA), Division of Economic Development (DED) requests authorization to expend funds from the Economic Development Fund established under RSA 12-O:21. The funds are used for the purpose of providing grants, loans and other economic development initiatives which have beneficial to the state's overall economy.

RSA 12-O:24 requires DED to develop a rolling ten-year economic development strategy and operating plan. With input and assistance from BEA's Council of Partner Agencies and other public and private organizations, the plan will include specific goals, objectives, and actions to address New Hampshire's most pressing economic development needs along with well-defined metric to measure progress.

The monies in the Economic Development Fund will allow BEA to hire a consultant to work with the division, partner organizations and other stakeholders to facilitate, produce, and release the ten-year economic development plan for the State of New Hampshire. Subject to approval, the department will also utilize funds through a grant from the North Borders Regional Commission and a grant from the Economic Development Administration to fully fund the project.

Through its Planning and Local Technical Assistance programs, the Economic Development Administration (EDA) assists eligible recipients in developing economic development plans and studies designed to build capacity and guide the economic prosperity and resiliency of an area or region. The Planning program helps support organizations, including District Organizations, Indian Tribes, and other eligible recipients, with Short Term and State Planning investments designed to guide the eventual creation and retention of high-quality jobs, particularly for the unemployed and underemployed in the Nation's most economically distressed regions. As part of this program, EDA supports Partnership Planning investments to facilitate the development, implementation, revision, or replacement of Comprehensive Economic Development Strategies (CEDS), which articulate and prioritize the strategic economic goals of recipients' respective regions. The Local Technical Assistance program strengthens the capacity of local or State organizations, institutions of higher education, and other eligible recipients to undertake and promote effective economic development programs through projects such as feasibility studies and impact analyses.

The Northern Borders Regional Commission (NBRC) is a Federal-State partnership for economic and community development in Northern Maine, New Hampshire, Vermont and New York. The mission of the NBRC is to catalyze regional, collaborative, and transformative community economic development approaches that alleviate economic distress and position the region for economic growth. Each year, the NBRC provides federal funds for critical economic and community development projects throughout the northeast. These investments lead to new jobs being created and leverage substantial private sector investments. Originally awarded in 2016, the name of the contract awardee for the grant was changed from the Department of Resources and Economic Development to the Department of Business and Economic Affairs on November 21, 2017. On February 2, 2018, an amendment to increase the plan from a 5-year plan to a 10-year plan was approved. NBRC will reimburse 12% of every reimbursement request submitted by the agency, up to a maximum of \$42,000.

The funds are to be budgeted as follows:

The funds in Class 046, Consultants, will be used to hire a consultant to assist in the development of a ten-year economic development strategy and operating plan for New Hampshire.

The following information is provided in accordance with the Comptroller's instructional memorandum dated September 21, 1981.

- 1) List of personnel involved: Temporary consultants.
- Nature, Need, and Duration: The consultants will assist the division, partner organizations and other stakeholders to facilitate, produce, and release the ten-year economic development plan for the State of New Hampshire.
- Relationship to existing agency programs: There are no other programs or staff within the agency that are duplicating this effort, or have this area of expertise.
- 4) Has a similar program been requested of the legislature and denied? No
- Why wasn't funding included in the agency's budget request? In order to utilize the funds in the Economic Development Projects accounting unit, the agency must seek Fiscal Committee and Governor and Executive Council approval. Due to an administrative oversight, the grants funds were not included in the agency's budget request.
- 6) Can portions of the grant funds be utilized? All grant funds will be used for this request.
- 7) Estimate the funds required to continue this position(s): The consultants necessary for this work will not be permanent or continued once the strategy and plan is complete.

There are no General funds required with this request. In the event that Federal funds are no longer available, General funds will not be requested to support this program.

Respectfully Submitted,

Wildolfo Arvelo

Appendix II to Part 200—Contract Provisions for Non-Federal Entity Contracts Under Federal Awards

In addition to other provisions required by the Federal agency or non-Federal entity, all contracts made by the Recipient entity under the Federal award must contain provisions covering the following, as applicable.

