EXPLANATION

Governor and Council action as item #39A on March 30, 2011 approved the original lease agreement for the location of our current Littleton Local Job and Information Center at 646 Union Avenue, Littleton for a period of five (5) years ending April 30, 2016. NHES is requesting approval to amend the current lease to provide an additional six (6) months of occupancy; providing time in which to complete promulgation and submittal of a new lease possibly at a new location. The base rental of this office space remains at \$12.00 per square foot or \$6,510 monthly which includes landlord paid heat and electricity as well as other landlord paid services including general maintenance, snowplowing, water/sewer, etc. Additional costs to NHES would be associated with janitorial and dumpster services. Additional costs for janitorial and dumpster services are estimated at \$7,400 or approximately \$1.14. per square foot. These expenses bring the estimated cost per square foot to \$13.14. Attached is a copy of the Governor and Council request for the original lease.

Approval of this lease amendment will allow the Department to continue to provide uninterrupted services to the region.

Respectfully submitted,

George N. Copadis

This Agreement (the "Amendment") is dated, January 26, 2016 and is by and between the State of New Hampshire acting by and through New Hampshire Employment Security, (the "Tenant") and Littleton Area Learning Center, LLC, (the "Landlord") c/o Northern Community Investment Corporation (NCIC) 347 Portland Street, St. Johnsbury, VT, 05819.

Whereas, pursuant to a five-year Lease agreement (hereinafter called the "Agreement"), for 6,510 square feet of space located in the building known as the "Littleton Area Learning Center", 646 Union Street, Littleton, New Hampshire which was approved by the Governor and Executive Council on March 20, 2011, item #39A, the Landlord agreed to lease certain premises upon the terms and conditions specified in the Agreement and in consideration of payment by the Tenant of certain sums specified therein; and

Whereas, the Landlord and Tenant are agreeable to a holdover term to facilitate the Tenant's finalization of their "Request for Proposal" (RFP) process, and;

The Tenant will need up to six (6) months to complete this process and obtain authorization of any subsequent lease contract, however, the Agreement expires well in advance of this, and;

NOW THEREFORE, in consideration of the foregoing and the covenants and conditions contained in the Agreement as set forth herein, the Landlord and Tenant hereby agree to amend the Agreement as follows:

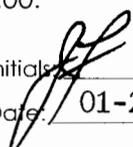

Amendment of Agreement

3.1 (b): After the initial sixty (60) days of the amended Term the Tenant shall have the option to terminate this agreement early; in such instance the Tenant shall serve the Landlord at least thirty (30) days advance written notice of the intended termination date.

To The Honorable Governor John Lynch and Members of the Executive Council:

Requested Action
Recommendation Regarding Lease Approval

Tenant: New Hampshire Employment Security
Location: 646 Union Street, Littleton Area Learning Center, Littleton, NH 03561
Landlord: Littleton Area Learning Center LLC, c/o NCIC 347 Portland Street, St. Johnsbury VT, 05819
Term: May 1, 2011 – April 30, 2016

The Architectural Barrier-Free Design Committee respectfully recommends that the subject **renewal lease** for approximately 5,445 square feet be **approved with the following conditions:**

1. Any renovations must be completed in compliance with Exhibit D of the Lease Agreement and with all applicable building codes, including but not limited to the Code for Barrier-Free Design for the State of New Hampshire (IBC 2006 and ICC/ANSI A117.1-2003 (ANSI) citations), the State Building Code (IBC 2009 and ICC/ANSI A117.1-2003 (ANSI), and NFPA 101 v.2003 citations), and the Americans with Disabilities Act Standards for Accessible Design (ADAAG citations). As directed by the Architectural Barrier-Free Design Committee, renovation plans shall be submitted to the local authority having jurisdiction (i.e. the Building Inspector) for prior approval.

The Landlord shall, no later than thirty (30) days after the inception of the renewal lease term:

2. In the existing public single-use toilet room identified as the "Men's Room" install a new water closet that complies with the following conditions or modify the existing water closet to comply with the following conditions:
 - (a) Provide a water closet seat height of 17 inches to 19 inches above the floor, in compliance with **ANSI 604.4**. The existing water closet seat is too low, at 15 inches above the floor. **This is an unmet condition from the previously submitted letter of recommendation dated February 21, 2006.**
 - (b) Provide a water closet flush lever that is located on the open side of the room, rather than at the current wall site, in compliance with **ANSI 604.6**. **Note:** Provision of an automated flush device is an acceptable alternative for this condition.

