<u>FY2022</u> \$4.375.127.00

EXPLANATION

This contract is **sole source** based on the historical performance for the Community Action Agencies (CAA) in the New Hampshire Fuel Assistance Program (FAP), their outreach and client service capabilities, the synergies that benefit the FAP as a result of the five statewide CAA's implementation of several other federal assistance programs, and the infrastructure that is already in place to deliver FAP services. ENERGY proposes to continue to subcontract with the five CAA's who have successfully provided FAP services at the local level for more than three decades. The CAAs work closely with the ENERGY FAP Administrator if the implementation of the program.

This request is being made to administer the American Rescue Plan Act funds (ARPA) to assist the New Hampshire fuel assistance households in paying their energy bills. These funds are intended to supplement the annual fuel assistance grant award providing additional funding for many N.H. residents working to navigate through the COVID-19 Pandemic. ENERGY is requesting to expend these additional funds by entering into

contracts with the five N.H. Community Action Agencies who will work with energy providers to better assist fuel assistance clients.

The Department of Energy will be tracking these funds independently from the annual block grant, but will be following the normal terms and conditions applicable to the annual block grant.

In the event that these Federal Funds become no longer available, General Funds will not be requested to support this program.

Respectfully submitted,

Jared Chicoine Commissioner

STANDARD EXHIBIT F

The Contractor identified in Section 1.3 of the General Provisions agrees to comply with the provisions of Executive Office of the President, Executive Order 12549 and 45 CFR Part 76 regarding Debarment, Suspension, and Other Responsibility Matters, and further agrees to have the Contractor's representative, as identified in Sections 1.11 and 1.12 of the General Provisions, execute the following Certification:

CERTIFICATION REGARDING DEBARMENT, SUSPENSION, AND OTHER RESPONSIBILITY MATTERS - PRIMARY COVERED TRANSACTIONS

Instructions for Certification

- (1) By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.
- (2) The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Energy's determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
- (3) The certification in this clause is a material representation of fact upon which reliance was placed when NH DOE determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the federal government, NH DOE may terminate this transaction for cause or default.
- (4) The prospective primary participant shall provide immediate written notice to the NH DOE agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
- (5) The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549: 45 CFR Part 76. See the attached definitions.
- (6) The prospective primary participant agrees by submitting this proposal (contract) that should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by NH DOE.
- (7) The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion Lower Tier Covered Transactions," provided by NHDOE, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
- (8) A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Non-procurement List (of excluded parties).
- (9) Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
- (10) Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the federal government, NH DOE may terminate this transaction for cause or default.

NOTE 1 ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (continued)

Basis of Accounting

The consolidated financial statements of the Organization have been prepared utilizing the accrual basis of accounting in accordance with generally accepted accounting principles.

Basis of Presentation

The consolidated financial statements of the Organization have been prepared in accordance with U.S. generally accepted accounting principles (US GAAP), which require the Organization to report information regarding its financial, position and activities according to the following net asset classifications. The classes of net assets are determined by the presence or absence of donor-imposed restrictions.

Net assets without donor restrictions: Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the Organization. These net assets may be used at the discretion of the Organization's Board of Directors.

Net assets with donor restrictions: Net assets subject to stipulations imposed by donors and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of the Organization or by passage of time. Other donor restrictions are perpetual in nature, whereby the donor has stipulated the funds be maintained in perpetuity:

As of May 31, 2021 and 2020, the Organization had net assets without donor restrictions and with donor restrictions.

The financial statements include certain prior year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with generally accepted accounting principles. Accordingly, such information should be read in conjunction with the Organization's financial statements for the year ended May 31, 2020 from which the summarized information was derived.

Refundable Advances

The Organization records grant and contract revenue as refundable advances until it is expended for the purpose of the grant or contract, at which time it is recognized as revenue.

NOTE 1 ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

In-Kind Support

The Organization records various types of in-kind support including professional services and materials. Contributed professional services are recognized if the service received creates or enhances long-lived assets or requires specialized skill, are provided by individuals possessing those skills; and would typically need to be purchased if not provided by donation. Contributions of tangible assets are recognized at fair value when received.

Estimates

The presentation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

For purposes of the statement of cash flows, the Organization considers all liquid investments purchased with original maturities of three months or less to be cash equivalents.

