

The State of New Hampshire AUG 18 '21 AM 10:42
Department of Environmental Services

Sam
64

Robert R. Scott, Commissioner

August 16, 2021

His Excellency, Governor Christopher T. Sununu
and The Honorable Council
State House
Concord, NH 03301

REQUESTED ACTION

Approve Donald and Marjorie Bates Family Res Trust 2015's request for a five year permit time extension, in accordance with RSA 482-A:3, XIV-a, to perform work on Lake Winnepesaukee in Alton. File #2016-02163. This project was previously approved by the Governor and Executive Council on December 7, 2016, Item #66, and will not have significant impact on, or adversely affect, the values of Lake Winnepesaukee.

Dredge 22 cu. yd. from 1,230 sq. ft. of lakebed and place dredged sand on 4,525 sq. ft. of adjacent beach area on an average of 394 ft. of frontage in Chestnut Cove, on Lake Winnepesaukee, in Alton.

The New Hampshire Department of Environmental Services (NHDES) finds that the applicant has demonstrated all of the following:

1. The permit for which the extension is being sought has not been revoked or suspended without reinstatement.
2. The extension will not violate a condition of law or rule.
3. The project is proceeding toward completion in accordance with the plans and other documentation referenced in the permit dated October 8, 2016.
4. The applicant proposes reasonable mitigation measures to protect the public waters of the state from deterioration during the period of extension.

The NHDES imposed the following conditions as part of this approval:

1. All work shall be in accordance with plans by Winnepesaukee Marine Construction dated July 21, 2016, as received by DES on July 29, 2016.
2. This permit is not valid and effective until it has been recorded with the appropriate county Registry of Deeds by the applicant. Prior to starting work under this permit, the permittee shall submit a copy of the recorded permit to the DES Wetlands Program by certified mail, return receipt requested.
3. All development activities associated with this project shall be conducted in compliance with applicable requirements of RSA 483-B and N.H. Code of Administrative Rules Env-Wq 1400 during and after construction.

www.des.nh.gov

29 Hazen Drive • PO Box 95 • Concord, NH 03302-0095
NHDES Main Line: (603) 271-3503 • Subsurface Fax: (603) 271-6683 • Wetlands Fax: (603) 271-6588
TDD Access: Relay NH 1 (800) 735-2964

4. Appropriate siltation and erosion controls shall be in place prior to construction, shall be maintained during construction, and shall remain until the area is stabilized. Temporary controls shall be removed once the area has been stabilized.
5. Appropriate turbidity controls shall be installed prior to construction, shall be maintained during construction such that no turbidity escapes the immediate dredge area and shall remain until suspended particles have settled and water at the work site has returned to normal clarity.
6. Any spoil material deposited within 250 feet of any surface water shall comply with RSA-483-B.
7. The contractor responsible for completion of the work shall use techniques described in the New Hampshire Stormwater Manual, Volume 3, Erosion and Sediment Controls During Construction (December 2008).
8. No sand placed on the beach shall be placed below full lake elevation of 504.32.
9. This permit does not allow for dredge below elevation 501.32.

EXPLANATION

The NHDES approved this project on August 3, 2021. The NHDES supported its decision with the following findings:

1. Per Rule Env-Wt 314.05(b), the permittee submitted a written request to the department for an extension of permit 2016-02163 prior to the expiration of the permit.
2. Per Rule Env-Wt 314.05(c)(2), the submitted request included a statement, signed and certified in accordance with Env-Wt 311.11, that: the permit for which extension is sought has not been revoked or suspended without reinstatement; extension of the permit would not violate a condition of law or rule; the project is proceeding towards completion in accordance with plans and other documentation referenced by the permit; the applicant proposes reasonable mitigation measures to protect the public waters of the state from deterioration during the period of extension; and the wetland delineation is still valid pursuant to Env-Wt 406.01(b).
3. Per Rule Env-Wt 314.05(d), as specified in RSA 482-A:3, XIV-a(a), the department finds the permittee has submitted the request as specified in Env-Wt 314.05(b) and (c) and the mitigation measures proposed by the permittee are adequate to protect public waters from deterioration. The department therefore grants one extension of 5 additional years for permit [enter permit number].

Application file documents are being forwarded to the Governor and the Executive Council in connection with their consideration of this matter pursuant to RSA 482-A:3, II(a), as it is a major project in public waters of the state.

We respectfully request your approval of this item.

Robert R. Scott
Commissioner

**REQUEST FOR EXTENSION OF
WETLANDS OR SHORELAND PERMIT**
Water Division/Land Resources Management
Wetlands Bureau

RSA/Rule: RSA 482-A:3 XIV-a; RSA 483-B:5-b, VI/ Env-Wt 314.05

	Administrative Use Only	Administrative Use Only	Permit Not to Extend Beyond New Permit Expiration Date: <u>10/18/2026</u>
			Authorized By:
			Printed Name: <u>Franklin</u>
			Date: <u>8/3/21</u>

Under Wetlands and Shoreland statutes RSA 482-A:3, XIV-a and RSA 483-B:5-b, VI, respectively, an applicant may request an extension of a permit if certain conditions are met (see Section 3). This request must be submitted before the Wetland or Shoreland permit expires. Once the permit expires, it is no longer eligible for an extension. The grey boxes above are for Administrative/Registry of Deeds use.

SECTION 1 - PROJECT INFORMATION

1. **RENEW SURVEYS MANAGEMENT** Review Time below: To determine review time, refer to Guidance Document A for instructions.

