BUSINESS FINANCE AUTHORITY

Section 162-A:13-b

162-A:13-b Business Loan Enhancement Program. –

I. Upon recommendation of the authority for the proper implementation of the declared purposes of this chapter, the governor and council may award a state guarantee of the principal of, interest on, and reasonable collection expenses related to, loans which meet the requirements set forth in this section. The maximum amount for which the state may be liable pursuant to a guarantee awarded in accordance with this section shall not at any time exceed the lesser of \$250,000 or 22.23 percent of the maximum principal amount that may be borrowed under the terms of the loan, plus in either case interest and related reasonable collection expenses with respect to such loan. The full faith and credit of the state shall be pledged for any such guarantee; provided that the guarantee shall not cause the contingent credit limit of RSA 162-A:22 to be exceeded.

II. The state's guarantee of a loan under this section shall be evidenced by a guarantee agreement entered into by the state, the lender, and the borrower. The guarantee agreement shall contain such terms and conditions as the authority and the governor and council may impose, including, without limitation, restrictions on the use of loan proceeds, restrictions on the use and operation of any project financed or assisted by the loan, appropriate controls on the requisition of loan proceeds by the borrower, provisions for the state to demand acceleration of the payment of the loan in the event of a default by the borrower, provisions for payment to the authority of guarantee fees and reimbursement of costs and expenses, provisions for reimbursement of the state if the state is required to honor the guarantee, appropriate financial covenants, and provisions for the establishment of reserves. Subject to this section and the terms and conditions of such guarantee agreement, the guarantee agreement may provide that the state shall be liable to pay the first dollar of loss realized by the bank with respect to the guaranteed loan. In addition, as a condition of awarding any guarantee, the state shall be subrogated to all of the rights and security of the lender to the extent it honors the guarantee. Any guarantee agreement authorized in accordance with this section shall be executed on behalf of the state by the chairperson, vice chairperson, or executive director of the authority. The governor, with the advice and consent of the council, is authorized to draw a warrant for such sum as may be necessary out of money in the state treasury not otherwise appropriated, for the purpose of honoring any guarantee awarded under this section.

III. Any loan guaranteed under this section shall meet the following requirements:

(a) The total principal amount of the loan shall not exceed 90 percent of the appraised fair market value of the collateral securing repayment of the loan, as determined pursuant to an appraisal of the collateral prepared by an independent party in connection with such loan and provided to the authority prior to awarding a guarantee.

(b) The final maturity date of the loan shall not be later than the later of 10 years from the date the loan was made or 10 years from the date the project was placed in service.

be paid under a 20-year amortization schedule requiring fixed annual payments, to be applied to accrued interest first with any excess to principal, and a fixed interest rate not less than the interest rate in effect on the date the loan becomes effective, provided that in connection with any renewal of a loan such principal reduction shall not be required.

IV. The maximum amount for which the state may be liable pursuant to a guarantee awarded in accordance with this section shall be reduced by one dollar for every dollar of principal that is paid with respect to the loan that is subject to the guarantee.

**RE: Award of State Guarantee with Respect to a Certain Loan from
Claremont Savings Bank (the "Lender") to Jewell SPE, LLC. (the "Borrower")**

Dear Governor and Council:

The purpose of this letter is to describe and explain the lending transactions with respect to which the guarantee of the State of New Hampshire is recommended by the Business Finance Authority.

1. **Statutory Authority.** RSA 162-A:13-b authorizes the Authority to establish a "Business Loan Enhancement Program" (the "BLEP Program") to assist and encourage banking institutions to loan money to certain businesses operating within New Hampshire. Under this statutory authority, the Authority may recommend the award of a guarantee by the State of New Hampshire of the recovery of amounts loaned to certain businesses. The statute also provides that, upon the Authority's recommendation, the Governor and Council may, after holding a public hearing and making certain findings, approve such recommendation and award the guarantee.

2. **Concept of the BLEP Program.** The Authority has developed the BLEP Program as a significant part of its programs intended to facilitate the recapitalization of the New Hampshire business community. In general, unlike the other programs, the BLEP Program focuses on assisting larger businesses which offer significant employment opportunities to New Hampshire residents. Encouraging and stabilizing the debt financing available to such businesses should achieve the substantial public purpose of creating and preserving key economic infrastructure within the State.

3. **The BLEP Program Guarantee.** In general, the Authority's BLEP Program seeks to encourage lenders to loan money to businesses by assuming a portion of the risk that, if a business fails, the lender will not recover all of the funds loaned to the business after pursuing all available collection rights. Accordingly, if any deficiency is determined to exist after a lender has pursued all of its available rights and remedies, the BLEP Program guarantee would provide for the repayment of a portion of such deficiency to the lender. This formulation of the BLEP Program guarantee ensures that the Authority is not required to enter the business of collection against failed loans; rather such activities remain the obligation of the lenders.

2 PILLSBURY STREET, SUITE 201
CONCORD, NEW HAMPSHIRE 03301-4954
603-415-0190 • FAX: 603-415-0194

4. **Guarantee Agreements.** RSA 162-A:13-b requires the Authority to implement its BLEP Program through "guarantee agreements" among the Authority, the State, the lender and the borrower. These agreements must meet minimum requirements established by statute, provide for the pledge of the full faith and credit of the State to support its guarantee and minimize the risk of loss to the State.

5. **The Claremont Savings Bank /Jewell SPE, LLC. Transaction.** With the above general background in mind, we proceed to describe the proposed financing transactions with respect to which the Authority has recommended the award of a BLEP Program guarantee.

