Requested Action

Pursuant to RSA 21-P:12-a, the Department of Safety, Division of Fire Standards and Training and Emergency Medical Services (FSTEMS) requests authorization to enter into a grant agreement with the City of Concord (VC#177376-B005) for a total amount of \$145,475.00 for the purpose of continuing a mobile integrated healthcare (MIH) program called NH Project FIRST. Effective upon Governor and Council approval through September 29, 2021. Funding source: 100% Federal Funds.

Funding is available in the SFY 2021 operating budget as follows:

02-023-023-237010-44570000	Dept. of Safety – FSTEMS – 100% Nat'l Fire Academy Grant (FR-CARA)	<u>SFY 2021</u>
072-500574	Grants to Local Gov't - Federal	\$145,475.00
Activity Code: 23SAMHSA21		

Explanation

This grant will allow the City of Concord to provide uninterrupted service of the mobile integrated healthcare (MIH) program called NH Project FIRST (First responders Initiating Recovery, Support, and Treatment). This project is designed to use specially trained first responders to connect at-risk individuals and their support networks to treatment and other services; train at-risk individuals and their support networks on overdose emergency care, including the use of naloxone; increase the number of first responders trained to carry and administer naloxone; and increase naloxone distribution to at-risk individuals and their support networks.

Since receiving grant funding, the City of Concord has hired a full-time first responder to implement the mobile integrated healthcare (MIH) program and has conducted outreach to at-risk individuals and their support networks. Since April 2019, Concord has trained 189 first responders on opioid use disorder and compassion fatigue. The opioid use disorder training provides education on recognizing and understanding opioid dependence and how to connect individuals to treatment. Compassion fatigue training educates first responders to recognize the signs and symptoms of stress and the effects on personal and professional performance. Concord has held 25 community events and has trained 360 community members on opioid use disorder, naloxone administration, CPR, and the Good Samaritan Law. Concord has trained 18 support networks of at-risk individuals on naloxone administration, CPR, rescue breathing, and the Good Samaritan Law; distributed 490 naloxone kits to at-risk individuals and their support networks; and developed, and implemented a system to track aspects of the NH Project FIRST program, including funding, patient referral interactions, naloxone distribution, and overdose specificity. Earlier this year, Concord expanded its NH Project FIRST program to the Capital Area which includes 23 communities. Concord has trained four towns on opioid use disorder and distributed 31 naloxone kits to towns in this catchment area. Moreover, the City has successfully integrated with the Doorway-NH at Concord Hospital, has referred 53 at-risk individuals and support networks to services, and has had six successful referrals to treatment. In addition, Concord will be awarded up to 750 naloxone kits, 400 of which are valued at \$90 per kit and 350 of which have an estimated value of \$95.00 per kit, for a total in-kind award of \$69,602.00. These naloxone kits were purchased by the Division using SAMHSA grant funds.

The grant listed above is funded from the FFY 2021 First Responder Comprehensive Addiction and Recovery Act, which was awarded to the Department of Safety, Division of Fire Standards and Training and Emergency Medical Services (FSTEMS) from the U.S. Department of Health and Human Services' Substance Abuse and Mental Health Services Administration (SAMHSA).

Grant guidance and applications are available to all New Hampshire licensed emergency medical services (EMS) units. Subrecipients submit applications to this office, which are reviewed by FSTEMS FR-CARA Staff, the FR-CARA Advisory Committee, and approved by the FSTEMS Director. The criteria for approval are based on grant eligibility in accordance with the grant's current guidance and the documented needs of the local communities.

The First Responder Comprehensive Addiction and Recovery Act (FR-CARA) grants are 100% federally funded by SAMHSA with no match requirement. In the event that Federal Funds are no longer available, General Funds and/or Highway Funds will not be requested to support this program.