- Standard Review (Minimum, Minor or Major Impact) Expedited Review (Minimum Impact only)

2. **MITIGATION REQUIREMENT:**
If mitigation is required a Mitigation-Pre Application meeting must occur prior to submitting this Wetlands Permit Application. To determine if Mitigation is Required, please refer to the Determine if Mitigation is Required Frequently Asked Question.

Mitigation Pre-Application Meeting Date: Month: ___ Day: ___ Year: ___
 N/A - Mitigation is not required

3. **PROJECT LOCATION:**
Separate wetland permit applications must be submitted for each municipality that wetland impacts occur within.

ADDRESS: 54 Red Sands Rd. TOWN/CITY: Alton

TAX MAP: 45 BLOCK: _____ LOT: 1 UNIT: _____

USGS TOPO MAP WATERBODY NAME: Lake Winnepesaukee NA STREAM WATERSHED SIZE: _____ NA

LOCATION COORDINATES (if known): _____ Latitude/Longitude UTM State Plane

4. **PROJECT DESCRIPTION:**
Provide a brief description of the project outlining the scope of work. Attach additional sheets as needed to provide a detailed explanation of your project. DO NOT reply "See Attached" in the space provided below.

~~Dredge slip area and re-cut rocks on end of breakwater.~~
 Wetlands Impact 1230 sq. Ft.

5. **SHORELINE FRONTAGE:**

NA This does not have shoreline frontage. SHORELINE FRONTAGE: 394 +/-'

Shoreline frontage is calculated by determining the average of the distances of the actual natural navigable shoreline frontage and a straight line drawn between the property lines, both of which are measured at the normal high water line.

MUNICIPAL SIGNATURES

12. CONSERVATION COMMISSION SIGNATURE

The signature below certifies that the municipal conservation commission has reviewed this application, and:

1. Waives its right to intervene per RSA 482-A:11;
2. Believes that the application and submitted plans accurately represent the proposed project; and
3. Has no objection to permitting the proposed work.

<input style="width: 100%; height: 100%;" type="text"/>	Print name legibly	Date
---	--------------------	------

DIRECTIONS FOR CONSERVATION COMMISSION

1. Expedited review ONLY requires that the conservation commission's signature is obtained in the space above.
2. Expedited review requires the Conservation Commission signature be obtained prior to the submittal of the original application to the Town/City Clerk for signature.
3. The Conservation Commission may refuse to sign. If the Conservation Commission does not sign this statement for any reason, the application is not eligible for expedited review and the application will reviewed in the standard review time frame.

13. TOWN / CITY CLERK SIGNATURE

As required by Chapter 482-A:3 (amended 2014), I hereby certify that the applicant has filed four application forms, four detailed plans, and four USGS location maps with the town/city indicated below.

<input style="width: 100%; height: 100%;" type="text"/>	Jennifer L. Collins	Alton	7/27/16
Town/City Clerk Signature	Print name legibly	Town/City	Date

DIRECTIONS FOR TOWN/CITY CLERK:

Per RSA 482-A:3:

1. For applications where "Expedited Review" is checked on page 1, if the Conservation Commission signature is not present, NHDES will accept the permit application, but it will NOT receive the expedited review time.
2. IMMEDIATELY sign the original application form and four copies in the signature space provided above;
3. Return the signed original application form and attachments to the applicant so that the applicant may submit the application form and attachments to NHDES by mail or hand delivery.
4. IMMEDIATELY distribute a copy of the application with one complete set of attachments to each of the following bodies: the municipal Conservation Commission, the local governing body (Board of Selectmen or Town/City Council), and the Planning Board; and
5. Retain one copy of the application form and one complete set of attachments and make them reasonably accessible for public review.

DIRECTIONS FOR APPLICANT:

1. Submit the single, original permit application form bearing the signature of the Town/ City Clerk, additional materials, and the application fee to NHDES by mail or hand delivery.

14. IMPACT AREA:

For each jurisdictional area that will be/has been impacted, provide square feet and, if applicable, linear feet of impact

Permanent: impacts that will remain after the project is complete

Temporary: impacts not intended to remain (and will be restored to pre-construction conditions) after the project is complete.

JURISDICTIONAL AREA	PERMANENT Sq. Ft. / Lin. Ft.	TEMPORARY Sq. Ft. / Lin. Ft.
Forested wetland	<input type="checkbox"/> ATF	<input type="checkbox"/> ATF

TOTAL	/	/

15. APPLICATION FEE: See the Instructions & Required Attachments document for further instruction

Minimum Impact Fee: Flat fee of \$ 200

Minor or Major Impact Fee: Calculate using the below table below

Permanent and Temporary (non-docking) 1230 sq. ft. X \$0.20 = \$ 246.00

Temporary (seasonal) docking structure: _____ sq. ft. X \$1.00 = \$ _____

Permanent docking structure: _____ sq. ft. X \$2.00 = \$ _____

Projects proposing shoreline structures (including docks) add \$200 = \$ 200.00

Total = \$ 446.00

The Application Fee is the above calculated Total or \$200, whichever is greater = \$ 446.00

NHB File ID: NHB16-2214

Applicant: Patricia Scribner

Location: Alton
Tax Maps: 45/1

Project Description: Dredge slip area and re-set rocks on end of breakwater.

The NH Natural Heritage database has been checked by staff of the NH Natural Heritage Bureau and/or the NH Nongame and Endangered Species Program for records of rare species and exemplary natural communities near the area mapped below. The species considered include those listed as Threatened or Endangered by either the state of New Hampshire or the federal government.

It was determined that, although there was a NHB record (e.g., rare wildlife, plant, and/or natural community) present in the vicinity, we do not expect that it will be impacted by the proposed project. This determination was made based on the project information submitted via the NHB Datacheck Tool on 7/14/2016, and cannot be used for any other project.
