\$ 14,043.68

EXPLANATION

One Federal Aviation Administration (FAA) State Block Grant has been awarded to the State of New Hampshire:

FAA Grant Number
3-33-SBGP-16-2012

FAA Grant Amount
\$ 1,960,512.00

The above referenced FAA State Block Grant has been awarded from which \$13,341.00 (or 95% of the project cost) is proposed to amend this airport development project (SGB-17-03-2010 copy attached) to design, reconstruct and expand the terminal aircraft-parking apron at the Mt. Washington Regional Airport, Whitefield, NH.

In accordance to FAA Order 5100.38D, under normal conditions, the State can amend a grant at the close out of the project to adjust the grant amount to reflect final costs. Once the project is complete, the Department must wait for federal grant funding to become available from other completed projects before issuing an amendment.

The amendment is necessary to fund additional costs incurred to furnish and install a 3'x3'x3' concrete electrical handhole to provide access to a cable splice which was not part of the original bid for the project. In addition, the amendment will fund the application of a slurry seal to the aircraft ramp to provide additional protection to the new pavement. The slurry seal application was also not included in the original bid.

The Department of Transportation accepts the Federal Funds for this project as a pass through to the Town of Whitefield in accordance with RSA 422:15. The total federal share of this project including the amendment will increase the FAA share from \$737,109.00 to \$750,450.00, which equates to an increase of \$13,341.00. Additional State participation in the amount of \$702.68 (5 % of this project) is also requested. The total cost of this amendment for this project is \$14,043.68. The original grant (attached) passed Governor and Council on November 17, 2010 Item #207.

The Contract has been approved by the Attorney General as to form and execution, and the Department has verified that the necessary funds are available. Copies of the fully executed contract are on file at the Secretary of State's Office and the Department of Administrative Service's Office, and subsequent to Governor and Council approval will be on file at the Department of Transportation.

In the event that the federal funds are no longer available, General Funds will not be requested to support this program. In accordance with the FAA grant assurances C- Sponsor Certifications, Responsibility and Authority of the Sponsor, the grant funds must be immediately available for the project to execute the grant offer; therefore all funding for this project is encumbered in the first fiscal year.

Please note that the state funds are from the General Fund and have been previously approved in HB25, 2013 195:1 XVI-A.1 Capital Budget.

Sincerely,

William Cass, P.E.
Assistant Commissioner

RE: Mt. Washington Regional Airport
Reconstruct Aircraft Terminal Ramp
SBG 17-03-2010
GRANT AMENDMENT NO. 1

Dear Ms. Niewola,

With this letter we are requesting your approval to increase the Grant amount for the above referenced project from \$775,904.00 to \$789,947.68 (\$750,450.00 Federal share and \$39,497.68 State share).

Total project costs exceeded the original grant by \$14,043.68 (see table below). The increase is due to two approved change orders for additional work requested by the Owner. Change Order No. 1 involved furnishing and installing a 3'x3'x3' concrete electrical handhole to provide access to a cable splice which was not part of the original bid. Change Order No. 2 involved the application of a slurry seal to the ramp as requested by the Owner. The slurry seal also was not part of the original bid package.

FST has reviewed the change order requests submitted by A. J. Coleman & Son, Inc. for additional work and found the costs for both change order requests to be reasonable and justified (see previous change order requests).

The following table illustrates the comparison between the original grant application and the requested increase:

	<u>Grant Application</u>	<u>Revised Grant Request</u>	<u>Difference</u>
Sponsor Administration	\$ 5,000.00	\$ 3,400.98	(\$1,599.02)
Engineering	\$ 171,893.00	\$ 171,643.67	(\$249.33)
Construction & Project Improvement	\$ 599,011.00	\$ 589,288.08	(\$9,722.92)
Change Order No. 1		\$ 1,351.25	\$ 1,351.25
Change Order No. 2		\$ 24,263.70	\$24,263.70
Total Project	\$ 775,904.00 ✓	\$ 789,947.68	\$14,043.68
Federal Share (95%)	\$ 737,109.00 ✓	\$ 750,450.00 ✓	\$ 13,341.00 ✓
State Share (5%)	38,795.00 ✓	39,497.68 ✓	702.68 ✓
Local Share (0%)	-0-	-0-	-0-

Therefore we request that the FAA Grant be increased by \$13,341.00 from \$737,109.00 to \$750,450.00 and a State share increase of \$702.68 from \$38,795.00 to \$39,497.68. ✓

Thank you very much for your consideration.

Very truly yours,

REQUESTED ACTION

Authorize the Department of Transportation to provide funding to the Town of Whitefield, Vendor Code 177499, for SBG-17-03-2010, to design, reconstruct and expand the terminal aircraft-parking apron at the Mt. Washington Regional Airport, Whitefield, NH. State and Federal participation in the amount of \$775,904.00 is effective upon Governor and Council approval through November 30, 2014. 95% Federal Funds, 5% General Funds

\$ 775,904.00

EXPLANATION

Seven Federal Aviation Administration (FAA) State Block Grants have been awarded for \$1,991,776.00, \$2,033,927.00, \$2,751,395.00, \$1,330,729.00, \$1,512,446.00, \$885,005.00 and \$3,143,085.00 (copies attached) from which \$737,109.00 (or 95% of the project cost) is proposed for this airport development project (SGB-17-03-2010 copy attached) to design, reconstruct and expand the terminal aircraft parking apron (approximately 9,672 SY) at the Mt. Washington Regional Airport, Whitefield, NH. The majority of federal funds are applied to this project from three new FY 2010 grants, but a small amount of carryover from previous year grants were used to complete this project.

The existing terminal ramp is over 50 years old and in failing condition. The continued maintenance of the apron is no longer able to preserve the pavement and costly to the airport. The pavement is rapidly deteriorating with breaking pavement and large crack development, which poses a safety risk to taxiing aircraft. The construction of this aircraft apron will allow aircraft to travel safety to and from the runway to the aircraft hangars and fuel area.

The project cost breakdown is as follows:

Sponsor Administration	\$ 5,000.00
Design Engineering	\$ 81,635.00
Project Inspection Fees	\$ 90,258.00
Construction (Coleman and Sons)	<u>\$599,011.00</u>
Total	\$775,904.00

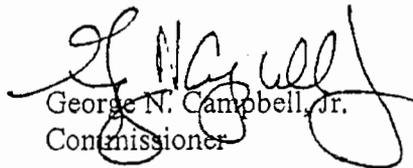

The Department of Transportation accepts the Federal Funds for this project as a pass through to the Town of Whitefield in accordance with RSA 422:15. State participation in the amount of \$38,795.00 (5 % of this project) is also requested.

The Contract has been approved by the Attorney General as to form and execution, and the Department has verified that the necessary funds are available. Copies of the fully executed contract are on file at the Secretary of State's Office and the Department of Administrative Service's Office, and subsequent to Governor and Council approval will be on file at the Department of Transportation.

In the event that the Federal Funds become no longer available, General Funds will not be requested to support this program.

Please note that the state funds are from the General Fund and have been previously approved in HB25 Capital Budget.

Sincerely,

George N. Campbell, Jr.
Commissioner
