**REQUESTED ACTION**

To authorize New Hampshire Employment Security (NHES) to amend the current lease agreement with 300 Hanover Street, LLC, Manchester, NH for rental of an additional 1,250 square feet of office space located at 300 Hanover Street, Manchester, commencing upon Governor and Council approval or October 1, 2018, whichever is later, through December 31, 2021, at a total additional cost of \$81,237 over the remaining term of the lease, for a new total five (5) year lease amount of \$942,777. The original lease agreement was approved by Governor and Council action as Item #52 on November 18, 2016. 100% Federal funds.

Federal funds are available in the following account for State Fiscal Year 2019, and are anticipated to be available in SFY 2020, SFY 2021 and SFY 2022, upon the availability and continued appropriation of funds in future operating budgets, with the authority to adjust encumbrances between SFYs through the Budget Office, if needed and justified.

**EXPLANATION**

As described above, on November 18, 2016, Governor and Council approved the original lease for 8,615 square feet of office space at 300 Hanover Street, Manchester, NH for a period of five (5) years ending December 30, 2021. The current space houses the NHES Manchester Local Office. The department recognizes the need to secure additional office space to house the adjudication staff that will be required to handle increased unemployment claim volume the state will eventually experience. Due to the consolidation of staff from four offices into the Tobey Building in 2014 the department is much different in terms of office space availability than it was during the previous economic downturn. The space proposed to be added by this lease amendment is conveniently located immediately adjacent to the current space leased by the department and is strategic as well in terms of being located in Manchester where the department would be looking to expand its adjudication staff. The department does not feel waiting until the need arises for additional staff to be a prudent course of

His Excellency, Governor Christopher T. Sununu  
and the Honorable Council

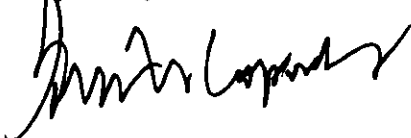

Page 2 of 2

action as such an approach would delay the department's ability to respond to an increase in work load and would also prevent the department from being able to secure this particular space which would undoubtedly no longer be available.

The original lease plus amendment is offered at \$20 per square foot. As noted in the original lease submission, additional costs to NHES would be associated with janitorial and dumpster services. Additional costs for janitorial and dumpster services are estimated at \$10,338 or approximately \$1.20 per square foot. These expenses bring the estimated cost per square foot to \$21.20.

Attached is a copy of the Governor and Council request for the original lease. Approval of this lease amendment will allow the Department to continue to provide uninterrupted services to the citizens of the State of New Hampshire.

Respectfully submitted,

George N. Copadis  
Commissioner

### EXPLANATION

The properties being sold consist of a 1.18 acre± parcel improved with a 20,000 SF office building located at 300 Hanover Street, and a 0.16± acre parcel utilized as a parking lot located at 436 Maple Street in downtown Manchester. The 300 Hanover Street facility has been the site of the NHES Manchester Local Office since June of 1996, when NHES entered into a lease agreement for the property. Subsequent to the lease, NHES purchased 300 Hanover Street on July 27, 1998 to house several of its operations, including the Manchester Local Office, and purchased 436 Maple Street for overflow parking on March 29, 2001.

On June 22, 2011, the House and Senate voted to adopt the Committee of Conference Report (2011-2429) on HB-25, which made appropriations for capital improvements. The capital budget projects approved by the bill included the renovation of the Tobey Building in Concord, which is now the main building for NHES, providing office space for two-thirds of the department's statewide workforce of roughly 200 employees. The capital budget also provided that the proceeds derived from the sale of any department-owned real estate would be used to pay for the costs associated with renovating the Tobey building. By relocating staff to the Tobey building, the department no longer needed two buildings in Concord and two buildings in Manchester. The department previously sold the two Concord buildings. Further, the department plans to continue efforts to sell the other Manchester property not the subject of this request located at 298 Hanover Street.

In accordance with RSA 4:40, NHES sought and received the recommendation of the Council on Resources and Economic Development ("CORD") to surplus the buildings slated for consolidation. On September 18, 2012, NHES received initial approval from the Long Range Capital Planning and Utilization Committee ("LRCPUC") to sell 300 Hanover Street and 436 Maple Street (combined with 298 Hanover Street for appraisal and marketing purposes) for their then market value. On November 28, 2012, NHES received approval of an amended request to market the properties without the assistance of a broker. Two (2) offers were received on 300 Hanover Street in the 2014 time period. Neither of the offers culminated in a sale of the property. This was the result of the selected high-bidder being unable to obtain necessary zoning relief in order to utilize the property as desired.

