**EXPLANATION**

The Rockingham County Conservation District (RCCD) in cooperation with the Division of Parks and Recreation (Division) has worked to restore the ecosystem at Odiorne Point State Park over the past 7 years by removing invasive species and planting native plants and shrubs. The state provided base funding for the first time in 2014-2015 of \$11,400 which allowed RCCD to apply for and received \$87,291 in grant funds to carry out tasks similar to those proposed for 2017-2018. The funding provided through this contract will be used for the following: volunteer coordination, herbicide application, plot monitoring, rare plant survey and base funding for grant writing as well as serving as a cash match for RCCD. The match will support their efforts to obtain additional grant funding for the continuation of ecosystem restoration activities at Odiorne Point State Park as recommended in the *Odiorne Point State Park Invasive Plant Management Plan, Rye, NH*. The Division respectfully requests sole source approval of this contract with the RCCD in order to continue this unique collaborative ecosystem restoration effort.
