EXPLANATION

The Department of Environmental Services (DES) requests to accept donated funds into the Rivers and Lakes Management and Protection Fund (RSA 483:13) in honor of Jody Connor, former DES Limnology Center Director, who passed away suddenly in June 2011.

Donations from the general public in Jody Connor's name were sent to DES for a variety of purposes. The balance of the donations will be used to make small grants to established lake and or river associations in the state for purposes of acquiring volunteer monitoring equipment to assist them in their water quality monitoring activities.

The allocation of small grants shall be conducted in accordance with guidance from a small ad hoc committee established by DES.

We respectfully request your acceptance of this donation.
