Her Excellency, Governor Margaret Wood Hassan  
and the Honorable Executive Council  
State House  
Concord, New Hampshire 03301

**REQUESTED ACTION**

1. Pursuant to RSA 21-I:80. (b), authorize the Department of Resources and Economic Development, Division of Parks and Recreation, Cannon Mountain to enter into a contract with Royal Electric Company, Inc. (VC #154900), Woodsville, NH in the amount of \$148,716 for the Tramway Summit Electrical Upgrade at Cannon Mountain Ski Area upon Governor and Executive Council approval through June 30, 2015. 100% Capital Funds
2. Further authorize a 5% contingency in the amount of \$7,435 to cover any unforeseen issues that may arise, which is not covered under the original scope of services, once the work is underway. 100% Capital Funds

Funding is available in account titled, RSA 12-A:29-B Cannon Capital Improvement, as follows:

03-35-35-350030-31320000-034-500161	Capital Projects	<b><u>FY 2015</u></b> \$156,151
-------------------------------------	------------------	------------------------------------

**EXPLANATION**

The original pad mount, 35kV fused transformer installed at Cannon Mountain's Summit, along with the associated secondary cabling, switching and overcurrent protection has passed its life expectancy and no longer provides adequate switching capability and safe operation for the 480V secondary feeds it supplies. Additionally, the Cannonball Lift feeder cables remain undersized for their intended load and must be replaced with properly sized new conductors. For these reasons it is imperative that Cannon upgrade the tram summit transformer, Cannonball Lift cabling, switching, fusing and cabling.

On July 28, 2014, an invitation to submit bids for "Cannon Tramway Summit Electrical Upgrade" was advertised on the Department of Administrative Services' and Construction Summary's websites. Royal Electric was the only bid received for this project. Whereas Royal Electric has performed a great number of projects at Cannon Mountain, including working under the supervision of Lee Carrol of Gorham NH, they have an unparalleled knowledge of the Mountain's electrical infrastructure. This involvement by Royal Electric along with their trade expertise and close proximity, positions them well to carry out the tramway summit electrical upgrades.

The Attorney General's Office has reviewed and approved this contract as to form, substance and execution.

Respectfully submitted,

Concurred,

  
Philip A. Bryce  
Director