The guarantee has been requested with respect to financing in the maximum principal amount of up to One Million Two Hundred Seventy-Eight Thousand Dollars (\$1,278,000) (the "Loan").

Jewell SPE, LLC., is limited liability corporation which provides truck hauling services. They employ up to 45 full time employees. The Loan proceeds are to be used to complete the construction of a new company headquarters in Claremont, New Hampshire.

The Loans are in the principal amount of up to \$1,278,000 secured by a mortgage on real estate located at 442 River Road, Claremont, New Hampshire.

The Borrower will repay the Loan in one hundred nineteen principal plus interest payments based on a fixed interest rate of 5.25% for the first five year thereafter becoming a variable interest rate of FHLB CAR rate plus 4.375% and one final payment of all principal plus accrued interest due at the maturity date.

6. **Scope of Recommended Guarantee.** The Authority is recommending the award of a guarantee of the Loan described above in an amount equal to 11% of any deficiency determined to exist after the Lender has diligently pursued all available collection rights. Accordingly, if the Borrower defaults under the Loan and after pursuing all collection rights a deficiency of \$1,278,000 is determined to exist under the Loan, the Authority and the State would be obligated to pay the Lender 11% percent of such amount (or \$142,000). By so limiting the Lender's risk, the Authority hopes to facilitate the provision of this important financing.

7. **Terms of the Guarantee Agreement.** The terms and conditions of the guarantee commitment are to be expressed in a "Guarantee Agreement" among the Authority, the State, the Lender and the Borrower. This agreement, to be substantially in the form submitted to the Governor and Council with this letter, includes the following terms and conditions which incorporate all statutory requirements.

(a) **Maximum Guarantee.** As noted, the guarantee would not exceed 11% percent of the principal amount of the Loan and accordingly would satisfy the statutory requirement that the guarantee of the loans do not exceed 90 percent the fair market value of the collateral securing of the principal of the Loan plus interest thereon. This 90 percent limitation, along

with the requirement that a lender pursue all available collection rights prior to calling on the Authority or the State to make a guarantee payment, is intended to minimize risk of loss to the State.

(b) Authority Payment First, Then State. Any payment with respect to the guarantee would be made first from funds available to the Authority. Only after the Authority has determined that it does not have sufficient funds to pay the guarantee amount would the State be required to pay on the guarantee obligation.

(c) Use of Loan Proceeds. The proceeds of the Loan must be used as provided in the commitment letter and described above.

(d) Right of Acceleration. The Authority and the State will have the ability to demand that the Loan be accelerated in the event that the Borrower defaults on his obligations and does not cure such a default within 60 days.

(e) Fees and Expenses of the Authority. The Lender will be required to pay: (1) a closing fee of one percent (1%) of the maximum guarantee amount at the time the Loan transaction is consummated; and (2) an annual fee to the Authority equal to two percent (2%) of the product of the average principal amount of the Loan outstanding as of the close of the immediately preceding anniversary date multiplied by the Guarantee Percentage. All legal expenses incurred by the Authority in connection with the provisions of the guarantee must be paid by the Lender.

(f) Subrogation Rights. The State and the Authority, to the extent either is required to pay on the guarantee, shall be subrogated to the rights of the Lender.

(g) Notice of Lender's Intent. The Lender is required to notify the Authority at least nine months prior to the maturity date of the Loan as to whether or not the Lender intends to refinance the outstanding principal balance of the Loan.

(h) Proportionate Reduction in Guarantee. As principal and other amounts are collected under the Loan, the guarantee obligation of the Authority and the State is reduced.

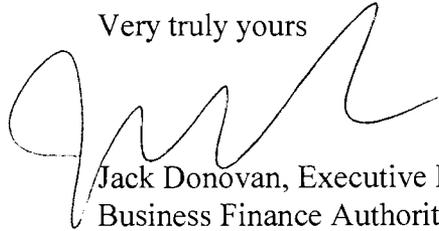

8. 90-Percent Collateral Coverage Test. The statute requires that the Loan being guaranteed does not exceed 90% of the appraised fair market value of the collateral. Based upon the certification of the Authority, the Authority has received such evidence as it deems necessary to determine that this requirement will have been satisfied as of the closing date of the Loan. This determination appears reasonable.

10. **Maturity Date Requirement.** The statute requires the Loan to mature not later than ten years after (a) the date the Loan is made or (b) the date the "project" is placed in service. The proposed loan documents satisfy this requirement.

11. **Principal Repayment Requirements.** The statute requires that the principal balance of a Loan must be scheduled to be reduced annually by an amount equal to not less than the principal amount that would be paid under a 20 year amortization schedule. The repayment schedules required under the Loan satisfy this requirement.

In summary, all statutory requirements will be embodied and implemented in the proposed transaction and guarantee agreement.

