03-44-44-444010-2514-026-500251	\$1,500
Dept. Environmental Services, Brownfields Response Program, Organizational Dues	
03-44-44-444010-1400-026-500251	\$1,000
Dept. Environmental Services, Oil Pollution Control, Organizational Dues	

EXPLANATION

The Association of State and Territorial Solid Waste Management Officials (ASTSWMO) is an organization supporting the environmental agencies of the States. ASTSWMO focuses on the needs of State hazardous waste programs; non-hazardous municipal solid waste and industrial waste programs; sustainability, recycling, waste minimization and reduction programs; Superfund and State cleanup programs; waste management and cleanup activities at federal facilities; and underground storage tank and leaking underground storage tank programs. Membership provides substantial benefits to New Hampshire and its citizens. This request is **retroactive** because payment prior to the October 1, 2019 start of the membership period was impacted by the continuing resolution.

Listed below are answers to standard questions required for Governor and Council organization dues and membership approval submissions:

www.des.nh.gov

PO Box 95, 29 Hazen Drive, Concord, NH 03302-0095

Telephone: (603) 271-2905 Fax: (603) 271-2456 TDD Access: Relay NH 1-800-735-2964

1. **How long has this organization been in existence and how long has this agency been a member of this organization?** The Association of State and Territorial Solid Waste Management Officials (ASTSWMO) was incorporated in 1974, and has maintained a full time office in Washington, DC, since 1980. NHDES-Waste Management Division has been a member since about 1980.
2. **Is there any other organization which provides the same or similar benefits which your agency belongs to?** No
3. **How many other state's belonging to this organization and is your agency the sole New Hampshire state agency that is a member?** All 50 states and Puerto Rico are members. NHDES is the sole New Hampshire agency that is a member.
4. **How is the dues structure established? (Standard fee for all states, based on population, based on other criteria, etc)** The dues are a standard fee for all states. The bulk of the funding for ASTSWMO comes from federal grants.
5. **What benefit does the state receive from participating in this membership?**
ASTSWMO holds two general membership meetings per year and several workshops for specific program areas of high interest. All non-travel expenses and the majority of travel expenses are reimbursed by ASTSWMO. ASTSWMO provides a steady flow of services and program information, works closely with the U.S. Environmental Protection Agency to ensure members are aware of current developments related to their programs, and coordinates the work of State regulators with that of their federal counterparts. ASTSWMO also represents the interests of its members in Washington, DC. While no single entity can speak for all State waste programs, the capability of consolidating similar views and ensuring that State managers have the opportunity to speak in unison on important waste management issues enhances their ability to influence national decision-making.
6. **Are training or educational/ research materials included in the membership? If so, is the cost included? Explain in detail.** Yes. All the materials associated with the benefits provided in response to question 5. are provided free of charge.
7. **Is the membership required to receive any federal grants or required in order to receive or participate in licensing or certification exams? Explain.** No.
8. **Is there any travel included with this membership fee? Explain in detail any travel to include the number of employees involved, the number of trips, destination if known and purposes of membership supported trips.** Yes. ASTSWMO-reimbursed travel (generally in the amount of up to \$1000 per meeting, per participant) and all benefits presented above are included with this membership fee. Details of travel are as follow:

Annual Meeting	Washington, D.C.	2 days	1-3 staff
Mid-Year Meeting	(Changes)	2 days	1-3 staff
UST Subcommittee (1-2 mtgs)	(Changes)	2 days/mtg	1 staff

9. **Which state agency employees are directly involved with this organization? (Indicate if they are members, voting members, committee members, and/or officers of the organization.**

Michael Wimsatt	Director, Waste Management Div.	Voting Member
Matthew Jones	Supervisor, Tanks Compliance	Committee Chair/Member

10. **Explain in detail any negative impact to the State if the Agency did not belong to this organization.**

Waste Management Division staff are professional engineers, hydrogeologists, and scientists addressing the solid and hazardous waste issues confronting New Hampshire. ASTSWMO's most important role is to assist States in learning from and working with other State peers. Loss of this cost-effective membership would significantly diminish the effectiveness of the Department's waste programs.

We respectfully request your approval.

Robert R. Scott
Commissioner
