Victoria F. Sheehan
Commissioner

THE STATE OF NEW HAMPSHIRE
DEPARTMENT OF TRANSPORTATION

William Cass, P.E.
Assistant Commissioner

Bureau of Highway Maintenance
July 16, 2018

His Excellency, Governor Christopher T. Sununu
and the Honorable Council
State House
Concord, NH 03301

REQUESTED ACTION

The Department of Transportation requests placing this item on the Consent Calendar.

Pursuant to RSA 4:8, authorize the Department of Transportation to accept one (1) Zoll AED Plus automatic electronic defibrillator, with a reported value of \$1,699.00, from Jeanne Rousseau for deployment at the Department's Wakefield 312 Highway Maintenance patrol facility.

EXPLANATION

Jeanne Rousseau is the wife of Raymond R. Dodier, Highway Maintainer III, who works in the Department's Wakefield facility. Mr. Dodier has been an employee of the Department since March 18, 2016. Ms. Rousseau recently won a Zoll AED Plus automatic electronic defibrillator (AED) in an on-line sweepstakes and decided she would like to donate the unit to the Wakefield maintenance facility at which her husband works.

The AED is an important first line of defense for certain life-threatening medical conditions that require defibrillation to correct. AEDs are designed to be simple for use for the layperson. This AED is a welcome addition to have available for the seven Department of Transportation employees assigned to the facility full-time as well as for the private contractors that also work with our crews during long winter hours.

The Department appreciates the thoughtful donation. The dedication of our employees and their families continue to amaze us.

Sincerely,

Victoria F. Sheehan
Commissioner