Very truly yours

3. Right to Review Lender's Guarantee Claim. Upon receipt of the written notice that a Call Date has occurred, the Authority shall have the right to review all aspects of the Loan and the Loan Documents which relate to the determination of the Guaranteed Amount. Prior to expiration of the 30-day period after receipt by the Authority of the written notice that a Call Date has occurred, the Authority shall either approve the payment of the Guaranteed Amount as specified in such notice or shall issue a written notice of proposed adjustment of such Guaranteed Amount to the Lender which shall state the basis for the proposed adjustment. At the time such notice of proposed adjustment is delivered, the Authority shall pay to the Lender the Guaranteed Amount, if any, as proposed in such notice. Upon receiving such a notice of proposed adjustment, the Lender may object to such notice by delivering a written statement of objection to the Authority explaining the basis or bases for such objection within 10 days after receipt of the Authority's notice of proposed adjustment. Within 30 days after receipt of the Lender's written objection, the Board of Directors of the Authority shall determine in its sole discretion whether to adjust the Guaranteed Amount at a meeting duly noticed for such purpose. The Authority shall provide the

Lender with written notice of the Board of Directors decision within seven days of its decision. If the Authority and the Lender are unable to resolve a dispute by other means, the Authority may elect to resolve the dispute by arbitration pursuant to the rules of the American Arbitration Association. The Lender hereby consents to proceeding by means of arbitration. Both parties agree to be bound by any decision issued pursuant to such arbitration. In the event that the Authority does not elect to proceed by arbitration, either party may seek to resolve the dispute by bringing an action in a court of appropriate jurisdiction. If the Lender desires to commence litigation to resolve the matter after receiving notice of the decision of the Board of Directors, it shall send written demand that the Authority elect whether to resolve the dispute by arbitration, and if the Authority elects arbitration, it shall notify the Lender within ten (10) days of the date of such demand; otherwise, the Lender may thereafter commence litigation to resolve the dispute.

4. Subrogation Rights. Upon making payment of the Guaranteed Amount pursuant to paragraph 2 of this Agreement, the Authority shall, to the extent it makes such payment, be subrogated to the rights of the Lender with respect to the Loan, the Collateral, and other rights of recovery provided under the Loan Documents with respect to the Loan. Upon payment of the Guaranteed Amount, the Authority may in its sole discretion direct the Lender to assign all rights under Loan Documents with respect to the Loan, without recourse, to the Authority, and the Authority shall then issue to the Lender a certificate of interest evidencing the percentage of the Loan retained by the Lender. Election by the Authority to obtain an assignment of the Loan Documents shall not waive any right of the Authority arising from any negligence, misconduct or violation by the Lender of any provision of this Agreement. The Lender shall provide the Authority with reasonable assistance thereafter as the Authority may request in proceeding with respect to any such collateral, security or other right of recovery, except that such reasonable assistance shall not require the Lender to incur any out-of-pocket expenses. If the Authority receives any funds as a result of enforcement actions taken with respect to any such collateral, security or other right of recovery, the Authority shall promptly pay over to the Lender its pro rata share of such amount, after reduction for any reasonable out-of-pocket expenses incurred by the Authority in taking such enforcement actions.

5. State Guarantee.

Guarantee Commitment. Subject to the terms and conditions of this paragraph 5 and this Agreement, the State hereby guarantees the payment of the Guaranteed Amount, and for the performance of such guarantee the full faith and credit of the State are pledged. The State's guarantee obligation hereunder shall be solely with respect to the principal and interest of the Loan, subject to the limitations and adjustments contained in this Agreement, including the provisions for the determination of the Realized Deficiency Amount contained in paragraph 1(s) of this Agreement.

6. Recovery by Lender Subsequent to Payment of Guaranteed Amount. If subsequent to receiving payment of the Guaranteed Amount pursuant to paragraph 2 or paragraph 5 of this Agreement the Lender shall recover any amount with respect to the Loan, the Lender shall promptly pay to the Authority the share of such recovered amount which reflects the payment of the Guaranteed Amount made less a proportionate share of any reasonable out-of-pocket expenses incurred by the Lender in recovering such amount.

7. Guarantee Termination Date. The obligation of either the Authority or the State to guarantee or make payment of any amount to the Lender pursuant to paragraph 2 or paragraph 5 of this Agreement shall expire on the earliest to occur of: (i) the date upon which the Authority receives a written certificate executed by the Lender which states that the Loan principal balance has been reduced by \$142,000; (ii) the date upon which the Authority receives a written certificate executed by the Lender which states that the Lender agrees to terminate the obligations of the State to make a guarantee payment; (iii) the date on which an Event of Default shall have occurred; and (iv) 2:00 p.m. on the tenth anniversary of the Effective Date (the "Stated Termination Time"). Provided, however, that if the Borrower defaults under the Loan Documents prior to or as of the tenth anniversary of the Effective Date and the Lender provides timely written notice to the Authority prior to five days after the Stated Termination Time that such default has occurred, then the obligations of the State and the Authority to guarantee or make payment to the Lender pursuant to paragraph 2 of this Agreement shall continue until the later to occur of: (i) the date upon which the Authority receives a written certificate executed by the Lender that such default has been cured; or (ii) the date on which the Authority or the State makes payment of its guarantee obligation, if any, pursuant to the terms of this Agreement.

8. Conditions Precedent to the Guarantee Obligation. The obligation of either the State or the Authority to make payment to the Lender pursuant to paragraph 2 or paragraph 5 of this Agreement shall not become effective until the following conditions precedent shall have been satisfied or waived in writing by the Authority:

(a) Receipt of Documents. The Authority shall have received the following, each dated the date of delivery thereof (unless otherwise specified below), in form and substance satisfactory to the Authority:

(i) Counterparts to this Agreement, duly executed by the Lender and the Borrower.

(ii) Executed copies (or duplicate copies thereof certified as of the Effective Date by the Lender to be a true copy) of each of the Loan Documents, duly executed by the parties thereto.

(iii) Certified copies of the actions or resolutions of the Board of Directors or other appropriate authority of the Lender and the Borrower approving this Agreement and the Loan Documents, and of all documents evidencing other necessary corporate action, if any, with respect to the execution, delivery and performance by the Lender and the Borrower of this Agreement and the Loan Documents.

