Dept Environmental Services, Drinking Water and Groundwater Trust, Grants Non-Federal	\$165,000

EXPLANATION

The Drinking Water and Ground Water Trust Fund was created in 2016, using \$276 million of MtBE trial judgement funds, as authorized by RSA 485-F. The purpose of the Trust Fund is to provide sustainable, long-term funding for the protection, preservation, and enhancement of the drinking water and groundwater resources of the state. The Drinking Water and Groundwater Advisory Commission was established to administer the Trust Fund and to provide guidance to the State on the use of the Trust Fund.

On August 30, 2018, the Advisory Commission voted to authorize grants and loans for nineteen drinking water improvement projects. The Conway Village Fire District's Main Street Water Main Replacement Project request for \$165,000 was selected for grant funding from the Drinking Water and Groundwater Trust Fund. The District will use the grant funds to replace water main along Main Street in order to provide redundant flows, improve pressures and fire flows in the downtown area and eliminate any lead jointed pipes. This is part of a combined project with the NH Department of Transportation and has received loan funding from the Drinking Water State Revolving Loan Fund.

This agreement has been approved by the Attorney General's Office as to form, substance and execution.

We respectfully request your approval.

Robert R. Scott
Commissioner
