March 4, 2016

Her Excellency, Governor Margaret Wood Hassan  
and the Honorable Council  
State House  
Concord, New Hampshire 03301

**REQUESTED ACTION**

Authorize the Department of Administrative Services to exercise its option to extend the State's Contract with Sprint Solutions, Inc of Overland Park, KS, Vendor Code 207065 P001, originally approved by Governor and Executive Council on March 6, 2013, item 5D, for the provision of Wireless Cellular Telephone and Data Services by extending the end date only for a period of three (3) months, with all other terms and conditions remaining unchanged. The amendment shall be effective upon Governor and Executive Council approval for the period of April 1, 2016 through June 30, 2016. No additional funding is required.

**EXPLANATION**

The State currently utilizes four contracts for Wireless Cellular Telephone and Data Services which are set to expire on March 31, 2016. In order to provide for the continuation of these essential services the Department, through the Bureau of Purchase and Property, released a solicitation for bids on January 6, 2016. Responses were opened on February 12, 2016. It is the Department's intent to enter into multiple contracts with various vendors in order to ensure optimal coverage and functionality for the utilizing State agencies. In order to evaluate the responses and create new contract for review, signatures, and approvals the Department needs additional time beyond the current March 31, 2016 expiration.

The cellular data services are important to the operation of stationary wireless equipment and mobile devices primarily used by the Department of Transportation, the Department of Environmental Services and the Department of Safety. Based on the foregoing, I am respectfully recommending approval of the amendment with Sprint Solutions, Inc.

Respectfully Submitted,

Vicki V. Quiram  
Commissioner

In some instances, these efforts will result in the need to ultimately replace or sunset certain offerings or technologies. In such event, Contractor will undertake such efforts in a customer-focused and commercially reasonable manner. Accordingly, Contractor reserves the right, in its sole discretion, after providing the State with a sixty (60) day notice to discontinue any Product, Service, Business Plan, device or handset without either party being in breach of the Contract or incurring early termination liability relating to the discontinuance of the

The form of Contractor's notice may include without limitation, providing written notice to any address listed in the Contract for Customer or any address Contractor uses for billing or as set forth in an Order. Customer agrees that such notice is reasonable and sufficient notice of Contractor's pending action.

#### **Introduction of New Technology**

Whenever such changes are made, the State may request sample equipment to verify that services operate within the parameters of the contract.

The presentation of any new service not current in any resulting contract shall require the issuance of a contract amendment after the service is accepted by the State.
