Bureau of Construction
October 2, 2018

REQUESTED ACTION

1. Authorize the Department of Transportation to enter into a contract with Northeast Traffic Control Services, Inc. (Vendor 162193) of Plymouth, MA on the basis of a low bid of \$196,590.75 for replacing bridge-mounted sign structures and signs on the I-93 overpass bridges in the Town of Hookset, from the date of Governor and Council approval through October 4, 2019 unless extended by the Department in accordance with the Standard Specifications. 100% Federal Funds.

Funding is available in State Fiscal Year 2019 and is contingent upon the availability and continued appropriation of funds in Fiscal Year 2020 as follows, with the ability to adjust encumbrances through the Budget Office between State Fiscal Years if needed and justified:

Funding is available as follows:	<u>FY 2019</u>	<u>FY 2020</u>
04-96-96-963515-3054 Consolidated Federal Aid		
400-500870 Highway Contract Payments	\$150,000.00	\$46,590.75

2. Further authorize that a contingency in the amount of \$9,829.54 be approved for payment of latent conditions, which may appear during the construction of the project. The contingency requested is 5% of the contract amount.

Funding is available as follows:	<u>FY 2019</u>	<u>FY 2020</u>
04-96-96-963515-3054 Consolidated Federal Aid		
400-500870 Highway Contract Payments		\$9,829.54

EXPLANATION

This project is part of the State's Ten Year Transportation Improvement Plan under the Updated Signing on State System Program (USSS). This project consists of replacing bridge-mounted sign structures and signs on the I-93 overpass bridge over NH Route 3A at Exit 10 in the Town of Hooksett and the replacement of bridge-mounted sign structures and signs on the I-93 overpass bridge over US Route 3 at Exit 9 in the Town of Hooksett. Other associated work includes replacing the brown/white State House, Historic Sites and Museum of NH History signs on I-93 northbound and southbound in Concord, installing green/white "NH Route 127 Sanbornton Franklin 1 mile" signs on I-93 northbound and southbound in Sanbornton and adding green/white "Exits 17 W-E" sign panels onto existing ground mounted signs on I-93 southbound in Canterbury.

This project addresses the needed replacement of signs to enhance safety, conform to the current MUTCD design standards, improve retroreflectivity, and provide better guidance for the motoring public.

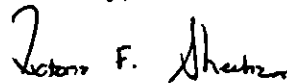

The proposed contingency amount is 5% of the contract amount. This is to account for the risks associated with unanticipated traffic control needs and the potential for necessary but unanticipated repair work to guardrail and other existing infrastructure near the work areas.

The Contractor has been prequalified by this Department. The Contract has been approved by the Attorney General as to form and execution, and the Department has certified that the necessary funds are available and the bid reasonably conforms to the engineer's estimate in accordance with State procedure. Copies of the fully executed contract are on file at the Secretary of State's Office and the Department of Administrative Service's Office, and subsequent to Governor and Council approval will be on file at the Department of Transportation.

This project funding is 80% federal funds with 20% state match. Turnpike toll credit is being utilized for match requirements, effectively using 100% federal funds.

A copy of the Tabulation of Bids received for this project is attached along with the Contract Supplemental Sheet and a map indicating the location of the project.

Sincerely,

Victoria F. Sheehan
Commissioner

SUPPLEMENTAL PROJECT INFORMATION SHEET

DESCRIPTION: This project consists of replacing bridge-mounted sign structures and signs on the I-93 overpass bridge over NH Route 3A at Exit 10 in the Town of Hooksett and the replacement of bridge-mounted sign structures and signs on the I-93 overpass bridge over US Route 3 at Exit 9 in the Town of Hooksett.

Other associated work includes replacing the brown/white State House, Historic Sites and Museum of NH History signs on I-93 northbound and southbound in Concord, installing green/white "NH Route 127 Sanbornton Franklin 1 mile" signs on I-93 northbound and southbound in Sanbornton and adding green/white "Exits 17 W-E" sign panels onto existing ground mounted signs on I-93 southbound in Canterbury.

FEDERAL FUNDING: 80% (Update Signing on State System (USSS) Program) with anticipated utilization of Turnpike Toll Credits for the State's 20% match.

PROJECT INITIATED: Under the Bureau of Traffic USSS Sign Program.

CONTINGENCY: The proposed contingency amount is 5% of the contract amount. This is to account for the risks associated with unanticipated traffic control needs and the potential for necessary but unanticipated repair work to guardrail and other existing infrastructure near the work areas.

