REQUESTED ACTION

Authorize the New Hampshire Police Standards & Training Council (NHPSTC) to accept and expend a 2013 State Agency Homeland Security Grant Award from the NH Department of Safety in the amount of \$8,500 for the purpose of extending system warranty and functionality of an advanced interactive use of force simulator used for training NH police officers. Effective upon Governor and Council approval through August 31, 2015. 100% Agency income.

Funds are to be budgeted in account titled:

06-87-87-08700-89020000 Law Enforcement Terrorism Prevention

EXPLANATION

NH Police Standards and Training through a previous grant award received and installed a Virtra 300 use of force simulator which is currently being used to train NH law Enforcement officers in responding to force situations. Unfortunately, this nation has had to come to grips with acts of terrorism by both domestic and international persons or groups and acts of mass violence within schools, workplaces and other gathering areas such as shopping centers. Incorporating this interactive use of force simulator into our law enforcement training programs helps better prepare

officers in how to respond to such acts quickly and effectively in order to stop or limit loss of life and/or damage to property and critical infrastructure.

This grant award will allow us to purchase and maintain an extended warranty on the system to prevent or reduce any system downtime which could adversely affect the training schedule of our certification and in-service programs. This warranty extension will cover through October 30, 2015. We expect to receive additional funding in a future grant award to purchase the remaining period of warranty that will take us through the current biennium. The original cost of the simulator was \$273,199.00.

This agreement has no general fund impact. We respectfully request your approval for this agreement.

Respectfully Submitted,