(iv) A certificate of a duly authorized officer of the Borrower certifying that Schedule 11(i) to this Agreement includes a description of all pending or known threatened actions or proceedings affecting the Borrower or its properties before any court, government agency or arbitrator, which may, if adversely determined (A) purport to affect the legality, validity or enforceability of the Loan Documents or (B) materially adversely affect the financial condition, properties, prospects or operations of the Borrower.

(v) A balance sheet of the Borrower and financial statements of the Borrower setting forth the results of operations of the Borrower for the most recent fiscal year, together with pro forma adjustments thereto.

(vi) Such other instruments, certificates, opinions, surveys and other documents as the Authority may reasonably request, all in form and substance acceptable to the Authority.

(b) Loan Documents Effective. Each of the Loan Documents, which shall be in form and substance acceptable to the Authority, shall be in full force and effect and all conditions to making advances thereunder shall have been satisfied.

(c) Appraisals. The Authority shall have received appraisals in form and substance acceptable to the Authority demonstrating that the total principal amount of the Loan does not exceed 90% of the fair market value of the Collateral.

(d) Fees and Expenses. The Lender shall have paid all Authority Service Fees and all Authority Legal Fees and Expenses, to the extent then due and payable.

(e) Good Title. The Borrower shall have good and marketable title to the Collateral in fee simple and full possession thereof, free and clear of all liens and encumbrances except such encumbrances expressly excepted by the Authority.

9. Representations and Warranties of the Authority. The Authority represents and warrants:

(a) Valid Existence. The Authority is validly organized and existing as a public body corporate and agency of the State.

(b) Due Authorization, No Violation. The execution, delivery and performance by the Authority and the State of this Agreement are within the powers of the Authority and the State, have been duly authorized by all action necessary on the part of the Authority and the State, and do not and will not contravene any law or legal or contractual restriction binding on or affecting the Authority and the State.

(c) Agreement and Loan Documents Valid and Binding. This Agreement and each of the Loan Documents when delivered will be legal, valid and binding obligations of the Lender enforceable against the Lender in accordance with their respective terms; subject to the qualification, however, that the enforcement of rights and remedies herein and contained in the Loan Documents is subject to bankruptcy and other similar laws of general application affecting the rights and remedies of creditors and to the effect of general principles of equity, including (without limitation) concepts of materiality, reasonableness, good faith and fair dealing (regardless of whether considered in a proceeding in equity or at law).

(d) Possession of Loan Documents. The Lender has in its possession an original executed version of each and every Loan Document, except as set forth in Schedule 10(d) hereto.

(e) No Default. Immediately upon making the Loan, to the best of Lender's knowledge, neither the Borrower nor any Affiliate of the Borrower will be in material violation or default of any terms or conditions of any of the Loan Documents, any other agreement between the Lender and the Borrower or any Affiliate of the Borrower or any obligation of the Borrower or any Affiliate of the Borrower to the Lender.

(f) Compliance with Lending Laws. The Lender has complied in all material respects with all applicable federal and state laws, statutes, rules and regulations pertaining to the making of the Loan.

(h) Lender's Credit Decision. The Lender acknowledges that it has, independently and without reliance upon the Authority or any of the Authority's officers, employees or agents, and based upon such documents and information as it has deemed appropriate, made its own credit analysis and decision to enter into the Loan and the Loan Documents. The Lender further acknowledges that the Authority, its officers, employees or agents, have not directly or indirectly controlled or influenced the Lender's decision to enter into the Loan and the Loan Documents.

(i) No Other Agreements. There does not exist, nor has the Lender entered into any additional, side or collateral agreement with the Borrower relating to the Loan which are not fully set forth in the Loan Documents.

(j) Public Policy Loan Covenant. The Loan Documents contain a covenant in substantially the following form that the Borrower shall not, without the consent of the Authority, sell, lease, transfer or otherwise dispose of all or substantially all of its assets (whether in a single transaction or series of transactions during any consecutive 12-month period) other than in

the ordinary course of the Borrower's business in accordance with ordinary and customary terms and conditions.

(k) No Governmental Action Necessary. No authorization, approval, exemption, or consent by any governmental or public body or authority is required in connection with the Lender's consummation of the transactions contemplated under the Agreement and the Loan Documents to be performed by the Lender.

(l) No Actions Pending. There are no actions, proceedings or investigations pending or, to the best of the Lender's knowledge, threatened against the Lender before any court, government agency or other tribunal which might materially and adversely affect the performance by the Lender of its obligations under, or the validity or enforceability of the Agreement or the Loan Documents.

11. Representations and Warranties of the Borrower. The Borrower represents and warrants:

(a) Valid Existence and Qualification. The Borrower is a limited liability corporation duly organized, validly existing and in good standing under the laws of the State of New Hampshire. The Borrower is duly qualified to do business in, and is in good standing in, all other jurisdictions where the nature of its business or the nature of property owned or used by it makes such qualifications necessary.

(b) Due Authorization, No Violation. The execution, delivery and performance by the Borrower of this Agreement and each Loan Document are within the Borrower's powers, have been duly authorized by all necessary action, and do not and will not contravene (i) the Borrower's organizational documents (if any) or (ii) any law or legal or contractual restriction binding on or affecting the Borrower.

