2. Pursuant to the provisions of NH RSA 124:15, Positions Restricted, and subject to the approval of item 1 above, authorize the Department of Health and Human Services, Division of Public Health Services, to **retroactively** amend Fiscal Item #19-018 approved on January 4, 2019 and Governor and Council Item #27 approved on January 23, 2019 to establish a full-time temporary (Class 059) position at the following level: one Program Specialist III, labor grade 23 utilizing funds from US Department of Health and Human Services, Health Resources and Services Administration (HRSA) by extending the position end date from June 30, 2019 to September 30, 2019, effective upon date of approval by the Fiscal Committee and Governor and Council.

### EXPLANATION

**Retroactive approval** is requested to fund the full-time temporary position as of July 1, 2019. The funding and authority for this position expired on June 30, 2019. This funding is not available under the Continuing Resolution.

The Pediatric Mental Health Care Access Program is a federal-state partnership designed to improve the mental health and well-being of New Hampshire children through increasing access to affordable and appropriate treatment and recovery services in the community.

Listed below are answers to standard questions required of all Fiscal Committee item requests, related to RSA 9:16-a, "Transfers authorized", RSA 14:30-a, VI "Expenditure of funds over \$100,000 from any Non State Source", or RSA 124:15, "Positions Authorized", or both, and all Emergency requests pursuant to "Chapter 145, subparagraph I, (a), Laws of 2019, making temporary appropriations for the expenses and encumbrances of the State of New Hampshire":

1. Is the action required of this request a result of the Continuing Resolution for FY 2020?

Yes, this program was not included in the SFY18-19 budget (HB144) as the Department was awarded HRSA funding for the project period as of 9/30/2018, which was the first year of a five (5) year grant. As such this funding is not part of the 3/12<sup>th</sup> base that the Continuing Resolution is calculated from. This action represents 3/12<sup>th</sup> of one year of grant funding.

2. If this request is retroactive what is the significance and importance of the action being effective from an earlier date?

This retroactive request is necessary to support the cost of staff salary and benefits.

3. Is this a previously funded and ongoing program established through Fiscal Committee and Governor and Executive Council action? (If so, include as an attachment the original documents as approved and cite the specific dates of authorization and end dates for each action as part of your answer to this question.)

Yes, this program was previously approved by the Fiscal Committee on January 4, 2019 and the Governor and Executive Council on January 23, 2019.

4. Was funding for this program included in the FY 2018-2019 enacted Budget or requested and denied?

No, funding for the Pediatric Mental Health Care Access Program was not included in the FY FY 2018-2019 enacted Budget or requested and denied.

5. Is this program in total or in part, included in the vetoed FY 2020-2021 Operating Budget proposal currently pending for your department, or was it requested and denied?

Yes, the Pediatric Mental Health Care Access Program was in total included in the vetoed FY 2020-2021 Operating Budget proposal currently pending for your department.

6. Does this program include, either positions or consultants, and if so are the positions filled, vacant, or have offers pending? (Please provide details for each position and note whether consultant contracts have been awarded.)

The Pediatric Mental Health Care Access Program established and filled a full-time temporary Program Specialist III, labor grade 23 through the approval of the Fiscal Committee on January 4, 2019 and the Governor and Executive Council on January 23, 2019.

7. What would be the effect should this program be discontinued or not initiated as a result of this request being denied?

If this program should be discontinued or not initiated, then NH pediatric primary care providers would not be provided resources and workforce development opportunities to support their capacity to adequately care for children with moderately complex mental health care issues. As a result, children with mental health care needs who could have been treated/managed in the primary care setting if the primary care provider had access to teleconsultation with specialist(s) will continue to experience lengthy wait times for an appointment with specialist(s).

Twenty percent (20%) of federal money must be matched with non-federal funds; meaning the match can originate from state or other non-federal sources. The twenty percent (20%) match is from the State Loan Repayment Program (SLRP). Funds from the US Department of Health and Human Services, Health Resources and Services Administration, Pediatric Mental Health Access grant will pay for 0.8 FTE staff position (Program Specialist III New Hampshire Division of Public Health Services, Maternal & Child Health Section) to ensure compliance with HRSA grant activities and contracted services which support the implementation of this new statewide New Hampshire Pediatric Mental Health Care Access Program.