All Contracts:

- Equal Employment Opportunity. Except as otherwise provided under 41 CFR Part 60, all contracts that meet the definition of "federally assisted construction contract" in 41 CFR Part 60-1.3 must include the equal opportunity clause provided under 41 CFR 60-1.4(b), in accordance with Executive Order 11246, "Equal Employment Opportunity" (30 FR 12319, 12935, 3 CFR Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," and implementing regulations at 41 CFR part 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor."
- Debarment and Suspension (Executive Orders 12549 and 12689)—A contract award (see 2 CFR 180.220) must not be made to parties listed on the governmentwide exclusions in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 CFR 180 that implement Executive Orders 12549 (3 CFR part 1986 Comp., p. 189) and 12689 (3 CFR part 1989 Comp., p. 235), "Debarment and Suspension." SAM Exclusions contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549.

#### Contracts in excess of \$10,000:

 All contracts in excess of \$10,000 must address termination for cause and for convenience by the Recipient entity including the manner by which it will be effected and the basis for settlement.

#### Contracts in excess of \$100,000:

- Procurement: Appendix II of 2 CFR 200 will guide the work of all Recipients and subrecipients that are awarded funds through NBRC.
- Non-Relocation: In signing this award of financial assistance, Recipient attests that NBRC finding is not intended by the Recipient to assist its efforts to induce the relocation, or the movement of existing jobs from one region to another region in competition with those jobs. In the event that NBRC determines that its assistance was used for such purposes, NBRC retains the right to pursue appropriate enforcement action, including suspension of disbursement of a debt requiring the Recipient to reimburse NBRC.

# SPECIAL AWARD CONDITIONS U.S. DEPARTMENT OF COMMERCE

Economic Development Administration (EDA)

NON-CONSTRUCTION PROJECTS: Economic Adjustment Assistance, Short Term Planning, and Technical Assistance (both University Centers and Local Technical Assistance) Programs under Sections 203, 207 and 209 of the Public Works and Economic Development Act of 1965, as amended, 42 U.S.C. §§ 3143, 3147 and 3149

Project Title: Statewide Economic Development Strategic Planning	
Recipient Name: New Hampshire Dept. of Business and Economic Affairs	Project Number: ED18PHI3020002

1. This EDA Award supports the work described in the approved final scope of work, which is incorporated by reference into this Award, as the *Authorized Scope of Work*. All work on this project must be consistent with the *Authorized Scope of Work*, unless the Grants Officer has authorized a modification of the scope of work in writing through an amendment memorialized by a fully executed Form CD-451.

The Authorized Scope of Work for this project includes the development of a statewide economic development strategic plan for the State of New Hampshire.

2. The Recipient Contact's name, title, address, and telephone number are:

Mr. Taylor Caswell	Commissioner

Economic Development Representative

Phone: (215) 316-2965 Email: abrigham@eda.gov Economic Development Administration Philadelphia Regional Office Robert N.C. Nix Federal Building 900 Market Street, Room 602 Philadelphia, PA 19107

- 6. ADDITIONAL INCLUDED DOCUMENTS: In addition to the regulations, documents, or authorities incorporated by reference on the *Financial Assistance Award* (Form CD-450), the following additional documents are hereby incorporated by reference into this Award:
  - The Recipient's application, including any attachments, project descriptions, schedules, and subsequently submitted supplemental documentation; and
  - Instructions on how to enroll and access funds in ASAP (Attachment 1).

Should there be a discrepancy among these documents, the Special Award Conditions (this document), including any attachments, shall control.

7. PROJECT DEVELOPMENT TIME SCHEDULE: The Recipient agrees to the following Project Development Time Schedule:

Return of Executed Financial Assistance Award...... No later than 30 calendar days

after receipt of Form CD-450/CD-451

Submission of Final Project Progress Report...... No later than 90 calendar days

from the Award End Date

Submission of Final Financial Documents (SF-425) ... No later than 90 calendar

days from the Award End Date

The Recipient shall diligently pursue the development and implementation of the project upon receipt of the EDA Award so as to ensure completion within this time schedule and

shall promptly notify EDA in writing of any event which could substantially delay meeting any of the prescribed time limits for the project as set forth above. The Recipient further acknowledges that failure to meet the development time schedule may result in EDA taking action to terminate the Award in accordance with the regulations set forth at 2 C.F.R. §§ 200.338–200.342, as applicable.