The following table provides a reconciliation of cash and restricted cash reported within the statements of financial position that sum to the total in the statements of cash flows as of May 31:

	<u>2021</u>	<u>2020</u>
Cash escrow and reserve funds	\$ 1,722,941 \$ 	1,400,153 809,897
Total cash and restricted cash	<u>\$ 3.194.682</u>	\$ 2:210.050

Accounts Receivable

Accounts receivable are stated at the amount management expects to collect from balances outstanding at year end. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to accounts receivable. The allowance for uncollectible accounts was estimated to be zero at May 31, 2021 and 2020. The Organization has no policy for charging interest on overdue accounts.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS: FOR THE YEARS ENDED MAY 31, 2021 AND 2020

NOTE 1 ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Current Vulnerability Due to Certain Concentrations

The Organization is operated in a heavily regulated environment. The operations of the Organization are subject to the administrative directives, rules and regulations of federal, state and local regulatory agencies. Such administrative directives, rules and regulations are subject to change by an act of Congress or Legislature. Such changes may occur with little notice or inadequate funding to pay for the related cost, including the additional administrative burden, to comply with a change. For the years ended May 31, 2021 and 2020, approximately 71% and 69%, respectively, of the Organization's total revenue was received from government agencies. The future nature of the Organization is dependent upon continued support from the government.

Concentration of Credit Risk

The Organization maintains its cash accounts in several financial institutions, which at times may exceed federally insured limits. The Organization has not experienced any losses in such accounts and believes it is not exposed to any significant risk with respect to these accounts.

Property and Depreciation

Purchased property and equipment are stated at cost at the date of acquisition of at fair value at the date of receipt in the case of donated property. The Organization generally capitalizes and depreciates all assets with a cost greater than \$5,000 and an expected life greater than one year. Depreciation is provided for using the straight-line method in amounts designed to amortize the cost of, the assets over their estimated useful lives as follows:

Buildings and improvements	10 - 40 Years
Vehicles and equipment	5 - 10 Years
Furniture and fixtures	7 Years

The use of certain assets is specified under the terms of grants received from agencies of the federal government. These grants also place liens on certain assets and impose restrictions on the use of funds received from the disposition of the property. Depreciation expense for the years ended May 31, 2021 and 2020 totaled \$909,155 and \$663,252, respectively.

Advertising

The Organization expenses advertising costs as incurred.

Tax benefit from loss carryforwards Valuation allowance	\$271,025 (<u>271,025</u>).	\$246,404 (246,404)
Deferred tax asset	\$ <u>-</u>	(\$;

Drewsville, Troy Senior, Winchester, Keene East Side, Swanzey, Snow Brook, Keene Highland, and Warwick are taxed as partnerships. Accounting Standard Codification No. 740; "Accounting for Income Taxes," established the minimum threshold for recognizing, and a system for measuring, the benefits of tax return positions in financial statements. Management has analyzed the Organization's tax position taken on its income tax returns for all open years and has concluded that no additional provision for income taxes is necessary in the Organization's financial statements.

NOTE 1 ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Fair Value of Financial Instruments

FASB ASC Topic No. 820-10, Financial Instruments, provides a definition of fair value which focuses on an exit price rather than an entry price, establishes a framework in generally accepted accounting principles for measuring fair value which emphasizes that fair value is a market-based measurement, not an entity-specific measurement, and requires expanded disclosures about fair value measurements. In accordance with ASC 820-10, the Organization may use valuation techniques consistent with market, income and cost approaches to measure fair value. As a basis for considering market participant assumptions in fair value measurements. Topic 820-10 establishes a fair value hierarchy, which prioritizes the inputs used in measurements and the lowest priority to Level 3 measurements. The three levels of the fair value hierarchy under ASC Topic 820-10 are described as follows:

Level 1 - Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date.

Level 2 - Inputs to the valuation methodology are other than quoted market prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies.

Level 3 - Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

The carrying amount of cash, accounts receivables, prepaid expenses, accounts payable, account expenses, and refundable advances approximates fair value because of the short maturity of those instruments.

Révenue Récognition

Amounts received from conditional grants and contracts received for specific purposes are generally recognized as income to the extent that related expenses and conditions are incurred or met. Conditional grants received prior to the conditions being met are reported as refundable advances. Contributions of cash and other assets are reported as with donor restrictions if they are received with donor imposed stipulations that limit the use of the donated assets. However, if a restriction is fulfilled in the same period in which the contribution is received, the Organization reports the support as without donor restrictions.

NOTE 1 ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Revenue Recognition (continued)

Program Service Revenue

Program service revenue is recognized as revenue, when the services are performed.