(c) Agreement and Loan Documents Valid and Binding. This Agreement and each of the Loan Documents when delivered will be legal, valid and binding obligations of the Borrower enforceable against the Borrower in accordance with their respective terms; subject to the qualification, however, that the enforcement of rights and remedies herein and contained in the Loan Documents is subject to bankruptcy and other similar laws of general application affecting the rights and remedies of creditors and to the effect of general principles of equity, including (without limitation) concepts of materiality, reasonableness, good faith and fair dealing (regardless of whether considered in a proceeding in equity or at law).

(d) No Default. Immediately upon making the Loan, to the best of Borrower's knowledge, neither the Borrower nor any Affiliate of the Borrower will be in material violation or default of any terms or conditions of any of the Loan Documents or any other agreement between the Lender and the Borrower or any Affiliate of the Borrower or any obligation of the Borrower or any Affiliate of the Borrower to the Lender.

(e) True Documents. No application, exhibit, schedule, report or other written information provided by the Borrower or its agents to the Authority in connection with the negotiation, execution and closing of this Agreement knowingly contained when made any material

misstatement of fact or knowingly omitted to state any material fact necessary to make the statements contained therein not misleading in light of the circumstances under which they were made.

(f) Borrower's Credit Decision. The Borrower acknowledges that it has, independently and without reliance upon the Authority or any of the Authority's officers, employees or agents, and based upon such documents and information as it has deemed appropriate, made its own analysis and decision to enter into the Loan and the Loan Documents. The Borrower further acknowledges that the Authority, its officers, employees or agents, have not directly or indirectly controlled or influenced the Borrower's decision to enter into the Loan and the Loan Documents.

(g) No Other Agreements. There does not exist, nor has the Borrower entered, into any additional, side or collateral agreement with the Lender relating to the Loan which are not fully set forth in the Loan Documents.

(h) No Litigation or Governmental Proceeding. Except as set forth in Schedule 11(i) hereto, there is no pending or known threatened action or proceeding (including, without limitation, any action or proceeding relating to any environmental protection laws or regulations) affecting the Borrower or its properties before any court, governmental agency or arbitrator, which may, if adversely determined, (A) affect the legality, validity, or enforceability of this Agreement or any of the Loan Documents or (B) materially adversely affect the financial condition, properties, prospects or operations of the Borrower as a whole.

(i) Taxes Current. The Borrower has filed all tax returns (federal, state and local) required to be filed and paid taxes shown thereon to be due, including interest and penalties, or, to the extent the Borrower is contesting in good faith an assertion of liability based on such returns, has provided adequate reserves in accordance with generally accepted accounting principles for payment thereof.

(j) Use of Proceeds. The proceeds of the Loan shall be used by the Borrower to complete construction of a new company headquarters.

12. Covenants of the Lender.

(a) Affirmative Covenants. On and after the Effective Date so long as the obligation to guarantee the Loan created under this Agreement shall remain in force, the Lender will, unless the Authority shall otherwise consent in writing:

(i) Preservation of Existence. Preserve and maintain its corporate existence.

(ii) Compliance with Laws, Etc. Comply in all material respects with the requirements of all applicable laws, rules, regulations and orders of any governmental authority, including without limitations any such laws, rules, regulations and orders relating to banks and banking companies.

(iii) Inspection Rights. At any time and from time to time upon reasonable notice, permit the Authority and its employees and representatives to examine and make copies of and abstracts from the records and books of account of and the Lender and to discuss the affairs, finances and accounts of the Lender with the Lender and its officers, directors and accountants, to the extent that such inspection reasonably relates to the Loan and the Loan Documents; provided, however, that the Authority shall not copy or extract any information from such files unless (i) the information is protected from disclosure pursuant to RSA Chapter 91-A (the "Right to Know Law"), in which case the Authority agrees to invoke the confidentiality provisions of the Right to Know Law, (ii) if such information cannot be so protected, the consent of the Borrower has been obtained, or (iii) the information is within the public domain.

(v) Notification of Default. Notify the Authority promptly of any default or event of default under the terms of the Loan Documents or any other agreement between the Lender and the Borrower, or as soon as practicable upon realization by the Lender of an anticipated default or event of default by the Borrower under the terms of the Loan Documents or any other agreement between the Lender and the Borrower.

(vi) Correspondence and Reports. Provide the Authority with copies of any and all annual financial statements, financial reports, balance sheets, and income statements received by the Lender from the Borrower and all reports concerning the financial status of the Borrower prepared by the Lender or a Lender's agent and forwarded by the Lender to the Borrower.

(ix) Copies of Loan Documents. Provide the Authority with copies of all Loan Documents and any and all amendments thereto as executed and, if applicable, recorded in the appropriate filing or recording offices.

(xi) Pursuit of Payment. Proceed diligently to collect all payments due under the Loan and the Loan Documents as and when the same shall become due and payable and promptly discharge all the obligations of the Lender under each of the Loan Documents.

(xii) Commercially Reasonable Collection Activities. Pursue each and every Collection Activity in a prudent, diligent and commercially reasonable manner.

(xiii) Fees and Expenses. Pay, or cause to be paid, the Authority Service Fee and all Authority Legal Fees and Expenses when such fees shall become due.

(xiv) Acceleration. Accelerate and declare all obligations of the Borrower under the Loan Documents with respect to the Loan immediately due and payable on the 60th day after receiving written notice from the Authority directing the Lender to take such action after a default or an event of default has occurred under the terms of the Loan Documents, unless such default has been cured prior to such 60th day.