Through this program, the Maternal & Child Health Section will collaborate internally with the Division of Behavioral Health, Bureau of Children's Behavioral Health, Bureau of Bureau of Special Medical Services (SMS) and Medicaid. The New Hampshire Department of Health and Human Services will also partner with academic, health care and family support organizations to establish a statewide pediatric mental health team and implement a telehealth access program and to provide training and technical assistance to primary care providers. Hence, the program will expand New Hampshire providers' training, knowledge and skills in screening and treating these conditions by using evidence-based practices and methods such as Project ECHO (Extension for Community Healthcare Outcomes) model.

The New Hampshire Pediatric Mental Health Team will establish and expand pediatric providers' capacity for the timely detection, assessment, treatment and referral of children and adolescents with mental and behavioral health disorders through telehealth especially for those living in rural and underserved areas.

Funds are budgeted as follows:

Class 020 – Current Expenses will be used to print provider and public educational materials related to pediatric mental health and related care/conditions, telehealth and access to care and to purchase general office supplies needed to support the grant objectives.

Class 039 – Telecommunications – To pay for telecommunication and telephone conferencing services.

Class 041 - Audit costs per State requirements.

Class 059 and Class 060 – To Fund Full Time Temporary Salaries and Benefits for the Program Specialist III for oversight and implementation of the program.

Class 066 – Employee Training will be used to pay for employee training opportunities related to pediatric mental health and related care/conditions, telehealth and access to care.

Class 070 – In State Travel Reimbursement will be used to pay for travel to meetings and trainings, site visits, technical assistance, etc.

Class 080 – Out-of-State Travel Reimbursement will be used to pay for travel for the Program Manager (or designee) to attend one national and one regional professional conference focused on telehealth in the first year.

Class 102 – Contracts for Program Services – to contract with a vendor to provide services to support the program.

The following information is provided in accordance with the Comptroller's instructional memorandum dated September 21, 1981:

- 1) List of personnel involved:

Program Specialist III, LG 23, Position #9T2952

- 2) Nature, need and duration:

The Program Specialist III will have responsibility for administrative and program operations of the Pediatric Mental Health Care Access Grant, and be the point-of-contact for all activities at New Hampshire Department of Health and Human Services.

- 3) Relationship to existing agency programs:

The activities will be coordinated with the current Maternal and Child Health Section responsibilities, the Division of Public Health Services and the Department of Health and Human Services as a whole.

- 4) Has similar program been requested of the Legislature and denied?

No

- 5) Why wasn't funding included in the agency's budget request?

These funds were requested in DHHS's budget for the FY20-FY21 biennium.

- 6) Can portions of the grant funds be utilized for other purposes?

Federal funds allocated to the state cannot be used for other purposes.

- 7) Estimate the funds required to continue this position:

Position (Salary & Benefits)	FY 2020 (3/12)
Program Specialist III	\$18,004

In response to the anticipated two-part question, "Can these funds be used to offset General Funds?" and "What is the compelling reason for not offsetting General Funds?" the Division offers the following information: These funds may not be used to offset General Funds as they are specifically granted to the State for the purpose of providing the services described above.

These funds will not change the program eligibility levels. No new program will be established with the acceptance of these funds.

Area served: Statewide

Source of funds: These funds are 100% Federal Funds from US Department of Health and Human Services, Health Resources and Services Administration to fund the Pediatric Mental Health Care Access Program.

In the event that these Federal Funds become no longer available, General Funds will not be requested to support this program.

### HRSA Electronic Handbooks (EHBs) Registration Requirements

The Project Director of the grant (listed on this NoA) and the Authorizing Official of the grantee organization are required to register (if not already registered) within HRSA's Electronic Handbooks (EHBs). Registration within HRSA EHBs is required only once for each user for each organization they represent. To complete the registration quickly and efficiently we recommend that you note the 10-digit grant number from box 4b of this NoA. After you have completed the initial registration steps (i.e., created an individual account and associated it with the correct grantee organization record), be sure to add this grant to your portfolio. This registration in HRSA EHBs is required for submission of noncompeting continuation applications. In addition, you can also use HRSA EHBs to perform other activities such as updating addresses, updating email addresses and submitting certain deliverables electronically. Visit <https://grants3.hrsa.gov/2010WebEPSEExternal/Interface/common/accesscontrol/login.aspx> to use the system. Additional help is available online and/or from the HRSA Call Center at 877-Go4-HRSA/877-484-4772.

### Terms and Conditions

Failure to comply with the remarks, terms, conditions, or reporting requirements may result in a draw down restriction being placed on your Payment Management System account or denial of future funding.