Rental!Revenue

The Organization derives revenues from the rental of apartment units. Revenues are recognized as income, monthly, when rents become due and control of the apartment units is transferred to the lessees. The individual leases are for a term of one year and are cancelable by the tenants. Control of the leased units is transferred to the lessee in an amount that reflects the consideration the Partnership expects to be entitled to in exchange for the leased units. The cost incurred to obtain a lease will be expensed as incurred.

Performance Obligations and Contract Assets and Liabilities

The performance obligations related to the lease contracts and program services are satisfied at a point in time. Revenue from performance obligations satisfied at a point in time consist of monthly rental payments and fees for program services. There are no contract assets or liabilities for the years ended May 31, 2021 and 2020.

New Accounting Pronouncement

In May 2014, FASB issued ASU 2014-09 (Topic 606) — Revenue from Contracts with Customers. The ASU and all subsequently issued clarifying ASUs replaced most existing revenue recognition guidance in U.S. GAAP. The ASU also requires expanded disclosures relating to the nature, amount, timing, and uncertainty of revenue from cash flows arising from contracts with customers. The Organization adopted the new standard effective June 1, 2020, the first day of the Organization's fiscal year using the modified retrospective approach. The adoption did not result in a change to the accounting for any of the applicable revenue streams; as such, no cumulative effect adjustment was recorded. See revenue recognition policy above.

Functional Allocation of Expenses

The costs of providing the various programs and other activities have been summarized on a functional basis. Natural expenses are defined by their nature, such as salaries; rent, supplies, etc. Functional expenses are classified by the type of activity for which expenses are incurred, such as management and general and direct program costs. Expenses are allocated by function using a reasonable and consistent approach that is primarily based on function and use.

4 NOTE 2 BANK LINE OF CREDIT

The impact of the novel coronavirus (COVID-19) and measures to prevent its spread are affecting the Organization's operations. The significance of the impact of these disruptions, including the extent of their adverse impact on the Organization's financial operational results, will be dictated by the length of time that such disruptions continue and, in turn, will depend on the currently unknowable duration of the COVID-19 pandemic and the impact of governmental regulations that might be imposed in response to the pandemic. The Organization's business could also be impacted should the disruptions from COVID-19 lead to changes in consumer behavior. COVID-19 also makes it more challenging for management to estimate future performance of the businesses, particularly over the near to medium term.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL.
OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED.
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS.

To the Board of Directors of Southwestern Community Services, Inc. Keene, New Hampshire

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the consolidated financial statements of Southwestern Community Services, Inc. (a New Hampshire nonprofit corporation) and related companies, which comprise the consolidated statement of financial position as of May 31, 2021, and the related consolidated statements of activities; functional expenses, and cash flows, for the year then ended, and the related notes to the consolidated financial statements, and have issued our report thereon dated October 22, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the consolidated financial statements, we considered Southwestern Community Services, Inc.'s Internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the consolidated financial statements, but not for the purpose of expressing an opinion on the effectiveness of Southwestern Community Services, Inc.'s internal control. Accordingly, we do not express an opinion on the effectiveness of Southwestern Community Services, Inc.'s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's consolidated financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

To the Board of Directors of Southwestern Community Services, Inc. Keene New Hampshire

Report on Compliance for Each Major Federal Program.

We have audited Southwestern Community Services, Inc. s. (a New Hampshire nonprofit corporation) compliance with the types of compliance requirements described in the OMB Compliance Supplement that could have a direct and material effect on each of Southwestern Community Services, Inc.'s major federal programs for the year ended May 31, 2021. Southwestern Community Services, Inc. is major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the federal statutes, regulations, and the terms. and conditions of its federal awards applicable to its federal programs.

. Auditors' Responsibility.

Our responsibility is to express an opinion on compliance for each of Southwestern Community's Services, Inc.'s major federal programs based on jour audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, and Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about 'Southwestern' Community Services, Inc.'s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each. major federal program. However, our audit does not provide a legal determination of Southwestern Community Services, Inc.'s compliance.

Opinion on Each Major Federal Program

In our opinion, Southwestern Community Services, Inc. complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended May 31, 2021.

Report on Internal Control Over Compliance

Management of Southwestern Community Services, Inc. is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above in planning and performing our raudit of compliance, we considered Southwestern Community Services, Inc.'s internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Southwestern Community Services, Inc.'s internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that were not identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