(xv) Security Interest. Subordinate, and hereby does subordinate, any security interest in the Collateral securing obligations other than the Loan, whether created by the Loan Documents or other instruments and whether now existing or hereafter created, to the security interest in the Collateral securing the Loan, which shall be and remain a first priority security interest and agrees that the proceeds realized from any disposition of the Collateral shall be utilized to pay the Loan in full before being applied to any other obligation.

(b) Negative Covenants. Notwithstanding anything in the Loan Documents to the contrary, on and after the Effective Date so long as the obligation to guarantee the Loan created under this Agreement shall remain in force, the Lender will not, without the prior written consent of the Authority:

(i) No Amendments, Consents, Etc. Amend, modify or supplement or give any consent, acceptance or approval to any amendment, modification or supplement or deviation by any party from the terms of the Loan Documents to the extent the same may in any way affect the Loan.

(ii) No New Agreements. Enter into any agreement with the Borrower to extend new or additional indebtedness in an amount which exceeds \$10,000 (not including new advances contemplated by existing agreements) or to take new or additional collateral or security for any obligation.

(iii) No Preferential Security. Acquire any preferential security, surety or insurance to protect that portion of the Loan which is not subject to the guarantee herein provided.

(iv) No Transfer or Assignment. Transfer, convey or otherwise assign any of the Lender's rights under the Loan and the Loan Documents.

(v) No Release of Collateral. Release or discharge any Collateral except as sold and replaced in the ordinary course of business.

(vi) No Set-Off Against Other Indebtedness. Apply any funds realized through the set-off of any deposits or accounts of the Borrower, any Affiliate of the Borrower or any guarantor, against indebtedness other than the Loan.

13. Limitations on Actions by the State and the Authority. The State and the Authority shall not be required to monitor the financial condition of the Borrower or the condition of any of the Collateral, and, unless otherwise expressly provided in this Agreement, shall not have any responsibilities with respect to notices, certificates or other documents filed with it hereunder. The State and Authority shall not be required to take any action unless indemnity reasonably satisfactory to it is furnished for expenses or liabilities to be incurred therein.

14. Expenses of the Authority. The Lender shall pay when due the Authority's Service Fee as set forth in Schedule 1(d) to this Agreement and shall prepay or reimburse the Authority within 30 days after notice for all expenses (including reasonable attorney's fees) incurred by the Authority as a result of undertaking any activity at the request of the Lender in connection with this Agreement. Any fees, expenses, reimbursements or other charges which the Authority may be entitled to receive from the Lender hereunder, if not paid when due, shall bear interest at 15 percent per annum. In addition to such interest, if any fees, expenses, reimbursements or other charges which the Authority may be entitled to receive from the Lender hereunder remain unpaid on the 30th day after the due date, a late charge equal to five percent of the unpaid amount shall be assessed against the Lender. Acceptance of payment of any such fees, expenses, reimbursements or other charges shall not constitute any waiver by the Authority or the State of any negligence or other malfeasance on the part of the Lender.

15. Actions by the Authority. Any action which may be taken on behalf the Authority hereunder shall be deemed sufficiently taken if taken on its behalf by its Chairman, its Vice Chairman, or its Executive Director, or by any other director, officer or agent whom it may designate from time to time.

In approving, concurring in or consenting to action or in exercising any discretion or in making any determination under this Agreement, the Authority may consider the interests of the public, which shall include the anticipated effect of any transaction on tax revenues and employment, as well as the interests of the other parties hereto; provided, however, nothing herein shall be construed as conferring on any person other than the other parties any right to notice, hearing or participation in the Authority's consideration, and nothing in this paragraph shall be construed as conferring on any of them any right additional to those conferred elsewhere herein. Subject to the foregoing, the Authority shall not unreasonably withhold any approval or consent to be given it hereunder.

17. State May Act on Behalf of Authority. The State may take or omit to take any action authorized or permitted to be taken or omitted by the Authority hereunder as if the State were the Authority.

18. Amendments.

(a) Without the Borrower's Consent. (b) With the Borrower's Consent. The parties may in writing from time to time amend this Agreement.

The Borrower acknowledges that the entire benefit derived by the Borrower under this Agreement is the Authority's execution of this Agreement and the making of the Loan by the Lender.

20. Lender's Waiver of Set-Off Rights. Notwithstanding any express or implied right of set-off provided to the Lender by any depository agreement or any other agreement, the Lender hereby waives any and all right to set-off, by reason of any claim against the State or the Authority whether arising under this Agreement or otherwise, against any funds held in any account or deposit maintained in the Lender's possession in the name of either the State or the Authority.

21. Lender's Waiver and Release and Indemnification.

(a) Waiver and Release. The Lender hereby forever releases and discharges the State and the Authority and all of their directors, officers, employees, agents, attorneys and their successors and assigns (each, a "Released Person") from any and all claims, obligations, causes of action, debts, liabilities and set-offs of every name, nature and description, both in law and at equity, including but not limited to claims of contribution and indemnity, that Lender had, may now have, or may in the future have against the Authority or the State (except to the extent such claims arise from the gross negligence or willful misconduct of the Released Person):

(i) by reason of or in connection with the execution, delivery and performance of any of the Loan Documents or any transaction contemplated thereby (other than the obligations of the Authority and/or the State expressly created under this Agreement), or the use by the Borrower or the Lender of the proceeds of the Loan; or

(ii) in connection with or resulting from the utilization, storage, disposal, treatment, generation, transportation, release or ownership of any hazardous or toxic waste or substance (A) at, upon or under any property of the Borrower or any Affiliate

