

## Appeal to Ballot Law Commission

Mr. Gardner,

I would like to appeal the Ward 6 special election to the Ballot Law Commission. I am not asking for a new election or anything like that; I would just like them to look at some of the irregularities of the election. For example:

- 6 absentee ballots have still not been counted
- The key for the state ballot box did not arrive until 14 minutes after the polls had opened. During that time 37 people had cast ballots. I have at least one person who will testify he showed up to vote during that time and was never told there was a state ballot.
- One of my supporters voted during this time, was told to come back later for the state ballot. He left the polling station and returned later to vote. The list was not marked in a certain way and they just handed him a ballot. According to election law once a person leaves the polling station they are not supposed to return.

Again, I am not calling for a new election. I would like the ballots that have not been counted to be counted and I would like the opinion of the Ballot Law Commission on the other issues.

Thank You
