EXPLANATION

Felix Septic Service Inc. will perform septic pumping and disposal services at 2 historic sites, 2 state park facilities, 2 welcome information centers and a warehouse facility in order to prevent damage to wastewater systems. Inspections of the systems will also be performed at the time of pumping to foresee and/or prevent any long term problems. The Department is seeking an additional 20% over the contract

amount as a contingency should any unforeseen septic issue be found once the septic pumping is performed.

In February 2017, an invitation to submit bids for septic pumping and disposal services at 5 historic sites, 44 state park facilities, 8 welcome information centers and 1 warehouse facility located across the State of New Hampshire was advertised on the Department of Administrative Services' website. Seven (7) companies submitted bid proposals of which Felix Septic Service Inc. was the low bid for 2 historic sites, 2 state park facilities, 2 welcome information centers and a warehouse facility. Attached for your information is the entire bid tabulation received for these services.

The Attorney General's Office has approved this contract as to form, substance, and execution.

Respectfully submitted,

Jeffrey J. Rose
Commissioner
