REQUESTED ACTION

Authorize the Department of Health and Human Services, Division of Public Health Services to enter into an agreement with Strafford Nutrition/Meals on Wheels (Vendor# 260818-B001), 25 Bartlet Street, Suite A, Somersworth, NH, 03878 to implement a sodium reduction and healthy eating project to improve nutrition in congregate and home delivered meal sites, in an amount not to exceed \$15,000, effective upon Governor and Executive Council approval through June 30, 2018. 100% Federal Funds.

Funds to support this project are available in State Fiscal Year 2018 in the following account.

EXPLANATION

The purpose of this agreement is to implement a project, which will improve nutritional content of meals provided at congregate meal sites and meals provided to homebound individuals through menu planning, including planning ways to reduce sodium in meals.

The Contractor will partner with Department staff to assess their current nutrition and sodium reduction practices and then self- identify areas where more healthy options can be included and sodium could be reduced from the meals they serve. Additionally, the Contractor will complete a nutritional analysis, with the assistance of a registered dietitian, utilizing a tool or method approved by the Department, for the following food access areas: meals served in congregate and home delivered meal settings. Upon completion of the analysis, the vendor will create an action plan, with the assistance of a registered dietitian, that outlines specific dates and project responsibilities that will lead to increasing access to healthier food options and reducing sodium in foods available to clients.

According to the Centers for Disease Control and Prevention (CDC), the vast majority of US adults consume more than double the recommended maximum of sodium. As part of New Hampshire's plan on improving health, the implementation of a healthy eating and sodium reduction projects will make more healthy food options available to New Hampshire residents who currently are receiving congregate and/or home delivered meals.

This contract was competitively bid. On April 25, 2018 the Department of Health and Human Services issued a Request for Applications RFA-2018-DPHS-04-SODIU Sodium Reduction and Health Eating. One application was received and scored. Strafford Nutrition/Meals on Wheels was selected to implement this project because their application met all of the requirements listed in the Request for Applications. Additionally, the vendor has a wide customer base that could benefit from the project, which includes individuals who receive meals through Strafford Nutrition/Meals on Wheels. The bid summary is attached.

Should Governor and Executive Council determine not to approve this request, Strafford Nutrition/Meals on Wheels will not be able to increase access to healthier food options to their Meals on Wheels clients. Furthermore, the Department will lose the federal funding available for this project and may lose the opportunity to expand this project to other food service entities in the future.

Area Served: Strafford County and surrounding cities and towns

Source of Funds: 100% Federal Funds CFDA #93.757, U.S. Department of Health and Human Services, Centers for Disease Control and Prevention, State and Local Public Health Actions to Prevent Obesity, Diabetes, Heart Disease and Stroke (PPHF) (FAIN #NU58DP004821)

In the event that Federal Funds become no longer available, no additional General Funds will be requested to support this contract.

However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).
9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and

(5) Termination for Cause

In addition to Paragraph 10 of the standard terms and conditions (P-37) of this Agreement the Covered Entity may immediately terminate the Agreement upon Covered Entity's knowledge of a breach by Business Associate of the Business Associate Agreement set forth herein as Exhibit I. Strafford Nutrition & Meals on Wheels

NOTES TO FINANCIAL STATEMENTS

June 30, 2017

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Nature of Activities

Strafford Nutrition & Meals on Wheels (a not-for-profit, IRC 501(c)(3) corporation) is an Organization that exists to provide daily noontime meals to people over 60 years of age in a congregate setting in the communities of Somersworth, Dover, Rochester, and Farmington, New Hampshire. The program also provides meals on wheels to elderly and disabled persons in their own homes throughout all of Strafford County. The program provides in excess of 475 meals per day.

B. Basis of Accounting

The financial statements have been prepared using the accrual basis of accounting whereby the Organization reports support and revenue when earned and expenses when incurred.

C. Financial Statement Presentation

The financial statements have been prepared in accordance with FASB Accounting Standards Codification ("FASB ASC") No. 958, *"Not-for-Profit Entities – Presentation of Financial Statements."* Under FASB ASC No. 958, the Organization is required to report information regarding its financial position and activities according to the following three classes of net assets:

- Unrestricted net assets - represent expendable resources that are available for operations at management's discretion.
- Temporarily restricted net assets - represent resources restricted by donors as to purpose or by time. As of June 30, 2017, the Organization did not have any temporarily restricted net assets.
- Permanently restricted net assets - represent resources whose use by the Organization is limited by donor-imposed stipulations that neither expire by passage of time nor can be fulfilled or otherwise removed by actions of the Organization. As of June 30, 2017, the Organization did not have any permanently restricted net assets.

D. Use of Estimates

The process of preparing financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions by management regarding certain types of assets, liabilities, revenues, and expenses. Such estimates primarily relate to unsettled transactions and events as of the date of the financial statements. Accordingly, upon settlement, actual results may differ from estimated amounts.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

E. Income Taxes

The Organization is an exempt organization for federal and state income tax purposes under Section 501(c)(3) of the Internal Revenue Code and similar state provisions. The Organization is not classified as a private foundation.

The Organization has adopted the provisions of authoritative guidance regarding accounting for uncertainty in income taxes. The authoritative guidance provides that a tax benefit or liability from an uncertain tax position should be recognized when it is more likely than not that a position will not be sustained upon examination. As of June 30, 2017 management has concluded that the Organization had no uncertain income tax provisions.

The Organization's federal informational returns subject to examination by the IRS, generally for three years after they were filed, include tax years ending in 2017, 2016 and 2015.

F. Property, Plant and Equipment

The Organization's policy is to capitalize significant assets with a useful life greater than one year. Property and equipment is depreciated using the straight-line method. Expenditures for maintenance and repairs are charged against operations. The Organization does not have any assets that meet this criteria.

G. Statement of Cash Flows

The Organization considers all short-term investments with an original maturity of three months or less to be cash equivalents.

H. Advertising

The Organization expenses advertising as incurred. The Organization had no advertising expense for 2017.

I. Accounts Receivable

Accounts receivable is derived primarily from funds requested to be reimbursed from government contracts. These requests are for services and are deemed entirely collectible.

J. Donated Goods and Services

The Organization records donated goods and services that meet the criteria for recognition under generally accepted accounting principles (GAAP) at the estimated fair value of such items.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

K. In-Kind Support

The Organization records various types of in-kind support including facilities, services, and materials donated by volunteers and local citizens in carrying out its mission. The amounts reported as in-kind support are reported in accordance with the grant agreements. Certain amounts may not meet the requirements necessary to be recognized under accounting principles generally accepted in the United States of America. Generally accepted accounting principles allow contributed services to be recognized only if the services received create or enhance nonfinancial assets or require specialized skills, provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation.

2. CASH

At June 30, 2017 the Organization had no deposits in excess of the FDIC insurance limit of \$250,000.

3. DONATED SERVICES

Donated personal services were recorded at a value of \$50,317 during 2017.

4. FUNCTIONAL ALLOCATION OF EXPENSES

The costs of providing the various programs and activities have been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

5. ECONOMIC DEPENDENCY

Approximately 51% of revenues were received through the Division of Elderly and Adult Services for 2017.

6. EVALUATION OF SUBSEQUENT EVENTS

The Association has evaluated subsequent events through October 20, 2017, the date which the financial statements were available to be issued.
