This contract is sole source pursuant to RSA 4-C:8, which authorizes OEP to provide technical assistance through financial grants to each of the nine regional planning commissions in the state. Regional planning commissions were established by the state in 1968 and play an important role in the coordination of planning efforts between the state, regional and local levels.

This funding will support technical assistance, education and outreach to SRPC communities, review developments of regional impact, and contribute to the preparation of a regional economic development plan