### Grant Specific Term(s)

- The grant condition stated below on NoA 1 U4CMC32316-01-00 is hereby lifted.  
 Within 30 days of this Notice of Award, grantee must submit a revised 424A budget that includes both the Federal and the required 20% Non-Federal Match in the Object Class Categories for years 1-5. Grantee must also submit a corresponding budget narrative that breaks down all expenses for both Federal and Matching funds for years 1-5.  
 Include a copy of the Indirect Cost Agreement with your revised budget submission.  
 All prior terms and conditions remain in effect unless specifically removed.

**Regarding: Request to establish a full-time temporary Program Specialist III, LG 23, pay schedule A000 – Position # 9T2952.**

Dear Ms. Doe:

The Division of Personnel approves the New Hampshire Department of Health and Human Service's request to establish a #9T position for a full-time temporary Program Specialist III, LG 23; pending approval of funding. This position is being established to support the Pediatric Mental Health Care Access Program (PMHCAP) and has been assigned position number 9T2952.

This position number will remain inactive until you receive funding approval from the Fiscal Committee (per RSA 124:15).

It will be your responsibility to bring the request for funding before the Fiscal Committee. You may use this letter as confirmation of our decision. Once you have obtained Fiscal Committee approval, please notify the Classification Section with documentation.

Thank you.

Sincerely,

Marianne Rechy  
Classification & Compensation Administrator

## SUPPLEMENTAL JOB DESCRIPTION

Classification: Program Specialist III

Function Code: 7125-095

Position Title: Pediatric Mental Health Care  
Access Program Coordinator

Date Established: 11/15/18

Position Number: 9T2952

Date of Last Amendment:

**SCOPE OF WORK:** To perform the daily operations and coordination of the Pediatric Mental Health Care Access Program as well as to provide consultation and technical assistance to contracted agencies, medical professionals, and the general public.

### ACCOUNTABILITIES:

- Serves as the Project Coordinator for the NH Pediatric Mental Health Care Access Program (PMCHAP), in collaboration with staff from the Maternal and Child Health and the Office of Rural Health, to plan, operationalize, and evaluate high quality pediatric mental health services that are cost effective in underserved communities.
- Analyzes and interprets information as it relates to pediatric mental health and telehealth for the purposes of developing and recommending program policies, procedures, standards and guidelines.
- Makes formal presentations to explain federal and state regulations, and describe program status in order to implement PMHCAP program policies and procedures and inform administrators in decision-making.
- Acts as the liaison between the Maternal and Child Health Section and other state and federal offices, departments, agencies, and committees to enhance telehealth services and coordination of PMHCAP program planning, policies and procedures.
- Performs all daily activities of PMHCAP and provides consultation to stakeholders on pediatric mental health and telehealth on behalf of the Maternal and Child Health Section.
- Uses information technology for collecting, analyzing, maintaining and disseminating data and information in order to recommend effective program, policy and procedure changes.
- Acts as a liaison with HRSA and sub-recipients to ensure compliance with federal grant activities including: developing request for proposals and contracts of sub-recipients, monitoring sub-recipients fiscal/program performance to ensure compliance with contracts and efficient use of funding to achieve program goals and objectives, participating in HRSA grant activities, providing technical assistance to sub-recipients for effective program implementation.
- Prepares, reviews, and administers HRSA grant and prepares/submits grant reports/deliverables to ensure compliance with federal grants and reporting requirements for the continuation of the pediatric mental health care access program.
- Coordinates on-going program planning and develops program plan which includes long and short term goal settings, detailed objectives and activities, and annual timeline. Oversees the development and implementation of the program's evaluation plans, and monitors progress toward performance measures.
- Participates in formal and informal quality improvement activities in order to promote increased efficiencies and improved health outcomes within the section, bureau and division.
- Plans and leads the telehealth programs in the Division of Public Health Services and consults with state and local officials, as well as private agencies, to ensure coordination in the implementation of telehealth programs. Reviews, modifies and implements telehealth program policy, to comply with state and federal laws, and rules.

### MINIMUM QUALIFICATIONS:

**Education:**

Bachelor's degree from a recognized college or university with a major study in nursing, public health, health administration, social work or education with a focus in the areas of mental/behavioral health. Each additional year of approved formal education may be substituted for one year of required work experience.

**Experience:**

Four years' professional or paraprofessional experience in nursing, public health, health administration, or education with a focus in the areas of mental/behavioral health and/or women's health, with responsibility for program implementation, direct service delivery, planning or program evaluation.
