

Provide a brief description of the service or event that gave rise to this Honorarium, Expense Reimbursement, ticket or free admission to a political, charitable, or celebratory event, or meals or beverages:

This conference provides legislators and staff of state/provincial governments of the eastern region with forums and speakers which address issues of great importance to state government. In addition to panels and seminars, networking with colleagues from other states and eastern Canadian provinces adds to the knowledge I bring to my duties in New Hampshire.