On September 10, 2015, NHES issued a Request for Proposal (RFP) for Real Estate Brokerage Services in order to obtain assistance in marketing and selling the Manchester properties. The RFP was posted on the Administrative Services Current Bidding Opportunities and NHES' websites, and was advertised in two newspapers of statewide circulation on three (3) separate occasions. NHES also sent a direct solicitation to thirty-five (35) commercial brokers licensed by the NH Real Estate Commission. In response to the RFP, NHES received one (1) conforming proposal from the NAI Norwood Group, which had successfully marketed property for the State of New Hampshire in the past. During the RFP process, updated appraisals were obtained for the properties with a new valuation date of January 2016.

On February 17, 2016, NHES sought and received an updated approval from the LRCPUC to market and sell 300 Hanover Street and 436 Maple Street for their updated appraised market values of \$1,425,000.00 and \$95,000.00, respectively, using NAI Norwood as a broker.

In March 2016, a solicitation for offers was conducted and advertised by Norwood. The solicitation offered prospective purchasers of 300 Hanover Street an option to lease back a 7,000 to 9,000 square foot footprint to NHES for the continued operation of the Manchester Local Office. Although the Department no longer needed the full 20,000 square foot footprint of 300 Hanover Street following consolidation of several operations in the Tobey Building, it still needed a location to operate its Manchester Local Office. Prior searches for rental property revealed that it would not be easy to obtain a space that would be large enough and also convenient for the clientele of NHES' Local Office.

Following the competitive solicitation process, one (1) proposal was received for the purchase of 300 Hanover Street, which was a combined offer for 300 Hanover Street and 436 Maple Street. The proposal offered a lease back option to NHES, with the leased space valued at \$20 per square foot. Additional costs to NHES would be associated with janitorial and dumpster services. Additional costs for janitorial and dumpster services are estimated at \$10,338 or approximately \$1.20 per square foot. These expenses bring the estimated cost per square foot to \$21.20. On June 14, 2016, NHES received approval from the LRPCUC to sell 300 Hanover Street and 436 Maple Street for the combined total offer price of \$1,250,000.00, plus an administrative fee of \$1,100.00.

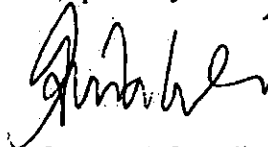

Following negotiations with the successful buyer, NHES is convinced that the purchase price of \$1,250,000.00 for 300 Hanover Street and 436 Maple Street, with a lease back of space for the Local Office, represents market value and provides a good solution for the business and operational needs of NHES. The sale and leaseback avoids a costly and potentially disruptive move, and allows the Local Office to remain in its current downtown location where it has been located for the past twenty years, which provides convenient access to its customers. The Buyer has committed to providing Tenant Improvements as shown in the attached Lease Agreement, Tenant Improvement Specifications and related plans, which means that the Local Office space will receive needed cosmetic and organizational updates.

The Lease Agreement and supporting documents were developed with the assistance of Administrative Services. The Buyer has worked with the Department in developing detailed specifications to ensure that all State requirements are addressed, including accessibility requirements.

The Purchase and Sale, Exclusive Listing Agreement, Lease Agreement and Tenant Improvement Specifications and Plans are attached for reference, along with necessary approvals.

Based on the foregoing, your favorable consideration of the requested action is hereby requested.

Respectfully submitted,

George N. Copadis

Re: Request for Waiver of Public Notice Requirement in Connection with the Sale and Lease Back of 300 Hanover Street and 436 Maple Street, Manchester, NH

Dear Commissioner Quiram:

Pursuant to Administrative Rule Adm 610.11, Exemptions and Waivers from Public Notice Requirement, New Hampshire Employment Security ("NHES") is seeking a waiver from the public notice requirement of the Procurement and Property Rules in order to allow it to enter into a lease agreement with the prospective buyer of its properties located at 300 Hanover Street and 436 Maple Street in Manchester, New Hampshire.

I. Background

NHES has been attempting to sell several surplus properties in Manchester, New Hampshire for a period of three (3) years.<sup>1</sup> In November of 2015, following a competitive RFP process, NHES selected NAI Norwood Realty to serve as its exclusive listing agent in connection with the subject properties. After obtaining Long Range Capital Planning and Utilization Committee ("LRCPUC") approval to sell the properties for their updated appraised values, NHES used Norwood to conduct marketing and to solicit competitive offers for 300 Hanover and 436 Maple Street in March and April of 2016. Based on feedback received from more than one prospective purchaser over time, NHES included the option of submitting offers for 300 Hanover Street that included a lease back of a portion of the property to NHES for continued use as a Local Office.<sup>2</sup>

Following the conclusion of Norwood's marketing efforts and solicitation of offers, NHES has received approval from the Long Range Capital Planning and Utilization Committee to sell 300 Hanover Street and 436 Maple Street to George Attar (or his designated LLC) for a total selling price of \$1,250,000.00. Mr. Attar's offer to purchase the properties is contingent on NHES leasing back approximately 8,000 square feet of space for its Manchester Local Office.