3. At the existing drinking fountain located adjacent to the public rest rooms provide a "touch on cane" detectable warning in compliance ANSI 307.2 by installing a heavy duty rubber mat placed directly below the drinking fountain. The height of the mat shall be no more than ¼-inch with a beveled edge. The drinking fountain protrudes more than 4" into the path of travel. A "detectable warning" is required so that individuals who are blind will be made aware of the fountain protruding into the path of travel. ***This is an unmet condition from the previously submitted letter of recommendation dated February 21, 2006.***
4. In the existing multi-stall staff toilet rooms, the accessible toilet stalls shall be modified to provide the following:
 - (a) Door pull handles, operable by a single hand per ANSI 309, and preferably by a closed fist, shall be provided and installed within ANSI 308 reach range on the interior and exterior of each of the wheelchair accessible stall doors.
 - Lower the existing coat hooks provided on the inside surface of each of the doors to the wheelchair accessible stalls or install additional coat hooks so that each coat hook is mounted no higher than 48 inches from the floor, in compliance with ANSI 308.
5. In the staff kitchen/break room:
 - (a) Lower the sink so that the top of the sink, or the counter it is mounted in, is no higher than 34 inches from the floor per ANSI 606.2.
 - i. Insulate the pipes beneath the sink, in compliance with ANSI 606.6.
 - (b) If the cooktop is to remain, it must comply with ANSI 804.6.4.

Not later than June 30, 2011 the Landlord shall modify the parking lot and path of travel to the public entry per conditions #6 and #7, below. Prior to commencement of work the Landlord shall provide a dimensioned or to-scale drawing depicting the proposed design of the parking lot to the State of New Hampshire Architectural Barrier-Free Design Committee for their review and approval.

6. Provide and install accessible parking spaces with access aisles and appropriate signage:
 - (a) Per IBC 1106.5, provide at least one accessible parking space for every twenty-five (25) parking spaces in the parking lot. At least one in every six accessible spaces provided must be designed as a "van accessible" parking space.
 - i. Provide at least one "van accessible" parking space that is at least 8 feet wide with an adjacent access aisle that is at least 8 feet wide and located on the "passenger side" of the van-accessible parking space. ***NOTE: One 8-foot wide access aisle may be shared by two accessible parking spaces.***
 - (1) Per the requirements of ANSI 502.7 provide a sign that is mounted on a post with the bottom edge at least 60 inches above the parking lot and located directly in front of each accessible parking space. The sign shall read "RESERVED" and "VAN-ACCESSIBLE" with the universal symbol of accessibility (wheelchair symbol) located between these two terms. ***This is an unmet condition from the previously submitted letter of recommendation dated February 21, 2006.***
 - (2) Directly in front of each access aisle post a sign that reads "NO PARKING."

ii. Provide at least one standard accessible parking space that is at least 8 feet wide with an adjacent access aisle that is at least 5 feet wide and located on the "driver's side" of the standard accessible parking space. *NOTE: One 5-foot access aisle may be shared by two accessible parking spaces.*

(1) Per the requirements of **ANSI 502.7** provide a sign that is mounted on a post with the bottom edge at least 60 inches above the parking lot and located directly in front of each accessible parking space. The sign shall read "RESERVED" which shall be printed above the universal symbol of accessibility (wheelchair symbol).

(2) Directly in front of each access aisle post a sign that reads "NO PARKING."

iii. Per the requirements of **ANSI 502.4.1** provide a designated pedestrian "path of travel" leading from the furthest access aisle to the accessible public entrance. This path shall be designated by diagonal lines painted on the ground that delineate a path of travel that is at least 36 inches wide.

7. For the surface of the accessible parking spaces and their adjacent access aisles, and the walking surface from the access aisles to the entrance door, repair any cracks or gaps or uneven surfaces to comply with **ANSI 302**. *This is an unmet condition from the previously submitted letter of recommendation dated February 21, 2006.*

These recommendations are based upon the site-survey submitted to the Architectural Barrier-Free Design Committee and the assurances of the leasing agency's designated contact person that this facility will be accessible upon compliance with the above conditions.

Should future inspection prove that areas of non-compliance exist; the agency should seek advisory assistance from the Architectural Barrier-Free Design Committee and contact the Bureau of Planning and Management for any necessary assistance negotiating and/or providing remedy for any non-complying areas.

Respectfully Submitted and Approved by the **Architectural Barrier-Free Design Committee:**