22. Borrower's Waiver and Indemnification.

(a) Waiver and Release. The Borrower hereby forever releases and discharges the State and the Authority and all of their directors, officers, employees, agents, attorneys and their successors and assigns (each, a "Released Person") from any and all claims, obligations, causes of action, debts, liabilities and set-offs of every name, nature and description, both in law and at equity, including but not limited to claims of contribution and indemnity, that Borrower had, may now have, or may in the future have against the Authority or the State (except to the extent such claims arise from the gross negligence or willful misconduct of the Released Person):

(i) by reason of or in connection with the execution, delivery and performance of any of the Loan Documents or any transaction contemplated thereby, or the use by the Borrower or the Lender of the proceeds of the Loan; or

(ii) in connection with or resulting from the utilization, storage, disposal, treatment, generation, transportation, release or ownership of any hazardous or toxic waste or substance (A) at, upon or under any property of the Borrower or any Affiliate of the Borrower or (B) by or on behalf of the Borrower or any Affiliate of the Borrower at any time and in any place.

Re: Claremont Savings Bank – Jewell SPE, LLC

Dear Mr. Provost:

The Business Finance Authority (the "Authority") has approved in principle the application submitted by Claremont Savings Bank (the "Bank") with respect to Jewell SPE, LLC (the "Company"). Accordingly, the Authority is prepared to proceed with discussions to implement a credit enhancement package, subject to the general terms and conditions set forth in this letter. This letter is an expression of the Authority's intent to recommend that the Governor and Council approve the credit enhancement as described in this letter, and upon such approval to award such credit enhancement only based upon the information the Bank and the Company have submitted. Any obligation to recommend the award of a credit enhancement will arise only upon the satisfactory preparation, execution and delivery of documentation in form and substance satisfactory to the Authority.

In reaching its decision, the Authority has reviewed all information submitted in the application and has had full interviews with key management at the Company. We have acquired an understanding of the company's financial situation and the Bank's proposed participation in the Company's capitalization as the primary secured creditor. Of course, as we proceed, we will require further information.

FINANCING FOR NEW HAMPSHIRE'S FUTURE

Policy Background

The Authority has determined that the Company offers important employment opportunities to New Hampshire residents and provides critical services which are very important to the health and vitality of New Hampshire's economy. The Authority's commitment to provide the credit enhancement for the Company reflects this fundamental determination that the proposed transactions will serve a public use and provide a public benefit. Indeed, the State's Constitution requires that any pledge of credit enhancement clearly serve a public purpose, with any benefit to private parties being merely incidental to this public objective.

The Authority was created to offer credit enhancements to struggling New Hampshire businesses. The Business Loan Enhancement Program established under Chapter 162-A:13-b of New Hampshire's statutes imposes a number of key limitations which are included below as part of the Authority's proposed credit enhancement package. First, the term of indebtedness which is subject to the State's guarantee must be no greater than ten years and long enough to ensure a long-term commitment to the future of the Company. Second, the total principal amount of the loan shall not exceed 90 percent of the appraised fair market value of the collateral securing repayment of the loan. Third, while the statute provides for the maximum guarantee of 22.23 percent of a loan, the purpose of the Authority to provide economic opportunities for numerous businesses across New Hampshire requires careful allocation of the Authority's overall credit capacity. Accordingly, the Authority is restricted in its power to allocate credit enhancements to any one credit proposal. Fourth, the statute requires a "guarantee agreement" which includes terms and conditions which minimize risk of loss to the State. As you will see, the Authority's proposed credit enhancement package is designed to meet each of these requirements.

Specific Public Purpose Determination

The Authority believes that this "partnership" approach between the Bank and the Authority will facilitate the success of the necessary new financing and achieve the fundamental public purpose of maintaining the Company's operation in its current form as an important part of the State's economic structure. This determination is consistent with the Authority's general policy with respect to all applications to provide the necessary credit enhancement for a particular case, while at the same time preserving overall credit enhancement capacity to assist with the broad range of financing needs for other New Hampshire businesses and other economic regions of New Hampshire. Further, it is consistent with the fundamental requirement that the Authority's enhancement tools not be used to supplant the private market decisions between banks and borrowers, but rather to assist private market participants in correcting current banking dislocations.

Terms of Credit Enhancement Proposal

I am authorized to report to you that the Authority has approved in principle the Bank's request, subject to and limited by the following terms and conditions:

Maximum Guarantee Amount:	The Authority will recommend a guarantee equal to eleven percent (11%) (\$142,000) of any deficiency realized under the \$1,278,000 term loans which is determined by the Bank to exist after pursuing all available collection rights.
10-Year Term Requirement:	Under statute, loans subject to a Business Finance Authority Guarantee must have a term which does not exceed ten years.
Guarantee:	Unlimited guarantee of Max E. Jewell. Unlimited guarantee of Christopher W. Jewell. Commercial guarantee of Jewell Transport, LLC. Commercial guarantee of Jewell Leasing, LLC. Commercial guarantee of MJ Trucking, LLC. Commercial guarantee of Jewell Resources, LLC. Commercial guarantee of Jewell Specialized, LLC.
Loan Covenants:	Subject to all conditions and covenants as outlined in any Claremont Savings Bank Loan Agreement acceptable to the BFA and to include, but not limited to, the following: <ol style="list-style-type: none">1. Appropriate environmental assessment.6. Bank to agree to pay all reasonable legal expenses of the BFA preparation and closing of subject credit transaction, whether or not said transaction closes.

