EXPLANATION

This request is **Sole Source** because this contract amendment puts the cumulative value of all of the agency's contracts with this Contractor in this fiscal year above the applicable threshold delineated in MOP 150; therefore G&C approval of this contract is required. The Department needed to quickly obtain a pharmacy service for the Philbrook Adult Transitional Housing program, which was developed with urgency in 2020 in response to the emergency department boarding crisis. As a result, the Department entered into a minor in-house contract with Northeast Pharmacy Services, LLC. The Department is requesting to add funding as actual costs are higher than anticipated and to exercise a renewal option to extend the contract to permit sufficient time for the Department to develop and procure services through a competitive bid process.

The purpose of this request is to continue pharmaceutical and medical supply services for the Philbrook Adult Transitional Housing Program; add the requirement for immunization attestations for all Contractor staff providing services through this agreement, in accordance with the Center for Disease Control recommendations; and to clarify processes for service billing.

The Contractor provides pharmaceutical and medical supply services to individuals participating in the Philbrook Adult Transitional Housing Program. Approximately 100 individuals are served annually.

The Contractor fills and distributes prescribed and over-the counter medications for individuals receiving services at the Philbrook Adult Transitional Housing Program, which are prescribed by medical healthcare providers. Additionally, the Contractor provides medical supplies to individuals participating in the Philbrook Adult Transitional Housing Program, as requested by healthcare providers. The Contract also ensures that emergency pharmaceutical delivery services are available 24 hours per day, 7 days per week.

The Department monitors contracted services to ensure:

- Routine medications and medical supplies are provided within 24 hours of client's admission.
- Medications are accurately labeled and include patient instructions as prescribed.
- Emergency pharmaceuticals are provided within 4 hours of receiving the requests.

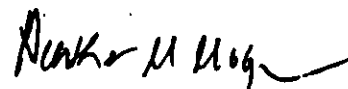

As referenced in Exhibit A, Revisions to Standard Contract Provisions, Paragraph 1., Revisions to Form P-37, General Provisions, Subparagraph 1.2., of the original contract, the parties have the option to extend the agreement for up to three (3) additional years, contingent upon satisfactory delivery of services, available funding, agreement of the parties and Governor and Council approval. The Department is exercising its option to renew services for one (1) of the three (3) years available.

Should the Governor and Council not authorize this request individuals participating in the Philbrook Adult Transitional Housing Program may go without medically necessary prescriptions and medical supplies. Not having necessary prescriptions and medical supplies may result in increased risks for illnesses, injuries, and/or possible deaths.

and the Honorable Council

- f. Within five (5) business days of receipt of a written request from Covered Entity, Business Associate shall make available during normal business hours at its offices all records, books, agreements, policies and procedures relating to the use and disclosure of PHI to the Covered Entity, for purposes of enabling Covered Entity to determine Business Associate's compliance with the terms of the Agreement.
