EXPLANATION

This request is made retroactively because of an administrative oversight. The USDA awarded Specialty Crop Block Grants to state departments of agriculture for projects that help support specialty crop growers, including locally grown fruits and vegetables, through research, programs to increase demand, and more. The goal of the awards is to strengthen rural American communities by supporting local and regional markets and improving access to fresh, healthy, and nutritious high quality products for millions of Americans. The Specialty Crop Block Grant Program, administered by AMS, is designed to enhance the markets for specialty crops like fruits, vegetables, tree nuts, dried fruits, horticulture and nursery crops, including floriculture. The Department of Agriculture, Markets & Food (DAMF) received Specialty Crop Block Grant (SCBG) money from the United States Department of Agriculture to fund nine specific projects. The projects were solicited through the RFP process and submitted for review by USDA, Agricultural Marketing Service as part of our state application. The proposal submitted by the Northeast Organic Farming Association – New Hampshire (NOFA-NH) was one of the projects accepted by USDA for funding.

In the event that these Federal funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

Lorraine S. Merrill
Commissioner
