EXPLANATION

The roofing on the visitor's center, tool shed, and ADA pit toilet at Chesterfield Gorge and on the Trails Bureau building at Pisgah State Park are in desperate need of replacement. The present roofing is original to the buildings, which were built in 1966, 1966, 1996 and 1982 respectively, and has deteriorated to a point of no longer being effective at preventing leaks. Therefore, replacement of the roofing materials is necessary to protect the integrity of these buildings.

In April 2014, an invitation to submit bids for roofing replacements on three (3) buildings at Chesterfield Gorge and on one (1) building at Pisgah State Park was issued in accordance with Department of Administrative Services' policy. The bid solicitation was posted on the Division of Purchase and Property's website, the Division of Parks and Recreation's website, and the following construction services' websites: Construction Summary of NH, Infinite Imaging, McGraw Hill Construction, Signature Press and Blueprinting, and Works in Progress. Five (5) contractors attended a mandatory pre-bid meeting on May 8, 2014, of which 3 bid proposals were received on May 15, 2014, and the low bidder was selected. Attached for your information is a summary of the bids received for this project.

The Attorney General's Office has approved this contract as to form, substance and execution.

Respectfully submitted,

Concurred,