#### 8. PROJECT REPORTING AND FINANCIAL DISBURSEMENTS INSTRUCTIONS:

A. AWARD DISBURSEMENTS: Reimbursement basis only. EDA will make disbursements using the Department of Treasury's Automated Standard Application for Payments (ASAP) system. The Recipient is required to furnish documentation required by ASAP. Complete information concerning the ASAP system may be obtained by visiting www.fms.treas.gov/asap.

In order to receive disbursements, the Recipient must submit a "Request for Reimbursement" (Form SF-270 or any successor form) for the applicable period electronically to the Project Officer, who will review and process the request.

Please note that prior to the initial disbursement, the Recipient must complete the attached Form SF-3881 (or any successor form) "ACH Vendor/Miscellaneous Payment Enrollment Form" and submit it to NOAA's Accounting Office by FAX at (301) 528-3675. (FAX is required to secure confidentiality of sensitive information.) The form must be completed by the respective parties (EDA, Recipient Bank, and Recipient) at the start of each new award.

#### **B. REPORTS:**

a. <u>Project Progress Reports</u>: The Recipient agrees to provide the Project Officer with project progress reports, which will communicate the important activities and accomplishments of the Project, on a semi-annual basis for the periods ending March 31 and September 30, or any portion thereof, for the entire project period. Reports are due no later than 1 month following the end of the semi-annual period.

Performance progress reports should be submitted to EDA in an electronic format no later than the dates outlined above in a concise, clear format, and containing the following information in no more than 3-6 pages in length:

- Provide a clear, concise overview of the activities undertaken during the semi-annual reporting project period;
- ii. Document accomplishments, benefits, and impacts that the project and activities are having. The Recipient should note where activities have led to specific outcomes such as job creation/retention, private investment, increased regional collaboration, engagement with historically excluded groups or regions, enhanced regional capacity, and other positive economic benefits;

- Highlight any upcoming or potential press events or opportunities for collaborative press events that would highlight the benefits of the EDA investment;
- iv. Compare progress with the project timeline, explaining any departures from the targeted schedule, identifying how these departures are going to be remedied, and projecting the course of work for the next semi-annual reporting period;
- Outline challenges that currently impact or could impact progress on the Award over the next semi-annual reporting period and identify ways to mitigate this risk; and
- vi. Outline any areas where EDA assistance is needed to support the project or any other key information that would be helpful for your EDA Project Officer to know.

Final Project Reports may be posted on EDA's website, used for promotional materials or policy reviews, or may be otherwise shared. Recipients should not include any copyrighted or other sensitive business information in these reports. There is no specific page limit for Final Project Reports; however, such reports should concisely communicate key project information, and should:

- Outline the specific regional need that the project was designed to address and update progress made during the award period that will mitigate need and advance economic development;
- ii. Provide a high-level overview of the activities undertaken;
- iii. Detail lessons learned during the project period that may be of assistance to EDA or other communities undertaking similar efforts;
- iv. Outline the expected and actual economic benefits of the project as of the time that the report is written; and
- v. Any other key information from the project.
- b. <u>Financial Reports</u>: The Recipient shall submit a "Federal Financial Report" (Form SF-425 or any successor form) on a semi-annual basis for the periods ending March 31 and September 30, or any portion thereof, for the entire project period. Form SF-425 and instructions for completing this form are available at: <a href="https://www.grants.gov/web/grants/forms/post-award-reporting-forms.html">https://www.grants.gov/web/grants/forms/post-award-reporting-forms.html</a>. Reports are due no later than 1 month following the end of the semi-annual period.

A final Form SF-425 must be submitted no more than 90 calendar days after the expiration date of the Award (i.e., the Award End Date specified on the Form CD-450 or a subsequently executed Form CD-451). Final Financial Reports should follow the guidance outlined in the instructions for submitting mid-term financial reports, but should ensure that all fields accurately reflect the total outlays for the entire project period and that all matching funds and program income (if applicable) are fully reported. Determination of the final

grant rate and final balances owed to the government will be determined based on the information on the final Form SF-425, so it is imperative that it be submitted in a timely and accurate manner.

