Assistant Commissioner

Bureau of Construction  
April 2, 2019

His Excellency, Governor Christopher T. Sununu  
and the Honorable Council  
State House  
Concord, New Hampshire 03301

**REQUESTED ACTION**

Authorize the Department of Transportation to enter into a contract with Continental Paving, Inc. of Londonderry, NH (Vendor 155350) on the basis of a low bid of \$3,155,515.46 for resurfacing approximately 39 miles of various Tier 2, 3 and 4 roadways in District V in the Counties of Hillsborough, Merrimack and Rockingham, from the date of Governor and Council approval through September 13, 2019, unless extended by the Department in accordance with the Standard Specifications. 100% Other Funds (77% Betterment Funds, 23% Agency Income).

Funding is available in State Fiscal Year 2019 and is contingent upon the availability and continued appropriation of funds in Fiscal Year 2020 as follows, with the ability to adjust encumbrances through the Budget Office between State Fiscal Years if needed and justified:

Funding is available as follows:	<u>FY 2019</u>	<u>FY 2020</u>
04-96-96-963015-3039 Highway Betterment Aid		
400-500870 Highway Contract Payments	\$730,916.07	\$1,705,470.81
 04-96-96-963015-8910 SB 367 Capital Investment		
400-500870 Highway Contract Payments	\$215,738.59	\$ 503,389.99

**EXPLANATION**

This project is included in the State's Ten Year Transportation Improvement Plan and part of the annual Maintenance District resurfacing program with additional funding for paving through SB 367 Road Toll Increase. This project involves resurfacing of various roadway segments located in District V and in the Counties of Hillsborough, Merrimack, and Rockingham. The resurfacing program consists of 15 sections for approximately 39.0 miles in 14 towns. Miscellaneous work includes bridge plug joint work and adjustment of drainage structures.

This project is part of the annual CY 2019 District Resurfacing Program. The project will improve the roadway ride quality and therefore improve safety. The sections will be resurfaced via paver shim, bituminous pavement, spot inlays, and full width high strength inlay. The existing rumbles strips in Section 19512 (Raymond, NH 102) will be replaced. Existing curb ramps will be upgraded.

Page 2

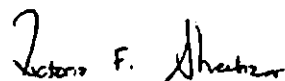

Although the bid costs exceeded the Department's estimate by 1.76%, the low bid of 3 bids received is felt to be reasonable for the work involved. Re-advertising this project would result, in our opinion, in higher prices and prevent the completion of the work in a timely manner. The Department considers it to be in the best interest of the State to accept this bid to accomplish these needed repairs.

The Contractor has been prequalified by this Department. The Contract has been approved by the Attorney General as to form and execution and the Department has certified that the necessary funds are available and the bid reasonably conforms to the engineer's estimate in accordance with State procedures. Copies of the fully executed contract are on file at the Secretary of State's Office and the Department of Administrative Service's Office and subsequent to Governor and Council approval will be on file at the Department of Transportation.

A copy of the Tabulation of Bids received for this project is attached along with the Contract Supplemental Sheet and a map indicating the location of the project.

Your approval of this request is respectfully requested.

Sincerely,

  
Victoria F. Sheehan  
Commissioner