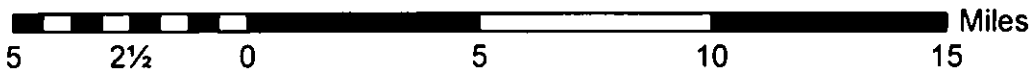

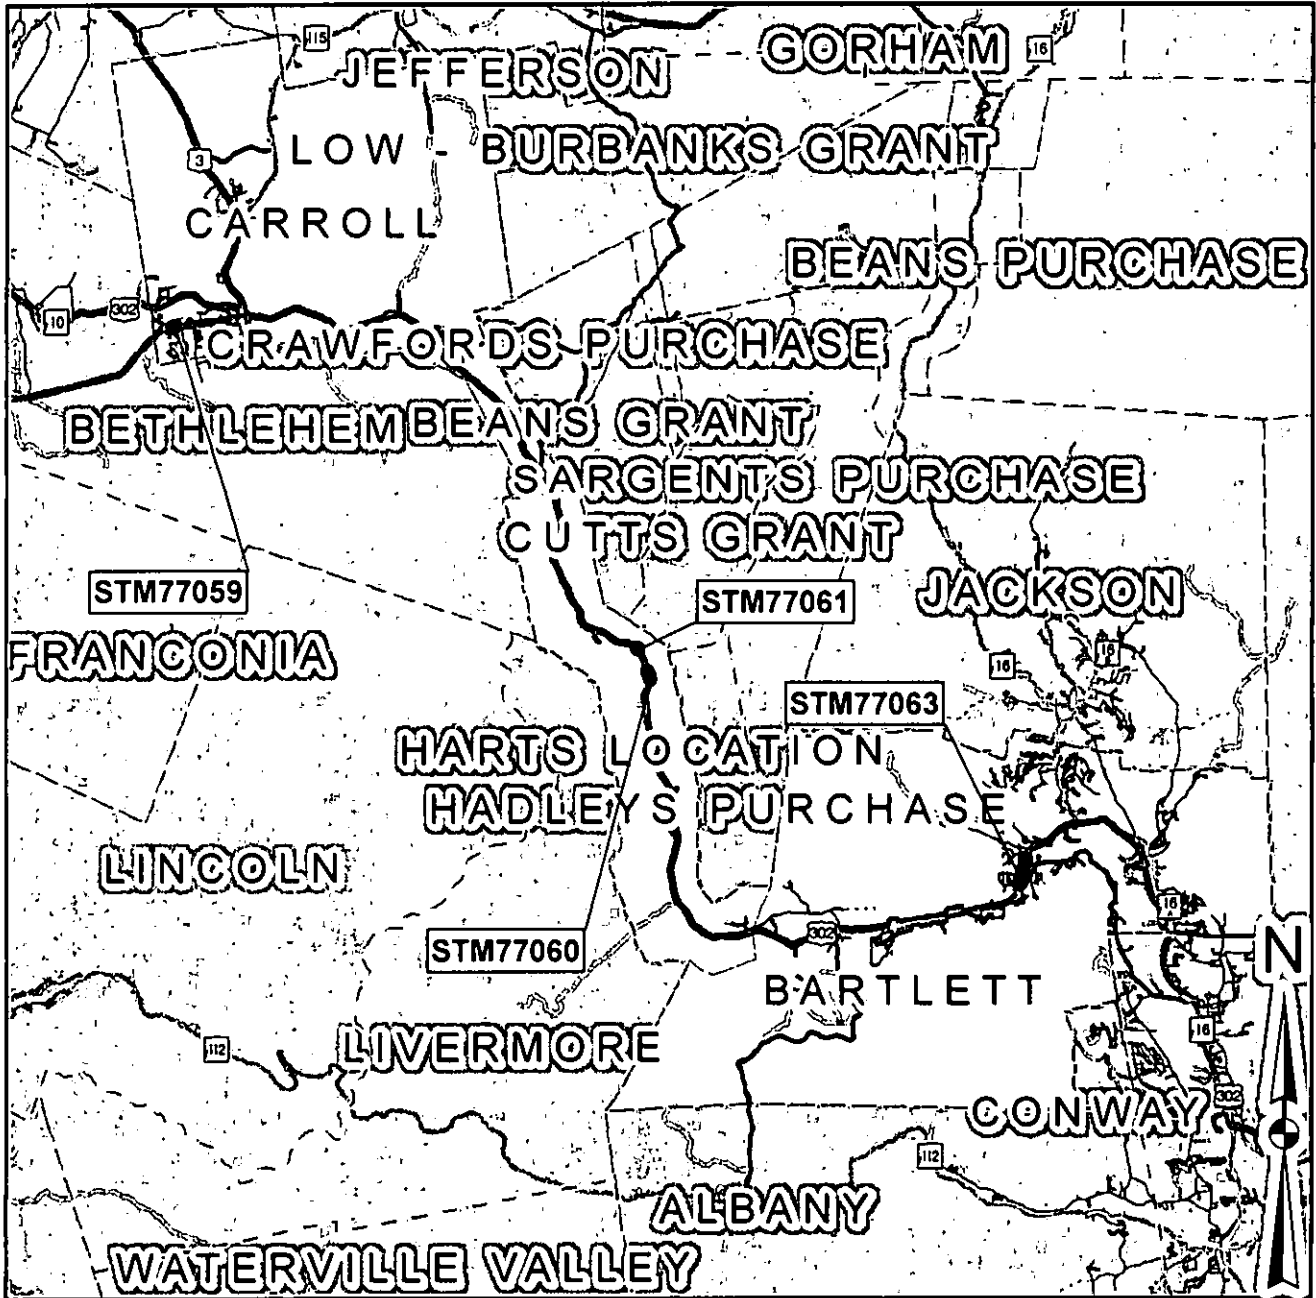

PROJECT EXPLANATION: This project addresses the needed replacement of signs to enhance safety, conform to the current MUTCD design standards, improve retroreflectivity, and provide better guidance for the motoring public.

TRAFFIC IMPLICATIONS: Lane closures, shoulder closures and night work are anticipated for this contract. Lane closures will be used to allow for the removal and installation of bridge mounted signs and will be restricted to night time operations. Lane and shoulder closures will be permitted during daytime operations during off peak timeframes and where the work is outside the traveled way. Uniformed officers will be required for both lane and shoulder closures due to the high-speed and high-volume nature of the facilities.