9. ALLOWABLE COSTS AND AUTHORIZED BUDGET: Total allowable costs will be determined after the final financial documents are submitted in accordance with the applicable authorities specified on the *Financial Assistance Award* (Form CD-450), including the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards at 2 C.F.R. part 200.

#### Line Item Budget:

A. Under the terms of the Award, the total approved/authorized budget is:

Federal Share (EDA)	\$140,000
Non-Federal Matching Share	\$217,478
Total Project Cost	\$357,478

B. Under the terms of this Award, the total approved line item budget is:

Personnel	\$29,029 .
Fringe Benefits	\$13,634
Travel	\$637
Contractual	\$309,294
Indirect Charges	\$4,884
	1
Total	\$357,478

- 10. **FEDERAL SHARE:** The EDA participation in total eligible project costs will be limited to the EDA grant amount or the EDA share of total allowable project costs, based on the area's grant rate eligibility at the time of award, whichever is less.
- 11. MATCHING SHARE: The Recipient agrees to provide the Recipient's non-Federal Matching Share contribution for eligible project expenses in proportion to the Federal share requested for such project expenses. By accepting the Award, the Recipient also certifies that the Matching Share of the project costs is committed to the project, is not encumbered in any way that would prevent its use for the project, and will be available as needed for the project.
- 12. REFUND CHECKS, INTEREST, OR UNUSED FUNDS: Treasury has given EDA two options for having payments deposited to EDA's account:
  - i. The first is the pay gov website. This option allows the payee to pay EDA through the internet. The payee will have the option to make a one-time payment or to set up an account to make regular payments.

ii. The second is paper check conversion. All checks must include on their face the name of the DOC agency funding the award, the award number, and a description of no more than two words identifying the reason for the refund or check. A copy of the check should be provided to the EDA Project Officer. This option allows the payee to send a check to NOAA's Accounting Office, which processes EDA's accounting functions, at the following address:

U.S. Department of Commerce

National Oceanic and Atmospheric Administration

Finance Office, AOD, EDA Grants

20020 Century Boulevard

Germantown, MD 20874

The accounting staff will scan the checks in to an encrypted file and transfer the file to the Federal Reserve Bank, where the funds will be deposited in EDA's account. While this process will not be an issue with most payees, there are occasionally issues for entities remitting funds to EDA via check. If you are remitting funds to EDA via check, please make note of the following:

- If a check is sent to EDA; it will be converted into an electronic funds transfer
  by copying the check and using the account information to electronically debit
  your account for the amount of the check. The debit from your account will
  usually occur within 24 hours and will appear on your regular account
  statement.
- EDA will not return your original check; the original will be destroyed and a
  copy will be maintained in our office. If the Electronic Funds Transfer (EFT)
  cannot be processed for technical reasons, the copy will be processed in place of
  the original check. If the EFT cannot be completed because of insufficient
  funds, EDA will charge you a one-time fee of \$25.00, which will be collected
  by EFT.
- 13. PLANNING COORDINATION: In keeping with regional economic development principles, the Recipient should coordinate economic development planning and implementation projects with other economic development organizations affecting the area, especially EDA-funded recipients such as State and Urban planning grantees, adjoining Economic Development Districts (EDDs) and Indian Tribes, and University Centers (UCs).
- 14. PROCUREMENT: The Recipient agrees that all procurement transactions shall be in accordance with the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards at 2 C.F.R. §§ 200.317–200.326.
- 15. NONRELOCATION: By accepting this Award of financial assistance, the Recipient attests that EDA funding is not intended by the Recipient to assist efforts to induce the relocation or the movement of existing jobs from one region to another region in competition with those jobs. In the event that EDA determines that its assistance was used

for such purposes, EDA reserves the right to pursue appropriate enforcement actions, including suspension of disbursements, termination of the Award for convenience or cause (which may include the establishment of a debt requiring the Recipient to reimburse EDA), and disallowance of any costs attributable, directly or indirectly, to the relocation.

