Requested Action

Pursuant to RSA 21-P:43, the Department of Safety, Division of Homeland Security and Emergency Management requests authorization to enter into a grant agreement with the City of Dover (VC#177380-B005) for the purchase and installation of equipment to support and enhance the community's local Emergency Operations Center (EOC) for a total amount of \$56,612.00. Effective upon Governor and Council approval through September 30, 2016. Funding source: 100% Federal Funds.

Funding is available in the SFY 2016 operating budget as follows:

02-23-23-236010-80920000	Dept. of Safety	Homeland Sec-Emer Mgmt	100% EMPG Local Match
072-500574	Grants to Local Gov't - Federal		
Activity Code: 23EMPG 2014			\$56,612.00

Explanation

The purpose of this project is to purchase equipment that will increase the situational awareness, operational coordination, and overall efficiency of the personnel assigned to the EOC during an emergency. The project includes purchasing and installing a VoIP dispatch console and an audio visual system. The VoIP dispatch console, which will be a fully functioning workstation for the EOC and is an exact replica of the work station in the communication center, will allow for the seamless transition for a dispatcher assigned to the EOC during activations. The audio visual system will allow multiple programs to be displayed on multiple display screens simultaneously. The grant listed above is funded from the FFY'14 Emergency Management Performance Grant (EMPG), which was awarded to the Department of Safety, Division of Homeland Security and Emergency Management (HSEM) from the Federal Emergency Management Agency (FEMA). The grant funds are to be used to measurably improve all-hazard planning and preparedness capabilities/activities, to include mitigation, preparedness, response, and recovery initiatives at the state and local level. Grant guidance and applications are available to all Emergency Management Directors and other qualified organizations in the State. Grantees submit applications to this office, which are reviewed by the HSEM Planning Chief, Assistant Planning Chief and Field Representatives and approved by the HSEM Director. The criteria for approval are based on grant eligibility in accordance with the grant's current guidance and the documented needs of the local jurisdictions.

The Emergency Management Performance Grants are 50% federally funded by FEMA with a 50% match requirement supplied by the grantee. The grantee acknowledges their match obligation as part of Exhibit B to their grant agreement.

In the event that Federal Funds are no longer available, General Funds and/or Highway Funds will not be requested to support this program.

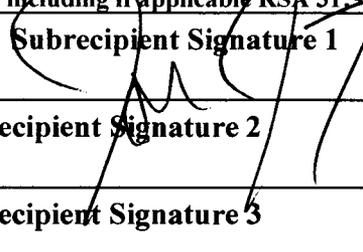

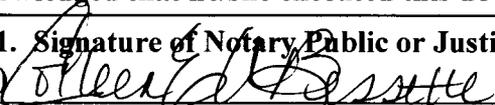

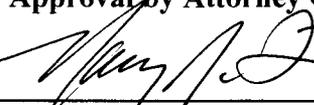

Respectfully submitted,

John J. Barthelmes
Commissioner of Safety

CITY OF DOVER

CITY OF DOVER - RESOLUTION

Agenda Item#: 13.A.6.

Resolution Number: R-2015.10.28 – 142
Resolution Re: Authorization to Execute Grant Agreement for EOC
Equipment funding for City of Dover Police Department

RESOLUTION BACKGROUND MATERIAL:

On October 9, 2015, the Dover Police Department applied to the Department of Safety Homeland Security and Emergency Management Division for funding to assist with equipment for the Emergency Operations Center (EOC). If awarded, this funding would pay for the cost of a VoIP (Voice over Internet Protocol) dispatch console and enhanced audio visual (AV) capabilities for the EOC during emergencies.

The VoIP dispatch console will be a fully functioning workstation for the EOC and exactly the same as the work stations in the communication center. This will allow for seamless transition for a dispatcher assigned to the EOC during activations. It will also allow for the dispatcher to run multiple programs and screens, such as maps, computer aided dispatch (CAD), SPOTS, and WebEOC, simultaneously.

The newly constructed EOC will be equipped with six large display screens similar to the current EOC. In an effort to enhance the functionality of this equipment, this project includes the purchase of an AV system that will allow for multiple programs to be shown on each display screen at the same time. For example, during an EOC activation, the police department's CAD, the fire department's CAD, a map of the City, WebEOC, and television weather or news could all be displayed simultaneously on these large screens.

The cost of this equipment is \$56,612. This grant requires a match of 50% of the total project cost from the City of Dover. The construction costs of the new EOC are an allowable source for the in-kind match.

CERTIFICATE OF COVERAGE

The New Hampshire Public Risk Management Exchange (Primex³) is organized under the New Hampshire Revised Statutes Annotated, Chapter 5-B, Pooled Risk Management Programs. In accordance with those statutes, its Trust Agreement and bylaws, Primex³ is authorized to provide pooled risk management programs established for the benefit of political subdivisions in the State of New Hampshire.

Each member of Primex³ is entitled to the categories of coverage set forth below. In addition, Primex³ may extend the same coverage to non-members. However, any coverage extended to a non-member is subject to all of the terms, conditions, exclusions, amendments, rules, policies and procedures that are applicable to the members of Primex³, including but not limited to the final and binding resolution of all claims and coverage disputes before the Primex³ Board of Trustees. The Additional Covered Party's per occurrence limit shall be deemed included in the Member's per occurrence limit, and therefore shall reduce the Member's limit of liability as set forth by the Coverage Documents and Declarations. The limit shown may have been reduced by claims paid on behalf of the member. General Liability coverage is limited to Coverage A (Personal Injury Liability) and Coverage B (Property Damage Liability) only. Coverage's C (Public Officials Errors and Omissions), D (Unfair Employment Practices), E (Employee Benefit Liability) and F (Educator's Legal Liability Claims-Made Coverage) are excluded from this provision of coverage.