<sup>1</sup> During this time, 300 Hanover Street went under contract twice, but neither deal closed.

<sup>2</sup> Upon the sale of the property, NHES will still have a need for approximately 8,000 square feet of space to operate a Local Office in Manchester, thus the lease back option made sense from both a programmatic and budget perspective.

II. Application of Adm 610.11, Exemption and Waivers from Public Notice Requirement

In connection with requests for waivers of the usual public notice requirement, Adm 610.11(e) provides:

(c) The commissioner shall, on written request of an agency seeking a rental of space at a cost equal to or greater than the governor and council approval threshold, grant a waiver from the notice, response and initial selection requirements set forth in Adm 610.06 and Adm 610.08 if he or she concludes . . . that:

(2) The proposed rental:

a. Relates to space that is, or will, prior to agency occupancy, be renovated, improved, modified or otherwise changed to be in compliance with handicapped accessibility standards, clean air standards, and applicable safety, fire and building codes; and

b. Is in the best interests of the state and can be obtained at a cost that compares favorably to the current price of similar space for rent, or similar space that is currently rented by the state.

(d) In determining, under (c)(2) b. above, whether a rental is in the best interests of the state and can be obtained at a cost that compares favorably to the current price of similar space, the commissioner's assessment shall include, but not be limited to, an assessment of the possible disruption to public access and programs, the state's incurrence of relocation expenses, and lost productivity.

NHES believes that the proposed lease agreement for 300 Hanover Street (which includes parking spaces located at 436 Maple Street) meets all of the requirements of Adm 610.11. NHES' proposed lease space in 300 Hanover Street will, prior to its occupancy as a tenant, be renovated, improved, modified and changed to be in compliance with handicapped accessibility and applicable environmental and safety standards. NHES is currently working with Mary Belec of the Bureau of Plant and Property Management to complete an initial ADA accessibility audit to identify issues that must be addressed prior to approval of the lease.

In terms of price, Mr. Attar has offered an initial five year lease rate of \$20.00 per square foot for the leased space on a gross rent basis. The lease rate is inclusive of tenant improvements to be made by the landlord, taxes, operating costs, utilities, and parking. Based on these factors, which have been reviewed by Norwood Realty, NHES believes that the \$20.00 per square foot lease value compares favorably to the current price of similar space for rent. It is almost identical to the per square foot rent NHES is currently paying on a gross rent basis for its Keene Local Office.

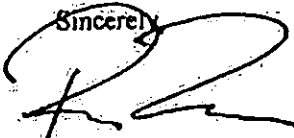

Letter to Commissioner Quiram  
Page 3

In addition, the "best interests" factors listed at Adm 610.11(d) also strongly favor granting the request for waiver. In this case, keeping the Manchester Local Office in its existing downtown location would result in the least possible disruption to public access and programs. It would eliminate the incurrence of relocation expenses and also eliminate or significantly reduce any lost productivity in connection with the lease.

III. Conclusion

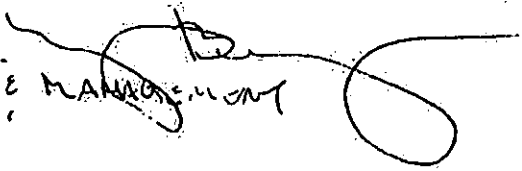

Under all of the circumstances, we believe that the State's best interests are served by granting the waiver and allowing NHES to enter into a lease agreement as proposed in connection with the offer to purchase 300 Hanover Street and 436 Maple Street. Please feel free to contact me with any questions or concerns or if you would like further information:

Thank you for your consideration of this request.

Sincerely,  
  
Richard J. Lavers  
Deputy Commissioner

- A) In the event Tenant has agreed to the Landlord making certain improvements that are not included within those provided at the sole expense of Landlord or not amortized within the Rent, payment shall either be paid in total after Landlord has successfully completed all agreed improvements, or be paid in accordance with a payment schedule which shall withhold a proportion of the total payment until after Landlord has successfully completed the agreed improvements. If any such default of the Landlord does not materially impair the habitability and use of the Premises by the Tenant, the Landlord shall cure such default within thirty (30) days of written notice or within a reasonable alternative amount of time agreed upon in writing by Tenant, failing which, Tenant may terminate this Lease upon ten (10) days written notice to Landlord.