16. PERFORMANCE MEASURES: The Recipient agrees to report on program performance measures and program outcomes in such form and at such intervals as may be prescribed by EDA in compliance with the Government Performance and Results Act (GPRA) of 1993, and the Government Performance and Results Modernization Act of 2010. The Recipient must retain sufficient documentation so that they can submit these required reports. Failure to submit these required reports may adversely impact the ability of the Recipient to secure future funding from EDA.

Performance measures and reporting requirements that apply to program activities funded by this investment will be provided in a separate GPRA information collection document, if applicable. EDA staff will contact the Recipient in writing within a reasonable period prior to the time of submission of the reports with information on how this data should be submitted.

- 17. REAFFIRMATION OF APPLICATION: Recipient acknowledges that Recipient's application for this Award may have been submitted to the Government and signed by Recipient, or by an authorized representative of Recipient, electronically. Regardless of the means by which Recipient submitted its application to the Government or whether Recipient or an authorized representative of Recipient submitted its application to the Government, the Recipient hereby reaffirms and states that:
  - i. All data in the application and documents submitted with the application are true and correct as of the date the application was submitted and remain true and correct as of the date of this Award;
  - ii. The application was, as of the date of submission and the date of this Award, duly authorized as required by local law by the governing body of the Recipient; and
  - iii. Recipient has read, understood, and will comply with all terms of this Award, including the Assurances and Certifications submitted with, or attached to, the application.

The term "application" includes all documentation and any information provided to the Government as part of, and in furtherance to, the request for funding, including submissions made in response to information requested by the Government after submission of the initial application.

#### Authorized Scope of Work

This EDA investment will assist the State of New Hampshire with the development of a statewide economic development strategic plan. The New Hampshire Department of Business and Economic Affairs will retain consultants to perform the following scope of work:

- 1. Review existing plans that have included data analysis and public input for information applicable to this project, including:
  - Granite State Future (Association of Regional Planning Commissions)
  - NH Business and Industry Association Strategic Economic Plan for New Hampshire
  - NH University Research & Industry Plan (University of NH)
  - NH Sector Partnerships Initiative (DRED/Office of Workforce Opportunity)
  - NH STEM Pipeline Report (NH Charitable Foundation)
  - Housing Needs in NH (NH Housing Finance Authority)
  - Regional Comprehensive Economic Development Strategies
- Confirm or modify industry clusters by using best practices for industry cluster analysis: In 2015, DRED identified 11 key industries for the state through an internal industry cluster analysis. The consultant will use industry-standard data and methods to determine whether these key industries are appropriate or should be revised.
- 3. Facilitate public input: The consultant will gather public input through various methods as appropriate, including surveys, stakeholder interviews or public listening sessions.
- 4. Evaluate NH's economic and workforce development structure, budget, marketing, and incentives: DBEA will present the plan to the New Hampshire executive and legislative branches of government, which will require an analysis of the State's economic and workforce development efforts compared to peer states and benchmark regions.
- 5. Analyze NH's foreign direct investment opportunities: New Hampshire has never had a foreign direct investment (FDI) strategy, though the state borders Canada and FDE has always been critical to the state's economic growth. This element will identify FDI opportunities for New Hampshire and recommend strategies to pursue them.
- 6. Economic resiliency: Investigate, recommend and implement measures to improve New Hampshire's economic resiliency in the face of future downturns or natural disasters. This element will include consultation with the state's Economic Development Districts.
- 7. Facilitate goal setting and development of detailed strategies, targets, and metrics with steering committee: The New Hampshire Economic Development Strategy will be guided by a steering committee composed of approximately 30 individuals representing state

government, non-governmental organizations, champions of key industries, and other entities that play a role in economic and workforce development in the state. The consultant will provide the committee with a structured process for visioning, goal setting and prioritization, as well as for developing the detailed action plan that will be produced by the project.

- 8. Produce final document: The consultant will produce the final document, incorporating all the public input, research and analysis, and work of the steering committee.
- 9. Develop communications strategy and outreach tools for the strategy: This element will development a plan and appropriate materials to promote the economic development strategy to the public, stakeholders, and lawmakers, and will include traditional and social media, and the identification of spokespeople for the plan.