- Minimum Payment Requirement:** Under statute, loans subject to a Business Finance Authority guarantee must amortize in not more than 20 years.
- Percentage Guarantee:** As indicated above, the Authority's guarantee will be eleven percent (11%) of any deficiency on up to a \$1,278,000 term notes finally determined by the bank after pursuing all available collection rights.
- Determination of Guaranteed Loss:** The loss to which the percentage guarantee applies shall equal the sum of: (1) principal unpaid at the "payment time" (described below); (2) interest accrued under the loan during the 90-day period following the date the Bank accelerates the credit facility (or the date on which the loan matures and remains unpaid) which remains unpaid at the "payment time"; and (3) reasonable out-of-pocket collection costs unpaid at the "payment time". No default or penalty charges or damages paid by the Bank as a result of a legal claim against the Bank may be included in determining the guaranteed loss.
- Payment Time:** The right to call for payment under the guarantee shall arise only after the Bank has pursued and realized all available collection rights against collateral which is taken into account in meeting the 90 percent loan to value collateral coverage requirement (described above).
- Acceptable Debt Terms:** Documents evidencing the credit facility, other Bank agreements with the Company and security interests must include such other terms, conditions and covenants as may be deemed necessary and advisable by the Authority.
- Subrogation Rights:** The guarantee agreement shall provide that the State may exercise subrogation rights with respect to all rights and security of the Bank with respect to the loan.
- Closing and Annual Fees:** The Bank shall pay a fee to the Authority at closing equal to one percent (1.0%) of the amount of the State's guarantee.
- As of each anniversary date after the closing, the Bank shall pay an annual fee equal to two percent (2%) of the average guaranteed principal portion outstanding during the year, provided that the Lender shall not be required to pay to the Authority the Authority Service Fee after the Acceleration Date as long as the Lender is unable or has waived its rights to collect such Authority Service Fees or amounts comparable to such Authority Service Fees from the Borrower.
- Legal Opinions:** Counsel to the Company shall provide such opinion at closing of

the transactions as to enforceability and other matters reasonably required by the Authority, and the lender shall obtain title insurance and other assurances concerning the title of the collateral.

Ratification and Approval:

The final documentation under which the State and the Authority will provide its credit participation shall be subject to ratification of the Board of Directors of the Authority. Of course, as required by RSA 162-A:13-b, any guarantee recommended by the Authority shall become effective only upon approval of the Governor and Council.

If the Bank wishes to proceed further to finalize the terms of this proposal, please sign and return this letter to us on or before 9:00 a.m. on May 2, 2016. As noted, any obligation to take action by the Authority will arise only upon satisfactory preparation, execution and delivery of documentation. With your execution of this letter, the Bank agrees that you shall pay the Authority's legal costs described above, even if the transactions are not consummated.

On behalf of the Authority, I look forward to working with the Bank toward a successful stabilization of the Company's capitalization.

Sincerely,

Michael B. Donahue

Re: Appraisal Report of 442 River Road, Claremont, NH

Dear Ms. Brode:

In accordance with your request, we have prepared an appraisal report of the above captioned real estate. The subject property "as is" is a 12.27± acre site approved for a 13,620± square foot industrial building with partial completion of site work and foundation complete as of the date of appraisal. "As complete" the property consists of a 13,620± square foot office/equipment service building on 12.27± acres. The property is within the Industry District III zoning district and all utilities including public water/sewer are available.

The purpose of this appraisal is to estimate the "as is" and prospective "as complete" market value of the fee simple interest in the subject property. The intended use of this appraisal is for loan underwriting and-or credit decisions by Claremont Savings Bank and/or participants. The intended users of this report is Claremont Savings Bank and/or affiliates. In valuing this property, we have considered the actions of the market and have concluded with an estimate of market value in consideration of current economic indicators. The subject has an **extraordinary assumption** which assumes that the subject will be complete with a Certificate of Occupancy as of the prospective date of value.

Based on our investigations and analyses, the "as is" and prospective "as complete" market value of the fee simple interest in the subject property, as of said dates, is as follows:

"As Is" Value (October 23, 2015):	\$290,000
"As Complete" Value (March 1, 2016):	\$1,420,000

This report and analysis, as all reports, are written in the context of this time; i.e., the date of value. As of the date of this report, the U.S. Economy is in a state moderate expansion. Current value is inherently predicated upon certain assumptions with respect to near term future markets and events, and assumes a stabilization of the financial markets.

Analysis and conclusions in this report are based upon the most current information available as of the report date. We believe our conclusions to be reasonable but they are not guaranteed as certain. We caution that this uncertainty generally increases as the analysis period is extended forward in time, and advise that it is probably appropriate to update this appraisal on a periodic basis.

This report was prepared in compliance with the Uniform Standards of Professional Appraisal Practice (USPAP) as set forth by the Appraisal Foundation and in accordance with the Code of Professional Ethics and Standards of Professional Practice of the Appraisal Institute. In addition, the appraisal was written in conformance with FIRREA, OCC and OTS guidelines, as well as the reporting requirements of Claremont Savings Bank.

The accompanying report outlines the appraisal process and sets forth the rationale and methodology leading to the final estimate of value set forth above. Your attention is called to the Table of Contents which outlines the report, the Assumptions and Limiting Conditions which apply to this report, and the Certificate of Appraisal.

This report has been specifically prepared for Claremont Savings Bank and/or affiliates. The appraiser understands that a copy may be provided to the property owner. The report, its format, data, methodology, and analysis is the property of the appraiser and may not be copied, in part or whole, or distributed to any other party without the express written permission of Concord Realty Advisors, Inc.
