EXHIBIT K to Emergency Order #29

**N.H. Department of Environmental Services, July 2, 2020**

Pursuant to Emergency Order #29, which authorizes temporary modification of executive branch deadlines and requirements, issued pursuant to Section 18 of Executive Order 2020-04 as extended by Emergency Orders 2020-05, 2020-08, 2020-09, and 2020-10, the following is hereby ordered:

Any Wetlands permit issued pursuant to RSA 482-A or Shoreland permit issued pursuant to RSA 483-B that would otherwise have expired between March 13, 2020, and December 30, 2020, shall now expire on December 31, 2021, unless the N.H. Department of Environmental Services ("NHDES") has already granted or does grant a time extension for a longer period as established by statute.

The deadline by which an applicant would otherwise be required to respond to any Request for More Information related to any Wetlands permit application filed pursuant to RSA 482-A or Shoreland permit application filed pursuant to RSA 483-B, where the response would otherwise have been due between April 20, 2020 and October 31, 2020, is hereby extended by 60 days or a date agreed to by the N.H. Department of Environmental Services, whichever is later. To the extent that any statute or rule limits the amount of time NHDES can extend the deadline to respond to a Request for More Information, such limit is also hereby extended by 60 days.

Given under my hand and seal at the Executive Chambers in Concord, this 2nd day of July, in the year of Our Lord, two thousand and twenty, and the independence of the United States of America, two hundred and forty-four.

A handwritten signature in blue ink that reads "Clitch T. Sununu".

**GOVERNOR OF NEW HAMPSHIRE**
